Punitive Expedition on Mexican Soil in Pursuit of Villa.

Gen. John J. Pershing

The man who leads them all into Mexico.

Gen. John J. Pershing is in command of the punitive expedition which was officially reported by the Secretary of War to have crossed the Mexican border yesterday in quest of Villa "dead or alive." The forces of Gen. Carranza, Secretary Baker's announcement reads, "appear" to be co-operating with the American troops. The upper panel, two views of the United States forces photographed on the border at Columbus, N. M. It is supposed, but not officially made known, that these men are with Gen. Pershing's expedition. The photo of Gen. Pershing was taken only a few days ago at El Paso.

Double Trouble.

INVASION IS INTERVENTION, FIXED IDEA IN MEXICO.

Sentiment is Unanimous that War With the United States is Certain.

General Upheaval of Resistance is Likely to Occur at Any Moment on the Part of the Whole Native Population—If Real War Comes, Remaining Americans South of the Border will be Massacred and Their Property Destroyed.

[BY DIRECT WIRE—EXCLUSIVE DISPATCH.]

MONTEREY (Mex.) March 15.—So firmly do the masses of the Mexican people believe that armed intervention on the part of the United States in the affairs of this country has actually occurred that an upheaval of resistance of the invasion is threatened to occur at any moment. When it comes, the massacre of most of the comparatively few Americans remaining in Mexico and the destruction of much American-owned property is believed to be inevitable.

The assurance on the part of the Washington government that the expedition is purely punitive in its nature means nothing to the average Mexican. The mere fact that American soldiers are on Mexican soil is sufficient to arouse to white heat his latent hatred of the white race that took from his people Texas and what now comprises a rich part of the Southwest and West.

Many Mexicans of the better class who know the temper of the Indian element of this country when aroused to fury, prefer to risk their lives in the United States rather than in their own land in this time of crisis. Hundreds of them have crossed the Rio Grande into Texas during the last few days in order to be out of danger when the period of rioting sets in here and elsewhere throughout Mexico.

ARMED OPPOSITION.

Notwithstanding the fact that many people of the better native element expressed themselves as being hopeful that the entry of United States troops will solve the troubles of Mexico they say that armed opposition to this invading force is certain to occur. Ambitious political agitators are already busy spreading the propaganda of war against the United States among the ignorant peon element. Groups of excited men of the lower class are harangued upon the streets and urged to take up arms against the United States.

In the inflamed minds of many people here the idea already exists that the two countries are at war with each other. There is only a temporary suspense over what is going to be the final stand of the army of Carranza in the face of the armed invasion from the United States. It is difficult to find any Mexican here or elsewhere in the country who does not believe that the purpose of Carranza in rushing a force of fifty thousand soldiers to the United States frontier is to make a counter invasion of that country.

HEADING NORTH.

For three days troop train after troop train has been passing through Monterey and Torreon, all headed for the north. Of the total movement of troops only about ten thousand were sent into the State of Chihuahua for the ostensible purpose of operating against Villa. Carranza believes as much as anybody else in Mexico that war with the United States is at hand. He has said as much to his close advisers. He is forced to assume the attitude of being opposed to the American movement against Villa in order to save himself from being deposed or possibly a worse fate. Even with this his days of leadership are numbered. It is reported on high authority that Gen. Obregon, the new Secretary of War of the de facto government, stood out stoutly against Carranza granting unconditional permission for American troops to enter Mexico, and that the break between Carranza and him may lead to a still further complication of the situation.

TO DRIVE OUT THE GRINGOS.

Printed proclamations have been issued calling upon all patriotic Mexicans to unite in solid force to drive the hated "gringos" out of Mexico. So far as can be learned these documents are not printed or circulated with the knowledge or sanction of government authority, but they are having the effect of intensi-

Pursuit.

DIE IS CAST; PERSHING CROSSES; MEXICANS JOIN THE AMERICANS.

[BY A. P. NIGHT WIRE.]

SAN ANTONIO (Tex.) March 15.—Gen. John J. Pershing, with more than 4000 troops, began the pursuit into Mexico today of Francisco Villa. Gen. Pershing's report that he and his command had crossed the international boundary line just south of Columbus reached Gen. Frederick Funston late today. Reports of progress in the country where the search has been begun will be made by Gen. Pershing to Gen. Funston, but it is not expected these will be frequent or deal with any but the more important developments.

How far into Mexico the column had reached tonight was unknown here. Not until after Friday are sharp developments expected.

MOVEMENTS OF DODD.

Col. George A. Dodd, heading a smaller column that entered Mexico some distance west of Columbus, also is moving in a southerly direction, and these two forces should be within touch of each other before the end of the week. By that time it is expected an infantry support will hold the line of communication, along which motor trucks for the transportation of ammunition and supplies will be operated.

Although the censorship imposed by Gen. Funston was relaxed tonight, efforts still were made to keep secret the details of the plan of the campaign.

Gen. Pershing's report of his entrance into Mexico served to dispel to a great extent fears that had been entertained in some quarters that resistance would be offered by the troops of the de facto government. Col. Bertani, the commanding officer of the Carranza garrison at Palomas, on the south side of the line, joined Gen. Pershing. His force was only some 400 men, but they were reported to have displayed willingness and even eagerness to join in the chase. As a body, the Mexican troops will remain under their own commander, but a number of them are being employed as scouts by Gen. Pershing.

ORDERS TO PERSHING.

Gen. Pershing has gone into Mexico with orders to wipe out Villa and his organization. Unless orders to the contrary are received from those higher in authority than Gen. Funston, the campaign that was begun today will continue until Villa is captured or killed. No limits have been placed on the field of operations.

News that the expedition was under way reduced tension evident at army headquarters here during the earlier part of the day. It was expected the troops would cross earlier in the day, but minor troop movements and other details of organization delayed the start.

There now are available in this de-

EXPEDITION NOW IN MEXICO KEEPS DIRECTION A SECRET.

[BY A. P. NIGHT WIRE.]

EL PASO (Tex.) March 15.—American troops were on Mexican soil tonight sixty miles west of here, the vanguard of an expedition gathered in less than a week, but nevertheless one of the most powerful military forces assembled by this country since the war between the States. They were out on the low gravel hills where one week ago tonight Pancho Villa led 1200 of his bandits stealthily up to the American border, to make an early-morning rush upon the sleeping American city of Columbus, N. M., and murder seventeen Americans, eight of them soldiers, and one a woman.

From how many hundreds of miles this force had been assembled, the elements of its armament, its numbers and the direction or directions in which its various columns headed after they passed the international line was a secret held by the military censorship.

EVENT AT COLUMBUS.

The one important fact, that the Americans had gone into Mexico again, was an event witnessed by

FIRST CHIEF'S TROOPS PECULIARLY DISPOSED.

De-facto Government "Appears" to be Co-operating, Says Secretary Baker.

Constitutionalists "Agree" to Help Run Down the Bandits, but Post Their Forces for More Effective Operations Against Gen. Pershing than Against Villa and His Murderous Marauders.

[BY A. P. NIGHT WIRE.]

WASHINGTON, March 15.—Secretary Baker officially announced at 10 o'clock tonight that American troops had crossed the border. He said Carranza forces were co-operating in the pursuit of Villa.

Secretary Baker made the following statement:

"The department received tonight in code a message from Gen. Funston which announces that American troops crossed the border into Mexico today, but does not give the hour of the crossing. I am very happy to say that the dispatch shows that the military representative of the de facto government of Mexico not only interposed no obstacle, but appears to be co-operating."

DOUGLAS (Ariz.) March 15.—Numerous reports have reached the United States military authorities here tonight that open rebellion has broken out among the Carranza troops at Cabullona, eighteen miles south of here. Americans here are seriously disturbed and extra precautions have been taken to guard the town.

BY JOHN CALLAN O'LAUGHLIN.

[BY DIRECT WIRE—EXCLUSIVE DISPATCH.]

WASHINGTON BUREAU OF THE TIMES, March 15.—United States troops crossed the border into Mexico today in the desert stretch of North Chihuahua.

The punitive force has gone to capture Villa, the bandit, dead or alive, under instructions from President Wilson.

Advance of the American troops into Mexico was ordered only after Senor Arredondo, the Mexican Ambassador, had communicated today to the State Department that Gen. Carranza, head of the recognized Mexican government, had approved a working reciprocal agreement between Mexico and the United States to hunt down by armed forces bandits fleeing into either country.

Two columns, consisting of 5000 cavalrymen and light artillerymen, under Gen. Pershing, crossed the border at noon today.

Secretary Baker indicated that information reaching the War Department was to the effect that Carranzista military authorities generally in Chihuahua were apparently prepared to co-operate and were not putting obstacles in the path of the expedition.

CARRANZA A PUZZLE.

While avowedly friendly to the American pursuit of Villa, Gen. Carranza is distributing his troops for effective operations against the columns of Gen. Funston.

Information to this effect has been received here and is causing the officials a great deal of concern. This concern has been heightened by the departure of the American Consul from his post at Torreon. It is realized that this official would not leave did he not believe that Carranza forces would attack Americans the moment troops entered the territory of their country.

In view of the possibilities of the situation the administration deems it imperative to prepare the army for any emergency. The Senate unanimously passed today the bill authorizing the increase of

UNITED STATES CITIZENS INSULTED IN JUAREZ.

Border Town Quiet, but Natives Show Considerable Ill-feeling.

Gen. Gavira Declares His Soldiers are Absolutely Loyal and There is no Danger of Outbreaks—Gutierrez Leaves for Chihuahua to Command One of Five Columns Closing in on Bandit Chief.

[BY A. P. NIGHT WIRE.]

JUAREZ (Mex.) March 15.—Gen. Gavira, Carranza commander here, said tonight that he had received instructions from Gen. Obregon, Carranza's Minister of War, to order all troops in his district to co-operate in every way with the American expeditionary force. Juarez is quiet on the surface but Americans met with insults in some parts of the town and there was evidence of a strong undercurrent of hostility towards the United States.

There are about 1000 troops in this town and nearly all were confined to barracks today. They have been forbidden by Gen. Gavira to frequent saloons. Nothing stronger than beer is permitted to be sold in the town.

In a statement issued late today Gen. Gavira said:

"My soldiers are absolutely loyal and there is no danger of any outbreaks in this section. I have received reports that Col. Riojas has been murdered by the troops at Ojinaga and am trying to get in communication with that town, but so far have failed. There is no reason whatever for any hostility toward Americans on the part of loyal Mexicans and I have assurances that all troops in my district will act in full concord with the Americans who are pursuing Villa. I am in complete control of the situation here."

GEN. GUTIERREZ LEAVES.

Gen. Gutierrez left here today for Chihuahua to take command of one of five columns of 1200 me neach who are declared by Gen. Gavira to be closing in on Villa in the Casas Grandes region. Gen. Bertani, who has been in command of the garrison at Palomas, has gone to Guzman, according to Gen. Gavira and will direct the operations of another of the five columns from that point.

In spite of Gen. Gavira's assurances there was plainly visible here today a feeling of uneasiness among the American residents. The most of those who are in business here are spending the nights on the American side. Expressions of hostility by Mexicans have thus far been confined entirely to the civilian population. Numerous instances were reported where Americans, especially in the outlying sections, noticed Mexicans spitting on the pavement as they approached, a supreme insult in this country.

The street cars between Juarez and El Paso are running in spite of reports throughout the day that they were to be discontinued.

CARRANZISTAS ENTRENCHED.

[BY A. P. DAY WIRE.]

DOUGLAS (Ariz.) March 15.—Arrivals from Sonora today said several hundred de facto troops had entrenched at Las Juntas de las Ambudas, and Cajon Bonita, near Cuchuverachi, Sonora, twenty-five miles southwest of here. Their positions are on a plateau overlooking near-by roads.

In the vicinity of Nacozari all was quiet today.

Col. Dato Campbell, commanding a flying cavalry column of 500 men, telegraphed Gen. Calles last night that the American commander at Liang's ranch had informed him that Villa was headed for Las Chineneas Canyo nand Ojitos Pass, intending to enter Sonora. Col. Campbell said he was starting at once for the western slope of the Ojitos Mountains and that Col. Morelos was guarding the town of Ojitos.

After the receipt of Gen. Obregon's order Calles sent instructions to all his subordinates to aid the American soldiers in every possible way. Obregon's dispatch said that the reciprocal treaty between the United States and Carranza permitting either side to send armed troops after bandits who crossed the international line called for the fullest co-operation between the Carranza and United States troops.

Gen. Calles has been officially notified of the number and disposition of American troops to cross the border into Western Chihuahua, according to Consul Lelevier. However, the Carranza Military Governor of Sonora is said to have been given no intimation of the time of starting the expedition. All other de facto leaders of Northern Mexico have been similarly notified, Lelevier said.

Calles told Lelevier he did not expect any American forces to enter Sonora, as he said he has ample forces to keep Villa from entering that State. He said he has so disposed of them that the entry of the bandit leader will be impossible.

CARTRIDGES FOR CARRANZA.

Consul Lelevier demanded today that the local express agent turn over to him 300,000 cartridges consigned to Gen. P. Elias Calles and ordered held last night by the American military authorities. His request was refused.

Consul Lelevier then telegraphed to Eliseo Arredondo, representative of the de facto government at Washington, asking him to secure permission of President Wilson for delivery of the cartridges. Consul Lelevier said that Gen. Calles had been instructed by Gen. Alvaro Obregon, Carranza's Minister of War, to co-operate with American troops in pursuit of Villa, and that he could not do so without this ammunition.

MEXICANS APPROVE CARRANZA'S STAND.

[BY A. P. DAY WIRE.]

SAN ANTONIO (Tex.) March 15.—Approval of the stand taken by Carranza in entering into a reciprocal agreement for the passage of troops from one country to another has been given by all general officers of the de facto government's army, according to a telegram received by Consul Beltran from Mexico City. The Department of War, of which Gen. Obregon is the new chief, was given as authority for the statement.

JOY AT QUERETARO.

[BY A. P. DAY WIRE.]

QUERETARO (Mex.) March 14 (delayed.)—Manifestations of joy at the settlement by diplomatic means of any possible difficulties between Mexico and the United States over the Columbus trouble were ushered in at 4:30 o'clock this afternoon with the chiming of the cathedral bells, music by military bands and the congregating of a large part of the population of this capital.

On all sides there exists a spirit of friendship and commendation brought out by the note from the Washington government, and the feeling seems general that the crisis is past.

DECREE AT YUCATAN.

[BY A. P. DAY WIRE.]

GALVESTON (Tex.) March 15.—Salvador Alvarado, Governor of the State of Yucatan, has issued a decree prohibiting foreigners from acquiring title to real estate in Yucatan, according to La Voz de la Revolucion, the official publication of Merida, copies of which have just reached here. It is explained that the decree was issued because of the activity of foreigners in efforts to unsettle the money market.

HOW ROJAS WAS KILLED.

[BY A. P. DAY WIRE.]

MARFA (Tex.) March 15.—The reported death of Col. Rojas, Carranza commander at Ojinaga, at the hands of his own men, who attempted to mutiny last night, was confirmed by telephone advices here today. Rojas was trying to control his men, who were drinking and threatening to invade the United States, when he was shot from the crowd, according to the report.

Quiet.

NOGALES REMAINS CALM AS TROOPS CROSS BORDER.

[BY A. P. NIGHT WIRE.]

NOGALES (Ariz.) March 15. — News that the American troops had crossed the international line was received quietly here and in the Mexican town of Nogales, across the border. Little knots of people gathered on the streets of both towns when the newspapers appeared, but there was no excitement of any kind.

As soon as it was officially confirmed that the crossing has been effected assembly was sounded from the military headquarters in Nogales, Sonora, and the 400 men of the garrison were summoned to quarters. This was explained by the Mexican authorities as due to their desire to avoid any possible friction.

Later in the day a printed pamphlet distributed among the Mexicans by Gen. Calles, military governor of Sonora, contained a declaration by Gen. Carranza explaining the negotiations between the Mexican and American governments, which resulted in the dispatch of the American expedition and urging the people of Mexico to remain calm.

It was learned from sources which are usually authentic that Carranza troops are being concentrated on the border in Chihuahua and Eastern Sonora.

Precautionary.

TORPEDOBOAT DESTROYER IS SENT TO ENSENADA.

[BY A. P. NIGHT WIRE.]

SAN DIEGO, March 15.—The torpedo boat destroyer Stewart left here at midnight for Ensenada under orders from Admiral Winslow, commander-in-chief of the Pacific fleet, following reports brought here by fishermen of a threatened revolt in the garrison there.

Masters of fishing vessels arriving here today declared that Ensenada is a Villa hotbed and that trouble is feared there when news of the movement of American troops into Mexico becomes known. It is not known how many Americans are at Ensenada.

A high naval officer admitted the destroyer is being sent to the Lower California town to investigate, but he would not say if further reports of any trouble had been received.

The garrison at Ensenada, so far as known, has never pledged loyalty to either of the factions in Mexico. The troops there are under the command of Estaban Cantu, military Governor of Lower California, who recently was reported to have espoused the cause of Gen. Carranza.

Lieut. Bernard Wills is in command of the Stewart.

AMERICANS IN DANGER.
STEPHENS TAKES QUICK ACTION.

A telegram from Congressman William D. Stephens reached the Chamber of Commerce yesterday in response to an appeal from that organization for protection for the people in Ensenada. The message read: "At my request destroyer is ordered from San Diego to Ensenada to investigate."

In the appeal of the chamber it was said that reports indicated that there were 125 Americans at Ensenada without protection and without means of communication with the outside world.

AMERICAN TROOPS CHASING VILLA OVER MOST BARREN LAND ON EARTH.

[BY A. P. NIGHT WIRE.]

EL PASO (Tex.) March 15.—The territory chosen for the entrance of the punitive expedition into Mexico is at the verge of a dreary, desolate plain, inhabited principally by coyotes and prairie dogs, swept by sandstorms and denuded of vegetation, except the cactus and a few other spiky and objectionable growths.

For at least thirty miles the soldiers of the United States must make their way across this desert. They then reach the lowest range of the Sierra Madre Mountains, rising to a height of 3000 to 3500 feet, broken and twisted into all manner of fantastic shapes by volcanic action and as barren of any verdure worthy of the name as the desert over which they frown. Lonely, half-civilized ranchmen are found here and there in the valleys, nursing their cattle at the infrequent and scanty water holes and subsisting almost entirely on beef. To offset the evil results of a continuous diet of cow flesh they drink the blood of the cattle, which contains supposedly healthy salts.

There are no roads of any kind in all this region. An ancient track, known as the "smugglers' trail," is used by such traffic as passes through. The expeditionary force must carry all its own provisions and must in a large measure rely also on its base for water.

After fighting its way against nature, assisted by whatever guerrilla troops Villa may be able to care to muster for about 175 miles through this country, the punitive expedition will reach the Sierra Madre proper, a range of mountains rising from 8000 to 10,000 feet. Americans who have penetrated these fastnesses claim that the region is the wildest, most barren and desolate that it is possible to find anywhere in the world. The mountains are split by mighty canyons, some of which have a sheer depth of between 2000 and 3000 feet, and there is not even a recognized trail through their solitudes.

From Casas Grandes south, however, the country is thickly wooded, although devoid of vegetation which could provide forage for horses or food of any kind for men. In the Casas Grandes section the expedition would strike the Casas Grandes River, which sweeps westward and here splits into three considerable branches. By following one of the branches the soldiers would be able to obtain sufficient water, but between the streams the mountains rise in great barriers, presenting a country almost inaccessible, even to men on foot, and, according to the few Americans who have ventured there, impassable to wheeled transports of any sort.

It is in these wilds that Pancho Villa is said to have taken refuge and there to be prepared to wage a guerrilla warfare on the troops who have been ordered to pursue him to death or capture.

BIG CLOUDS OF DUN-COLORED DUST SHOW ROUTE OF PUNITIVE EXPEDITION.

[BY DIRECT WIRE—EXCLUSIVE DISPATCH.]

EL PASO, March 15.—The following is a composite description of the departure of American troops to cross the border in the hunt for Villa, as brought here this afternoon by arrivals from Columbus, N. M.: A cloud of dun-colored dust hung over the horizon to the west of Columbus when the sun set behind the sand dunes of New Mexico tonight. It ended behind the adobe customhouse at Palomas and marked the position of the rear guard of the American army of invasion somewhere in Mexico.

Since noon the khaki column had been sneaking across the plains to the south of the little border town, dipped down into the dry wash which brought Villa into town just one week ago tomorrow morning, swung sharply to the left to avoid a great, bare dune, and then passed beside the white adobe building which stood sentinel on the Mexican border.

There was no cheering, no bands playing and no waving of flags as the Columbus column started due south at noon for Mexico. At the head of the snake-like column rode the fighting Thirteenth Cavalry, occupying the place of honor by right of sword and because of its baptism of blood last Thursday morning in Columbus.

The regimental colors of the Thirteenth gave the only color to the drab picture of the cavalry as they cantered out onto the plains, blended with the brown sand waste and disappeared in the distance.

At the border the regimental color bearer dipped the flag, the soldiers cheered, and Gen. Bertani, the commander at Palomas, formally welcomed the American troops into his country by order of Gen. Carranza. Behind the cavalry went the engineers with their field equipment, then the Sixteenth Infantry, the Sixth Infantry and the hospital corps, ambulance corps, the wagon train and pack train. All afternoon the motor lorries, the automobile scout fleet and the dispatch motorcycles have been speeding back and forth taking messages, supplies and information to Gen. Pershing and his staff from the railroad telegraph.

CAMP FIRES ARE SEEN.

Tonight the camp fires of the invading force may be seen dotting the skyline to the south.

When the cavalry column crossed the line the little Mexican flag on the customhouse at Palomas waved feebly in the breeze and the soldiers of Gen. Bertani's command slouched beside the few buildings to watch the trim American soldiers cross the border and march into an alien country after an international outlaw. These little brown soldiers are expected to co-operate with the American forces as scouts and will aid the Mormon civilian guides in picking a trail for the invading force south and west to the Ascension River and then down toward Colonia Diaz and the Mormon colonies. They will carry black and white flags to show that they are friends.

AEROPLANES READY.

The aeroplane corps is expected to join the main column at sunrise. They were tuning up their machines tonight and will easily overtake the main column with the first flight. Only a few patrols remain in Columbus tonight and the little town is as quiet as it was this time last week, when Villa was leering at the light of the town from the hills to the south.

DEATH FROM TYPHUS ACROSS THE BORDER.

[BY A. P. DAY WIRE.]

SANTA RITA (N. M.) March 15.—Typhus caused the death today of Francisco Gonzales, and, according to officials, was presumably brought here by Mexicans from Oaxaca. Measures have been taken to prevent its spread. The diagnosis of the attending physician was confirmed by Drs. Clark and Pierce of the United States public health service.

NO SHIPS ORDERED TO MEXICAN COAST.

[BY A. P. NIGHT WIRE.]

SAN DIEGO, March 15.—No orders for the movements of vessels of the Pacific fleet other than those outlined for drill or patrol purposes have been issued, according to Admiral Winslow, commander-in-chief of the fleet. The admiral said today that no movement of ships southward as a precautionary measure in view of the Mexican situation is contemplated.

The protected cruiser Cleveland, now off the Central American coast, has been ordered to San Diego, and will arrive about March 30.

LOS ANGELES SHRINER LOCKED UP AS A JOKE.

After Being Held for Fifteen Minutes Potentate of Al Malaikah Temple is Released to Meet Imperial Potentate Stevens, Who is on His Way Here.

[BY DIRECT WIRE—EXCLUSIVE DISPATCH.]

EL PASO, March 15. — When "Daddy" Silverwood's special car, attached to the Southwestern train, reached Fort Bliss this morning a squad of husky troopers from the Eighth Cavalry stopped the train, prodded "Daddy" and his illustrious guests off the private car and marched them across parade grounds to the post guardhouse, where they were locked up. After being there for fifteen minutes, Capt. A. P. Watts, post quartermaster ordered them released for breakfast and it was explained that this was all a joke which the local Shrine had arranged for the Potentate of Al Malaikah Temple of Los Angeles, who, with his guests, arrived here from Chicago today to escort Imperial Potentate J. Putnam Stevens to their city.

The Los Angeles Shriner had as his guests Dr. Frederick R. Smith, Past Imperial Potentate, and a number of the high officers of the Shrine. After the breakfast, which was served by Filipino servants in the quartermaster's mess-hall at Fort Bliss, the Shriners were driven downtown and over the city by the local Shrine. A luncheon was given in their honor at noon at the Masonic Temple, and a public reception and dance was given for the illustrious Potentate and his escort at the Toltec Club.

The party will leave this evening for Phoenix and from there to Los Angeles.

CRUISER PITTSBURGH TO GO TO MEXICO.

[BY A. P. DAY WIRE.]

VALLEJO (Cal.) March 15.—Mare Island naval authorities said today it was their belief that the cruiser Pittsburgh of the Pacific reserve fleet, due to leave Bremerton navy yard Monday for San Francisco, may be assigned to patrol duty on the Mexican West Coast. The Pittsburgh, recently commissioned at Bremerton, was ordered to San Diego for target practice originally.

Past Assistant Surgeon C. B. Munger, attached to the Mare Island Hospital, has been ordered transferred to the Pittsburgh, and he left for Bremerton today. Past Assistant Paymaster U. R. Zivnuska, Mare Island, also has been ordered to the Pittsburgh.

ARMS FOR VILLA HELD ON BORDER

United States Stops Shipment of Arms into Mexico.

Report Current Foreign Power is Aiding the Bandits.

Munitions for Carranza are not Interfered With.

[BY A. P. NIGHT WIRE.]

WASHINGTON, March 15.—On request of the State Department, orders have been sent to collectors of customs at seaports of the United States and along the Mexican border to hold up shipments of arms, ammunition or explosives consigned to Mexico except such as it is clearly established are designed for the de facto government.

The order was said tonight to be the outcome of information reaching the department that a large consignment of explosives intended for the Villa forces was about to be sent south. The instructions are sweeping in character and forbid shipments to any point in Mexico along the northern border or to any seaport. They will shut off shipments to mining companies or other persons not officially representing the Carranza government.

How long they will remain in force was not known tonight, but certainly they will not be revoked until there is apparently no chance of any arms shipments reaching Villa or any of his sympathizers.

Officials tonight refused to discuss the subject, but there was reason to believe some credence had been placed in recent reports that friends of certain European nations had been willing to put munitions of war at the disposal of Villa.

The instructions sent out as a result of the present situation virtually supersede those issued several months ago. In the former orders the exportation of arms was forbidden to the Mexican provinces of Lower California, Chihuahua and Sonora, except where there was a specific authorization by the President. This allowed shipments to go through to mining companies and others when it was clear that they were not destined to Villa or his adherents.

CARRANZA ARMS EXEMPT.

[BY A. P. DAY WIRE.]

LAREDO (Tex.) March 15.—A munitions embargo order, received here last night by customs authorities, expressly exempts munitions known to be designed for Carranza forces from seizure, according to an announcement today.

ARMY AND NAVY LANDS EXCHANGED.

Official notice was received yesterday at the local Land Office that there has been a transfer ordered by President Wilson of 159 acres of land from the naval to the military reservation at Point Loma, near San Diego, and the transfer of fifty-seven and eight-tenths acres from the army to the naval reservation at the same place. Nothing is known as to the object of the transfer of the areas named, but it is understood to be so the army establishment may have additional space for the exploitation of aerial navigation in connection with the aviation corps.

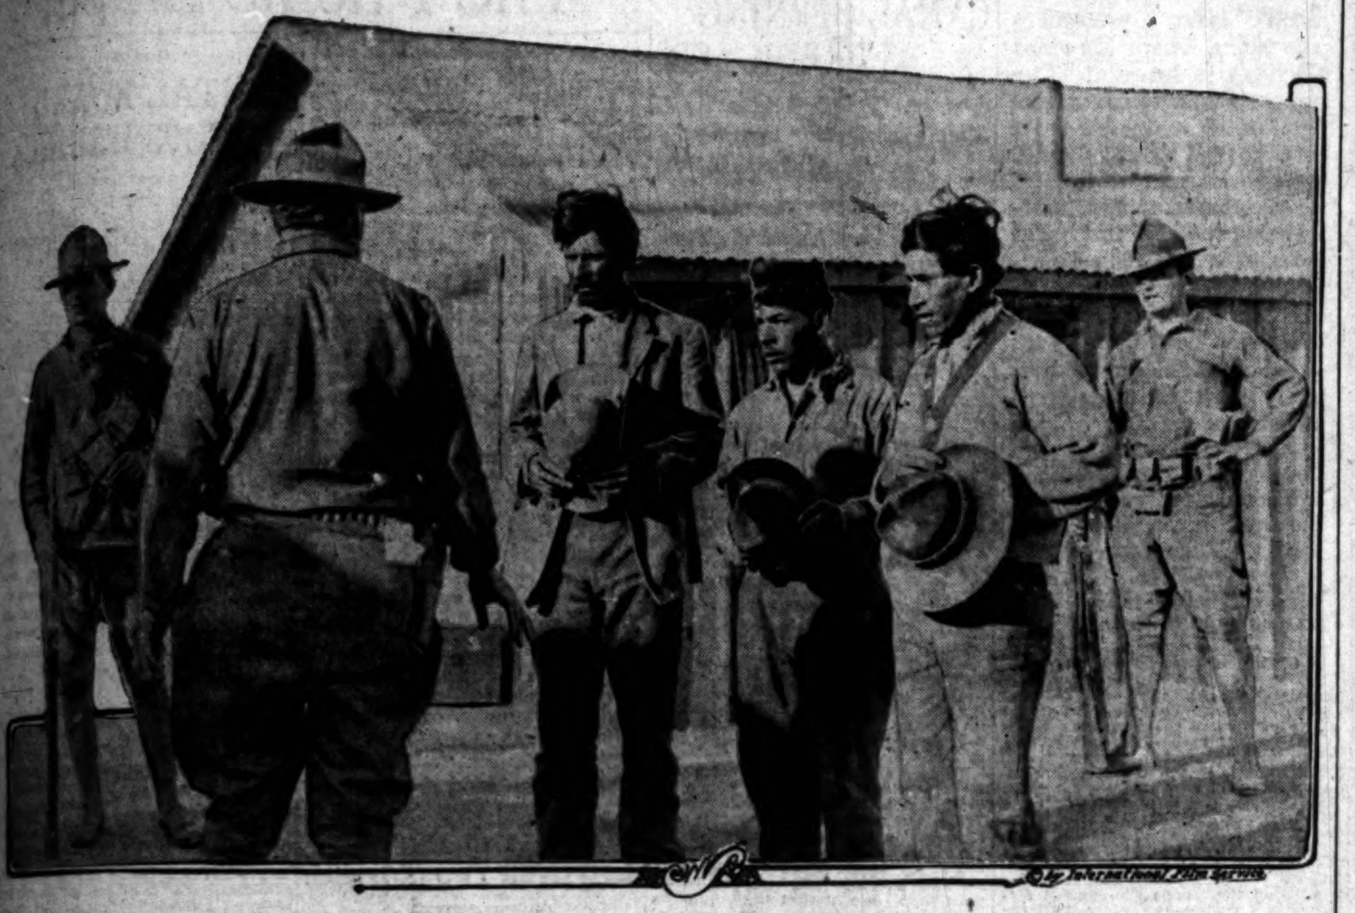
American Authorities Cross-examining Strange Mexicans at Columbus, N. M.



The spy danger at Columbus, N. M.

The above photo shows American troopers cross-questioning suspicious Mexicans in the town that Villa shot up and burned. The Mexicans were liberated, but subsequently two of them were found shot to death. Villa is said to have many sympathizers along the border and the danger of spies there is frequently mentioned in the news dispatches.

Shortage.

LACK OF GOOD HORSES GRAVE.

Europe has Combed the States for Cavalry Animals.

Trouble in Mexico May Force Using Motley Array.

Buyer for England Describes Serious Situation.

United States cavalrymen mounted on a motley array of plow mules, carriage horses, etc., may shortly be no uncommon sight along the Mexican border, if the prediction of Lieut. J. [illegible] Davis of His Majesty's Royal Light Horse Artillery is fulfilled. With no reserve mounts for the cavalry, facing activities in which it is predicted cavalry will play the most important part, and with the nation drained of approximately 150,000 picked horses best suitable for cavalry purposes, purchasing agents for the United States Army may be forced to take anything they can get as a result of the activities of agents for the allies, Lieut. Davis says.

Yesterday, at the Westminster, where he is staying during his visit here, Lieut. Davis declared there is a serious horse shortage in the United States. He has been purchasing animals in Louisiana for the British government, and, having exhausted that field, is making a tour of the Coast while awaiting instructions from abroad.

FEW MOUNTS LEFT.

"The United States has been thoroughly drained of suitable material for cavalry mounts," said he. "Agents for the French, in addition to the numerous English officers detailed, have covered every part of the country and have purchased lavishly. If the expedition into Mexico is to consist principally of cavalry troops, and if the trouble there embraces a considerable part of the territory, the United States will face a very serious situation in finding enough horses.

"A majority of the foreign agents purchasing horses here have been recalled because the field is so thoroughly exhausted. I expect that I will receive orders to return to England within the next few days. During the past three or four months from Louisiana alone the British government took about 4000 of the best cavalry horses, and I do not know how many were secured by the French. Other sections of the country have been stripped in proportion."

At the outbreak of the war Lieut. Davis was military attache to the British legation at Buenos Aires. He was ordered to England about one year ago, and after a short stay was sent to this country. He says German interests in Argentine have cornered the market there and have enormous quantities of wool, hides and other supplies stored up, awaiting the time when Germany will re-establish her sea trade.

Lieut. Davis expects the war will continue at least another year, but is confident of England's success. He says a German victory would be a menace to this continent in that Germany would not stop at the conquest of Europe, but would attempt to dominate the world. He believes the war will be one of extermination, as he says that the Teutonic powers will resist the unconditional surrender demanded by the allies.

AS TO JAPAN.

Regarding the Mexican situation, he emphatically states that England will not permit Japan to take arms against us. He says the English people value our friendship above all else, and in return for our sympathetic attitude towards them in this war would never consent to acts of aggression on the part of their oriental ally.

He believes that Villa will never be captured unless Mexican ports are guarded to prevent his escape by sea, and says Villa is too much a hero in the eyes of his own people to be betrayed into the hands of Carranza or the United States.

"Villa is a better risk for a life insurance company right now than I am," said he. "He is leading a healthy, active life out in the open, and, barring a fall from his horse or some other accident, is in less danger than the average Los Angeles man who crosses Broadway on a busy

DENIAL BY GERMANY OF SINKING SILIUS.

[BY WIRELESS AND A. P.]

BERLIN, March 15 (via Sayville, N. Y.)—"An official investigation by the German navy has established the fact that no German submarine was concerned in the sinking of the Norwegian bark Silius," says the Overseas News Agency.

The Norwegian bark Silius was sunk last Thursday night in Havre Roads, where she had arrived on a voyage from New York with a cargo of wheat. Seven Americans, members of the crew, all escaped uninjured except John Hartmann, whose legs were injured by flying debris. Capt. Syvertzn of the Silius and two of the sailors were reported to have been drowned.

TORREON IS QUIET; AMERICANS ARE SAFE.

TRAIN WITH REFUGEES IS PAST THE BANDIT DISTRICT.

Gen. Gonzales, in Command of the Carranza Troops, Declares All Foreigners will be Fully Protected. Excitement Over the Invasion is Fast Disappearing.

[BY A. P. NIGHT WIRE.]

TORREON (Mex.) March 15.—Excitement among Mexicans over the entry of American troops into Mexico had subsided considerably tonight. Forty Americans left today for the United States and their train was reported tonight safely past Hipolito, which put it beyond the district where bandit attacks had been feared.

The American Consul, A. L. Williams, has, on the advice of his government to use his own judgment in the matter, turned over the American Consulate at Torreon to the British Vice-Consul. Meantime a party of Americans are gathered here waiting to leave on the train which has been held up for a day by a wreck on the Monterey road.

The Carranza officials still maintain, in spite of general fears, that the Americans are perfectly safe.

SAYS AMERICANS SAFE.

"We are gentlemen and Americans have no need to fear, as we will escort them over the border and give them every protection, no matter what happens," said Gen. Francisco Gonzales today. He continued:

"I am sending my family out on the same train which will carry an adequate escort. We certainly are not seeking trouble with the United States, and I hope matters will be satisfactorily arranged. Yet, if the worst comes to the worst we want to see all Americans safely across the border."

The newspapers in this vicinity have published the notes exchanged by the Carranza and Wilson governments and telegrams explaining the object of the punitive expedition, commenting editorially that they do not understand why a breach of relations between the two countries should be thought imminent.

Additional passengers on the refugee train are J. F. Albright, Dr. Boren E. Barlinger, Dr. Carr, Armand Harms, B. Love and wife and son, E. Meuseback and wife, Sarral I. Minet, J. A. Roquet, John Richards with wife and son, J. Rohrbather, G. B. Squires, R. H. Severn and wife, W. H. Sturgeon, F. H. Stern, I. M. Ulmer, H. A. Wulf, Edward Wulf and wife, Charles Wulf, Fred Wulf and wife, Tom Brown and American Consul A. L. Williams and wife.

GRANTS LOW FARES TO AMERICAN FARMERS.

[BY A. P. DAY WIRE.]

MONTREAL, March 15.—Canadian railways have agreed, it was learned here today, to grant the request of the Canadian government for a transportation rate of a cent a mile in Canada for American farm laborers who are expected to come to Canada in large numbers in response to the campaign for additional labor now being carried on by the Canadian Department of the Interior.

OIL PRICES ADVANCED.

[BY A. P. DAY WIRE.]

SHREVEPORT (La.) March 15.—Caddo light oil was advanced 5 cents today to $1.45 a barrel. De Soto and Crichton crude also advanced 5 cents, going to $1.35 and $1.05, respectively.

CACHE TONS OF SUPPLIES FOR COL. DODD'S COMMAND.

[BY A. P. NIGHT WIRE.]

HACHITA (N. M.) March 15.—Copies of military orders issued to the expeditionary forces received here indicate that news dispatches from the correspondents with the troops will not be passed by the censor for several days.

The country which Col. George A. Dodd's command is to traverse is extremely rugged.

It is a succession of hills and mountains, topped by irregular rocky peaks and crossed by valleys and canyons. Scattered through this territory are large stock ranches with thousands of head of horses and cattle. Some of it is desert, with here and there skeletons of cattle which strayed too far from water holes.

Tons of supplies have been sent forward from here overland to the border, which at the point where the troops went is fifty miles from Hachita. Motor trucks, camp wagons and the teams of ranchers in this section are being worked to the limit forwarding tons of supplies for Col. Dodd's command. Each truck and wagon moves under heavy guard. Many of the teamsters are Mexicans. Small patrol camps are scattered along the road as far as the border. Beyond into Mexico the system for guarding communications has not been revealed.

AMERICANS AT PRESIDIO ARMING FOR PROTECTION.

[BY A. P. DAY WIRE.]

PRESIDIO (Tex.) March 15.—All Americans here have assembled in one place, prepared to protect themselves from Mexican raiders following outbreaks which occurred among the Carranzista troops at Ojinaga, across the border, last night.

The situation, which has grown steadily more serious for several days, reached a climax today when it was practically confirmed that Gen. Rojas, Carranza commander at Ojinaga, was either assassinated or a refugee at some place on the border.

A detachment of the Thirteenth Infantry under First Sergeant Flounders is patrolling the border night and day and reinforcements of the Fourteenth Infantry from Fort Clarke are being rushed here and are expected to arrive today.

The Mexicans are greatly excited over reports that are being spread from unknown sources misrepresenting the actions and intentions of the United States.

Santiago Joojas, a deputy sheriff of Presidio, was reported today to have been killed by Villa bandits a few miles from Ojinaga.

ARMED AEROPLANES FOR THE AMERICAN ARMY.

[BY A. P. NIGHT WIRE.]

SAN DIEGO, March 15.—Armored aeroplanes will form the flying equipment of proposed aero squadrons to be organized for service at the Signal Corps aviation school, U.S.A., here, according to word received from Washington today.

Aeroplanes to be supplied the War Department hereafter will be fitted undderneath the fuselage with a thick plate of steel to protect the pilot, observer and engine from rifle or shrapnel fire. The new machines, it is said, will be of the same type as those which American manufacturers are now sending to Europe for the French and British flying corps.

Military aeroplanes ordered by the War Department will be of two types, according to word received here. One type will have a speed of ninety miles an hour and will carry two passengers; the other will be capable of flying at a rate of ninety-five miles an hour, carrying pilot, observer and bomb thrower. Provision will be made on the latter class of machines for the installation of machine guns on a movable base.

MEXICO CITY PARADE IN HONOR OF CARRANZA.

[BY A. P. NIGHT WIRE.]

MEXICO CITY, March 15.—Ten thousand civilians including government employees and school teachers paraded the principal avenues this afternoon carrying the national colors and banners bearing the inscription: "Homage to Venustiano Carranza, the Savior of His Country's Honor."

Speeches were delivered in front of the Cuauhtemotzin and Juarez monuments, military headquarters, and the National Palace. The parade dispersed at the palace where half a dozen military bands rendered patriotic airs. Shops and stores were closed during the demonstration and the best of order was maintained.

BROWNSVILLE IS QUIET AS INVADERS CROSS LINE.

[BY A. P. NIGHT WIRE.]

BROWNSVILLE (Tex.) March 15.—Entrance into Mexico today of the American expeditionary force was accepted calmly on the lower Mexican border, the storm center last summer of Mexican bandit raids. No disorders have been reported from any point.

Little news of the events on the New Mexican border is being permitted by Mexican authorities to reach Carranza soldiers at Matamoros, opposite here, however. Few persons were passing between the two cities tonight. Military patrols are guarding important points on the American side.

partment for operations in Mexico more than 20,000 troops, and, if the plans for recruiting the companies to full strength are carried out, this number will be increased quickly.

Cavalry posts have been relieved by infantry in most cases in order to furnish a more mobile force for the pursuit of Villa, although in the expedition that went in today there was a considerable force of artillery, which can be reinforced at any time by several more batteries that now are held on the American side within easy distance of the border.

WHEREABOUTS OF VILLA.

If the exact whereabouts of Villa are known at army headquarters, the fact has not been disclosed. Generally, it is believed he has moved southward towards the Guerrero district in the foothills of the Sierra Madres, but reports from Mexican sources indicate that the de facto government troops will do their best to turn him northward towards the advancing American columns.

Bands affiliated with Villa in other parts of Northern Mexico have not indicated their intentions, but brisk activity on their part will be no surprise to the American army officers. It is expected that in chasing Villa these bands will have to be engaged from time to time.

There was nothing in the day's report which indicated that the defection of the small Carranza garrison at Ojinaga had been followed by other government troops, and the action of Col. Bertani's troops in joining the American column supported the belief that most of Carranza's forces would support him in his promise of co-operation.

It was reported that the garrison at Ojinaga refused to accept the plan to co-operate with American troops, and the commander, Col. Rojas, was killed while attempting to restrain a mutiny.

The aeroplane squadron that was sent from here is yet on the American side of the line, but it is probable a part of the eight machines will go forward, perhaps tomorrow. It was the intention of Gen. Pershing to use them extensively for scouting.

Gen. Pershing's staff was announced as follows:

Chief of Staff, Lieut.-Col. De Rosey Cabell, Tenth Cavalry; Adjutant-Major, John L. Hines, Adjutant-General of the Eighth Brigade; Assistant Chief of Staff, Capt. Wilson B. Burtt, Twentieth Infantry; Intelligence Office, Col. Lucien G. Berry, Fourth Field Artillery; Quartermaster, Maj. John F. Madden, Quartermaster's Corps; surgeon at base, Lieut-Col. Euclid F. Frick, Medical Corps; commander at base, Maj. William R. Sample, Twentieth Infantry; aides, Lieut. James L. Collins, Eleventh Cavalry, and Lieut. Martin C. Shallenberger, Sixteenth Infantry; surgeon, Maj. Jereb Clayton; engineer, Maj. Lyttle Brown; signal officer, Capt. Hansen B. Black.

hundreds of spectators who crowded into Columbus. They saw the troops move off toward the imaginary boundary line, until when the men crossed they were tiny, but distinct brown lines in the distance in the clear western air. As the troops passed further into Mexico, clouds of white dust hid the men, and their further movements as effectually as the censorship. Brilliant sunshine occasionally caught the flash of the soldiers' accoutrements.

Behind the troops who moved forward new regiments rapidly filled the vacated camps in Columbus. The Eleventh Cavalry from Fort Oglethorpe, Ga., was one of the new arrivals. The new regiments expected to follow, but their officers would not say how soon nor from what points. The disposition of the first aeroplane squadron, which passed west through here last night, loaded on flat cars, was one of the most interesting of the military secrets, being the first actual campaign test of this new arm of the service.

Unofficial reports came into El Paso that about fifty miles west of Columbus, near Hachita, N. M., another column had gathered and probably had entered Mexico.

WILL TURN VILLA OVER TO CARRANZA.

[BY A. P. NIGHT WIRE.]

WASHINGTON, March 15.—While apparently there has been no formal discussion what shall be done with Francisco Villa if he is captured, it is regarded as probable that if taken alive the bandit leader will be turned over to the de facto government for prompt execution.

That would avoid embarrassing questions which might arise if the United States undertook to arrange for his extradition to Texas for trial on the charge of murder. Army officers think, however, it is altogether unlikely that Villa will permit himself to be made prisoner. Knowing the certain fate awaiting him, he is expected to fight as long as there is breath in his body.

MORMONS ARE SAFE AT CASAS GRANDES.

EL PASO (Tex.) March 15.—W. W. Mr. Pearson said that the telegraph wires of his line have been working all day into the Casas Grandes region and that quiet was reported there.

CANAL OPENING IS PREDICTED.

Middle of April is Date Set by Government Officials.

Ships to be Handled Much Quicker than Before.

Upon Completion of Work Gen. Goethals is to Resign.

[BY A. P. NIGHT WIRE.]

WASHINGTON, March 15.—An official prediction that the Panama Canal will be reopened by April 15 for the passage of deep-draft vessels was announced tonight by the War Department.

Reopening of the great waterway is regarded as an engineering feat second only to the construction of the canal. Millions of tons of rock and earth have been torn out of the collapsed excavations. New dredges of a size and capacity never before employed have labored night and day for months. Steam shovels have driven their way into the obstructions wherever there was ground sufficiently firm to hold them.

In the meantime the construction work at the terminals and about the locks has proceeded without pause. When the canal is reopened it will have advanced in equipment far beyond the point it had reached when the slides began. Facilities for quick handling of ships will be much better than they were at that time, and the great project closer to final completion in all details.

Conditions in Gaillard cut, scene of the principal earth movement which blocked the waterway last fall, are regarded as justifying the forecast.

HARDING'S PREDICTION.

Col. Harding, acting Governor of the Canal Zone, telegraphed the War Department today as follows:

"Conditions in Gaillard cut justify predictions that the canal will be available for ships of thirty-foot draft on April 15, subject to probable temporary delays thereafter to meet exigencies of the dredging fleet in completing the canal to full width and depth, and in removing shoals that may possibly develop."

Until this report came canal officials had refused since the closure to make any estimate of the probable date of reopening. Col. Harding's telegram is taken to mean that short of another great movement of earth the canal will be practically in full operation again after April 15.

GOETHALS MAY RESIGN.

Maj.-Gen. Goethals, Governor of the Canal Zone was on leave in the United States when the canal was blocked. He had asked to be retired under the act of Congress granting him that privilege, believing his work done. In October he hastened back to the Canal Zone, after advising President Wilson that he did not wish any action taken on his resignation until the extent of the slides was determined. When he found that a huge new task had been set him by nature he promptly withdrew his resignation.

Gen. Goethals was in Washington today. His future plans are not known, but it is expected that he will re-offer his resignation as soon as deep-water traffic again is moving through the canal. Col. Harding's telegram is so positive that it is thought probable that the Governor may not return to the zone at all. Col. Harding will succeed him.

PASS THROUGH CANAL.

[BY A. P. NIGHT WIRE.]

PANAMA, March 15.—The United States supply ships Prometheus and Maumee and the collier Mars passed through the canal today. The maximum draft of the vessels was twenty-one feet.

These are the first vessels to pass through the Panama Canal for several months. Last September a great landslide blocked the canal, which later was opened for the passage of ships. But a second slide occurred in January and the canal was again closed to traffic.

For the past two or three months the dredging of the canal has proceeded rapidly and is still under way.

COURT UPHOLDS THE PASS LAW.

Says State Railroad Commissioners May Continue to Ride Free.

[BY A. P. DAY WIRE.]

SAN FRANCISCO, March 15.—The State Railroad Commission and its employees will continue to ride on passes in the discharge of their duties, for the present anyway. Judge James M. Seawell dismissed today in the Superior Court an appeal for an injunction restraining the Atchison, Topeka and Santa Fe Railroad from issuing such passes, as railroads are required to do by the Public Utilities Act. He supported the contention of the commission that the action was not within the province of the court. The injunction was asked by J. E. Sexton, general manager of the Eureka Nevada Railroad Company, who appeared as a stockholder of the Santa Fe, asking that the portion of the utilities act relating to passes be declared unconstitutional.

LARCENY CHARGE OVER TWO DOLLARS.

LOS ANGELES DOCTOR'S WIFE HELD IN SAN FRANCISCO.

Row Over Alterations on Handsome Fifty-dollar Costume is Aired in Court and May Result in a Damage Suit Against a Tailoring Firm.

[BY DIRECT WIRE—EXCLUSIVE DISPATCH.]

SAN FRANCISCO BUREAU OF THE TIMES, March 15.—An unpaid $2 bill for alterations made on a handsome $50 costume caused the apearance today before Police Judge Brady of Mrs. Florence Thorpe, wife of Dr. A. C. Thorpe, leading physician of No. 920 West Twentieth street, Los Angeles, in answer to a charge of petty larceny placed against her by the local firm of Koenig & Collins.

Though the warrant for the arrest of Mrs. Thorpe has been in the hands of the police since November 20 last, Mrs. Thorpe was not aware of its issuance until a few days ago. She then immediately surrendered to the police here, was charged at the City Prison with petty larceny and released on $25 cash bail.

According to Mrs. Thorpe, she purchased a handsome black velvet suit last November while here with her husband attending the fair.

It was necessary to send the suit back to the shop several times, and on its last trip from the clothiers it was found to be still defective. Mrs. Thorpe says she retained possession of the costume and returned to her home without paying the amount claimed for the alterations. She says she heard nothing further of the matter until word of the warrant for her arrest reached her.

The contention of the prosecution was that Mrs. Thorpe had forcibly taken possession of the suit from an errand boy.

The court dismissed the case.

Attorney Arthur C. Vaughn of Los Angeles, representing Mrs. Thorpe, declared at the conclusion of the trial today that he would institute proceedings in a damage suit for $25,000 against the tailors.

OPIUM SMUGGLERS NABBED AT SEATTLE.

[BY A. P. DAY WIRE.]

SEATTLE (Wash.) March 15.—Five white men and seventeen Chinese and one Japanese were arrested today in and near Seattle, accused of being the principals in an organized gang of smugglers charged with bringing into the United States opium valued at $1,080,000 and enough Chinese laborers to net the gang $280,000 in four years' work.

In addition two Chinese were arrested in Portland and fourteen others in Seattle.

The arrests were made under the direction of Henry M. White, commissioner of immigation here.

The United States coast guard cutter Scout made a dash up-sound last night and captured two of the three swift launches used by the gang in bringing opium and Chinese from British Columbia to Seattle. The boats, named Mate and Blanche W., were found concealed near the mouth of a stream in the Quilcene region. Fred Bayne was arrested at Dabob Bay, near Quilcene. He is a pensioner of the Seattle fire department, drawing $50 a month for total disability from an injury received while on duty.

The exposure of the gang resulted from the capture, on the night of December 16, last, of fourteen Chinese and $9000 worth of opium which had just been landed from a launch on the northern water front.

WICKERSHAM WINS IN ALASKA PRIMARY.

[BY A. P. DAY WIRE.]

JUNEAU (Alaska) March 15.—Full returns from the Republican primaries held throughout the territory last Saturday indicate the renomination of James Wickersham as delegate to Congress and the election of two delegates to the national convention who will favor Hughes, but will be uninstructed. George Schofield of Nome or Louis P. Shackleford of Juneau will be national committeeman. The territorial convention will be held at Seward, April 19. Statehood for Alaska will be the keynote of the platform which will be adopted.

JACKSON SUCCEEDS STONE.

[BY A. P. DAY WIRE.]

PORTLAND (Or.) March 15.—H. A. Jackson of St. Paul, Minn., has been appointed general traffic manager of the Great Northern Pacific Steamship Company, it was announced here today by President L. C. SUBMARINE IN ONE WEEK UNDER EDISON'S SCHEME.

Inventor Favors Construction of Great Government Laboratory for Development of Submarines Which will make Possible Experiments for Standardization of Parts. Navy Department Would Organize Proposed Plant.

[BY A. P. NIGHT WIRE.]

WASHINGTON, March 15.—Construction of a great government laboratory for development of submarines, aeroplanes and other war equipment was advocated before the Senate Naval Committee today by Thomas A. Edison and other members of the civilian naval advisory board. Mr. Edison said a properly-equipped establishment costing to begin with $1,500,000 would make possible experiments for standardization of submarine parts, for instance, which might result in enabling builders to turn out a submarine in a week instead of the many months now required.

NITROGEN FACTORY.

The other members of the board who appeared were Howard E. Coffin, W. L. Saunders, A. M. Hunt and Dr. L. H. Baekeland. Dr. Baekeland, who was appointed to the board on recommendation of the American Chemical Society, said one of the most important advantages of a laboratory would be that of supplying adequate means for fixation of atmospheric nitrogen for use in making explosives. The processes used by German chemists, he said, were well known in this country, yet proper steps had not been taken to relieve the United States of its dependence on Chile for its nitrate supply.

Mr. Coffin outlined to the committee a canvass the board is making of the country's industrial resources and how they might be mobilized for defense. He said a report probably would be ready by May. Mr. Saunders urged that the advisory board be legalized, and Mr. Hunt, a civil engineer, read a statement emphasizing the advantages of a laboratory from an engineering standpoint.

VIEW OF SCIENTISTS.

The scientists declared that an experimental plant financed by the government and backed by the best scientific skill of the country would be valuable not alone as a preparedness measure, but would make possible many steps forward in industrial development. One suggested that great things might be accomplished in perfecting the aeroplane, and another said that a proper application of science to shipping might revolutionize the merchant marine.

It was urged that the proposed laboratory be under the administration of the Navy Department, though it might concern itself with many things aside from naval equipment.

hundreds of spectators who crowded into Columbus. They saw the troops move off toward the imaginary boundary line, until when the men crossed they were tiny, but distinct brown lines in the distance in the clear western air. As the troops passed further into Mexico, clouds of white dust hid the men, and their further movements as effectually as the censorship. Brilliant sunshine occasionally caught the flash of the soldiers' accoutrements.

Behind the troops who moved forward new regiments rapidly filled the vacated camps in Columbus. The Eleventh Cavalry from Fort Oglethorpe, Ga., was one of the new arrivals. The new regiments expected to follow, but their officers would not say how soon nor from what points. The disposition of the first aeroplane squadron, which passed west through here last night, loaded on flat cars, was one of the most interesting of the military secrets, being the first actual campaign test of this new arm of the service.

Unofficial reports came into El Paso that about fifty miles west of Columbus, near Hachita, N. M., another column had gathered and probably had entered Mexico.

WILL TURN VILLA OVER TO CARRANZA.

[BY A. P. NIGHT WIRE.]

WASHINGTON, March 15.—While apparently there has been no formal discussion what shall be done with Francisco Villa if he is captured, it is regarded as probable that if taken alive the bandit leader will be turned over to the de facto government for prompt execution.

That would avoid embarrassing questions which might arise if the United States undertook to arrange for his extradition to Texas for trial on the charge of murder. Army officers think, however, it is altogether unlikely that Villa will permit himself to be made prisoner. Knowing the certain fate awaiting him, he is expected to fight as long as there is breath in his body.

LOS ANGELES DOCTOR'S WIFE HELD IN SAN FRANCISCO.

Row Over Alterations on Handsome Fifty-dollar Costume is Aired in Court and May Result in a Damage Suit Against a Tailoring Firm.

SAN FRANCISCO BUREAU OF THE TIMES, March 15.—An unpaid $2 bill for alterations made on a handsome $50 costume caused the apearance today before Police Judge Brady of Mrs. Florence Thorpe, wife of Dr. A. C. Thorpe, leading physician of No. 920 West Twentieth street, Los Angeles, in answer to a charge of petty larceny placed against her by the local firm of Koenig & Collins.

Though the warrant for the arrest of Mrs. Thorpe has been in the hands of the police since November 20 last, Mrs. Thorpe was not aware of its issuance until a few days ago. She says she heard nothing further of the matter until word of the warrant for her arrest reached her.

The contention of the prosecution was that Mrs. Thorpe had forcibly taken possession of the suit from an errand boy.

The court dismissed the case.

Attorney Arthur C. Vaughn of Los Angeles, representing Mrs. Thorpe, declared at the conclusion of the trial today that he would institute proceedings in a damage suit for $25,000 against the tailors.

OPIUM SMUGGLERS NABBED AT SEATTLE.

[BY A. P. DAY WIRE.]

SEATTLE (Wash.) March 15.—Five white men and seventeen Chinese and one Japanese were arrested today in and near Seattle, accused of being the principals in an organized gang of smugglers charged with bringing into the United States opium valued at $1,080,000 and enough Chinese laborers to net the gang $280,000 in four years' work.

In addition two Chinese were arrested in Portland and fourteen others in Seattle.

The arrests were made under the direction of Henry M. White, commissioner of immigation here.

The United States coast guard cutter Scout made a dash up-sound last night and captured two of the three swift launches used by the gang in bringing opium and Chinese from British Columbia to Seattle. The boats, named Mate and Blanche W., were found concealed near the mouth of a stream in the Quilcene region. Fred Bayne was arrested at Dabob Bay, near Quilcene. He is a pensioner of the Seattle fire department, drawing $50 a month for total disability from an injury received while on duty.

The exposure of the gang resulted from the capture, on the night of December 16, last, of fourteen Chinese and $9000 worth of opium which had just been landed from a launch on the northern water front.

WICKERSHAM WINS IN ALASKA PRIMARY.

[BY A. P. DAY WIRE.]

JUNEAU (Alaska) March 15.—Full returns from the Republican primaries held throughout the territory last Saturday indicate the renomination of James Wickersham as delegate to Congress and the election of two delegates to the national convention who will favor Hughes, but will be uninstructed. George Schofield of Nome or Louis P. Shackleford of Juneau will be national committeeman. The territorial convention will be held at Seward, April 19. Statehood for Alaska will be the keynote of the platform which will be adopted.

DENTAL BOARD DROPS HERRICK.

Dr. Rice of Los Angeles is Named as Successor.

Majority Votes to Transfer Office to this City.

Ousting is Declared Case of Political Expediency.

[BY DIRECT WIRE—EXCLUSIVE DISPATCH.]

SAN FRANCISCO BUREAU OF THE TIMES, March 15.—Dr. C. A. Herrick, a dentist of this city, has been deposed as secretary of the State Board of Dental Examiners after [illegible] years of service by a majority vote of the board members and the office will be transferred to Los Angeles.

The meeting at which Dr. Herrick was ousted was held February 15. Dr. C. E. Rice of Los Angeles, president of the board, was elected as his successor and Dr. F. H. Houck of Anaheim was chosen as the new president.

Politics, it is said, was a factor in the change. According to Dr. Herrick, the votes against him were cast by his southern colleagues on the board. Dr. Herrick admitted that [illegible] McCabe, the Governor's private secretary and manipulator of the State administration's political machine, interested himself in the matter.

"McCabe's interests were not manifested any more strongly than usual in such cases," was the only other comment Dr. Herrick had to offer with reference to the political side of the matter.

A board member who voted for the change assigned as a reason that Dr. Herrick had handled his position in an arbitrary manner.

This, Dr. Herrick denies. He said today: "I have performed the duties of the office during my incumbency in accordance with the board's rules and the law. I do not know why a majority of the members voted to make a change."

The office of secretary will be transferred to Los Angeles as soon as the board of control finishes an audit of Dr. Herrick's books, according to the deposed secretary. The position pays $150 a month and traveling expenses.

Behind the ousting of Dr. Herrick is the rumor that it was a case of political expediency.

CATTLE QUARANTINE IS ORDERED LIFTED.

[BY A. P. DAY WIRE.]

SACRAMENTO, March 15.—On the request of Charles Keane, State Veterinarian, Gov. Johnson today issued a proclamation lifting the quarantine on the entrance of cattle from States east of Nebraska, except Illinois, into California. This proclamation states that Keane has ascertained that the foot and mouth disease has apparently been exterminated in all parts of the United States, except in the State of Illinois.

All animals which have been shipped from Illinois into another State within six months are prohibited from being shipped into California unless a permit is obtained from the State Veterinarian. The importation into California of cattle which originate in the republic of Mexico, or cattle which have been shipped within ninety days into the United States from Mexico, is prohibited unless the shipper obtains a permit from the State Veterinarian of California.

STATE-WIDE FIGHT AGAINST MALARIA.

[BY A. P. DAY WIRE.]

SACRAMENTO, March 15.—A State-wide campaign against malaria has been launched by the State Board of Health and will be conducted under the supervision of Prof. W. B. Herms, State parasitologist at the University of California.

A careful survey of malarial conditions in California will be made. This survey will determine where malaria is prevalent, the cause of the disease and the needed remedies. Cultures of the people of those sections, to determine the percentage who are affected, will be taken.

INCREASE DENIED SOUTHERN PACIFIC.

[BY A. P. DAY WIRE.]

SAN FRANCISCO, March 15.—The State Railroad Commission denied today an application by the Southern Pacific Company for permission to increase charges on refrigerator cars between South San Francisco and Santa Cruz, San Jose, Sacramento, [illegible] San Francisco and Oakland.

An increase of about $7000 a year in shipping charges would have resulted if the increase had become effective. The commission ruled that the necessity of the advance, which were asked on ground of special expense, had not been shown.

OSSINING (N. Y.) March 15.—The news that the indictment against former Warden Thomas Mott Osborne, accusing him of perjury, had been dismissed by the court at White Plains was greeted at Sing Sing by one of the noisiest demonstrations in the history of the prison.

The Bulletin, a weekly paper edited by convicts, got out an "extra" edition in red ink and 1600 of the prison inmates, who assembled in the mess hall, loudly applauded speeches by Warden Kirchwey and Gov. Spry of Utah. The mess hall was decorated with flags and bunting. When the prison band played the "Tom Brown March" there was prolonged cheering for Mr. Osborne.

BRITISH TARIFF PARTY CAPTURES MANCHESTER.

[BY ATLANTIC CABLE AND DIRECT WIRE—EXCLUSIVE DISPATCH.]

LONDON, March 16.—The Manchester Chamber of Commerce, the last free-trade stronghold in England, was captured yesterday by a tariff-reform party.

During the past week the members have been casting votes in an election for a new board of directors consequent upon the resignation of the old board after the defeat of their free-trade memorandum at the annual meeting. The result of the fall, announced last night, shows that the new directorate is predominantly anti-free trade. The board now comprises twelve avowed tariff reformers, eight against free trade with Germany after the war, and two free traders, who presumably adhere to late boards' memorandum.

The tariff-reform party is being active in the elaborate plans which England is making toward opening up new fields of business. In Russia British traders are extending their influence, and it is their avowed purpose to prevent Germany from again becoming a considerable factor in the commercial life of the Czar's domain. An agreement has been made between the Westminster and Lloyds banks with the Credito Italiano, which will result in a new British company with £1,000,000 capital to promote commercial and industrial undertakings in Italy. Similar schemes are afoot regarding Russia.

BRITAIN CANCELS PERMIT TO IMPORT FROM GERMANY

[BY ATLANTIC CABLE AND A. P.]

LONDON, March 15.—A number of permits given American importers to ship goods from Germany which were ordered and paid for before March 1, 1915, have been revoked by the British government. One of the most important cancellations is that of an American company which had ordered 400,000 marks of German goods before the British orders in council were promulgated.

The British government expressed itself satisfied that the American importers would be compelled to pay for these whether or not they were delivered, and gave the necessary permit for passing the shipments through the blockade, but a further delay resulted from the refusal of the German government to allow their export.

After several months' negotiations the German government gave the necessary permits, but meantime the manufacturers instructed the American buyers that they would be compelled to add 25 per cent. to the price of the goods, on account of the rise in the price of raw materials. The goods were so badly needed that the buyers agreed to this demand and sent a letter to this effect, which was intercepted by the British authorities, who informed the attorney for the buyers that the permit for the goods to pass the blockade had been concelled.

Another permit which also represented a valuable consignment was cancelled on account of an intercepted letter which revealed the fact that the holders of the permit had placed an additional order in Germany in 1915. Other cancellations have been made on the ground that the German government required further proof as to the ownership of the goods.

The attorney representing several of these consignments says the revocation of the permits was made without giving the buyers an opportunity to present the additional proofs demanded.

MEXICAN BANDITS FIRE ON AMERICAN SOLDIERS.

[BY A. P. NIGHT WIRE.]

KINGSVILLE (Tex.) March 15.—Mexican bandits, said to have numbered about thirty, fired upon sixteen American soldiers guarding the Barreda bridge on the St. Louis, Brownsville and Mexico Railroad about fourteen miles north of Brownsville at 10 o'clock tonight. At least 100 shots were exchanged. None of the Americans was injured. It is not known if the bandits suffered any casualties.

While the fight was in progress, a train approaching from the south was flagged and stopped by an American soldier. A guard of five soldiers on the train rushed forward and reinforced the men fighting at the bridge. With the arrival of these reinforcements the bandits fled and are believed to have escaped into Mexico.

This was the first bandit trouble in the Brownsville region since last October.

Troops guarding the railway line have been ordered increased.

REPORTED VON TIRPITZ QUITS THE GERMAN NAVY.

[BY ATLANTIC CABLE AND A. P.]

LONDON, March 16, 3:30 a.m.—A dispatch to the Exchange Telegraph Company from Copenhagen says the Wolff bureau, the German semiofficial news agency, announces that Admiral Alfred von Tirpitz, German Minister of the Navy, has retired, and that Admiral Von Capelle, director of the administration department of the Admiralty, has been appointed his successor.

REASON IS UNKNOWN.

[BY A. P. DAY WIRE.]

NEW YORK, March 15.—Information reached New York from Berlin today that Admiral Von Tirpitz, the German Minister of Marine, either has resigned or is upon the point of resigning. No official announcement has been made at Berlin, but the source of the information, the paper states, justifies confidence. No reason for the resignation is disclosed.

"HELP CATCH VILLA."

[BY A. P. DAY WIRE.]

CHICAGO, March 15.—More than [illegible] men applied for enlistment in the United States Army in this district today, according to Lieut. F. R. Kenney, recruiting agent. Lieut. Kenney is now directing the opening of recruiting stations in Illinois, Indiana and Wisconsin. Banners inscribed: "Help catch Villa," will be used in the recruiting work here, Lieut. Kenney said.

Dispatches received here from throughout the Central West said that recruiting had increased and that in response to orders from headquarters many branch recruiting stations were being opened. motor truck companies, said to be the first in the United States Army, were being organized today by Col. A. D. Kniskern, chief quartermaster of the central department of the army, and were to be on their way to Texas tomorrow. Each company will operate twenty-eight trucks.

Each company will consist of a chief truckmaster, three assistant truckmasters, a machinist, a helper, a cook, watchman, trumpeter and messenger, five motorcycle men and twenty-eight chauffeurs.

fying the war movement that is undoubtedly forming, Villa is today a hero in the minds of the Mexican people. The highest to the lowest praise him for his deed in raiding the American town of Columbus, N. M. The fact that an American may be within hearing distance of the commendations that are heaped upon the head of the bandit leader makes no difference to the Mexicans. The contempt which the average Mexican now exhibits toward Americans in this country is so open and vicious that to resent it would invite death. The general view is taken here that Villa will quickly gather around him an army of several thousand fighting men, irrespective of whether the Carranza troops join him or not. That a movement is on to bring about an amalgamation of the Villa, Carranza and Zapata fighting forces for the purpose of fighting the invading soldiers cannot be doubted. This plan is being promoted without the consent of Carranza, although he must have knowledge of what is going on in that direction. Villa and Zapata both agree to it and all that now stands in the way of its consummation is the consent of Gen. Obregon. If he agrees it means the end of Carranza and war with the United States.

BRITISH ASSAULT TURKISH POSITION.

[BY ATLANTIC CABLE AND A. P.]

LONDON, March 15.—The following British official communication concerning the Mesopotamia operations was issued tonight:

"Gen. Lake reports that on March 10, information was received by the Tigris Corps that the Turks had occupied an advanced position on the Tigris. A column was sent before dawn on the 11th, to turn the enemy out. Infantry assaulted the position and bayoneted a considerable number of Turks. The column then withdrew with two officers and fifteen men prisoners. There have been no further developments."

French Win Back Positions Lost in Bethincourt.

Russians Making Remarkable Progress in Persia.

[BY ATLANTIC CABLE AND A. P.]

LONDON, March 16.—The German Crown Prince's army apparently has paused to bring up reinforcements for a continuance of the advance against the Verdun fortress and its outlying defenses. Meanwhile the big guns are exchanging shells at various points along the entire line from Belgium to the Vosges.

The latest assault by the German infantry between Bethincourt and Cumieres resulted in the winning of important positions, but by counter-attacks the French succeeded in retaking a portion of the ground, and, according to the official statement of the French War Office, hold Bethincourt, the height of Le Mort Homme, and the village of Cumieres and the southern boundary of Cumieres wood, all positions of great strategic importance.

CLOSE-RANGE FIGHTING.

To the east of Verdun there has been considerable activity around Vaux and Damloup, and fighting at close range still is in progress around the eastern slopes of Fort Vaux, which for days past has been the object of some of the hardest fighting.

The French have taken a German trench south of St. Souplet, which indicates that in the Champagne region the contending forces are still endeavoring to take advantage of every opportunity to strengthen their lines.

Advices from Petrograd describe remarkable progress in Persia of the Russian troops, who are moving swiftly over difficult roads in the face of considerable opposition toward the Mesopotamian frontier, where shortly they expect to be in touch with the British forces at Kut-El-Amara, and the relieving column under Gens. Lake and Aylmer. The Russians are now said to be within fifty miles of the last difficult pass, which will place them in the rear of the Turkish Bagdad army, and their object is to cut the railway to the north, thereby preventing the Turkish army from receiving supplies, and co-operate with the British against Bagdad.

TURKS CAPTURED.

In their advance against the Turks along the Black Sea, toward Trebizond, the Russians have captured additional Turkish officers and men, and two machine guns. A British column has attacked an advanced position of the Turks in Mesopotamia, bayonetted a considerable number of the Turks and captured others.

In the Austro-Italian zone the Italians are vigorously shelling Austrian positions and here and there throwing their infantry into the fray. No marked changes in the line have occurred.

The British have captured the port of Sollum in West Egypt from the Senussi tribesmen, led by Turkish officers, with only slight resistance. Afterward they pursued the fleeing tribesmen and captured officers, men and guns.

In East Africa the Boer general, Smuts, is actively pressing the Germans, who are reported to be retiring southwards along the Tangi Railway.

Party Votes to Repeal the Free-Sugar Clause.

Jeffersonians Welcomed into the Republican Party.

Longworth Twits the Majority with Inconsistency.

[BY A. P. NIGHT WIRE.]

WASHINGTON, March 15.—The administration bill to repeal the free-sugar clause of the Underwood-Simmons tariff law, which would take effect next May 1, came up for general debate in the House today, and its passage is expected tomorrow.

All of the opposition to the measure today came from three Democrats, Representative Bailey of Pennsylvania, Keating of Colorado and Van Dyke of Minnesota.

Mr. Bailey, who is regarded as William Jennings Bryan's spokesman in the House, said it was true the country needed the money to be derived from retaining the present tariff on sugar, but that an economical expenditure of public funds would have made the proposed legislation unnecessary. Mr. Keating insisted that the measure would mean the adding of a cent a pound to sugar to be divided "fifty-fifty between the United States and the sugar trust." Mr. Van Dyke took a similar position.

Republican speakers twitted the Democrats about adopting a protective-tariff measure. Representative Longworth of Ohio formally welcomed the Democrats into the Republican party. He said it was the first time in a century that the entire membership of the Ways and Means Committee had agreed on a tariff bill. Representative Collier of Mississippi, in opening debate for the bill, explained that the change in economic conditions caused by the war made the repeal necessary.

Further Democratic attacks on the measure are expected before the final vote tomorrow.

LONDON, March 15.—According to an official statement made in Berlin all rumors regarding the cancellation or the postponement of an intensified submarine campaign against armed merchantmen, as announced in the German memorandum to neutrals last month, are untrue. There has been no postponement and abandonment of the campaign never was considered. On the contrary, the statement says, it is now in full swing.

FRENCHMEN SURE OF VERDUN VICTORY.

[BY ATLANTIC CABLE AND A. P.]

PARIS, March 15.—Gen. De La Croix, military critic of the Temps, concludes a technical review of the Battle of Verdun thus:

"One may presume that the third phase of the battle has come. We will have to overcome severe attacks but my humble opinion is that the German offensive will not succeed. We have ample means to repel it and the allies will, when their hour comes, take a liberating offensive."

Deputies Lauraine and Pate, sent to Verdun by the Military Committee of the chamber to report the supply services, declare that the work of provisioning the men and bringing up munitions is going on satisfactorily, owing to the greatly enlarged automobile truck service, which compensates for insufficient railway extensions.

[BY A. P. DAY WIRE.]

PHOENIX (Ariz.) March 15.—A detail of militiamen to guard the Roosevelt dam was asked today of Gov. George W. P. Hunt by the United States Reclamation Service. Gov. Hunt promised aid if needed but suggested the thirty government employees stationed at the dam be armed.

It was reported that some of the Mexicans employed near there formerly were soldiers with Villa.

MONEY AVAILABLE FOR NAVAL PURPOSES.

[BY A. P. NIGHT WIRE.]

WASHINGTON, March 15.—The House passed today an urgent deficiency bill carrying $3,260,300, of which $2,575,000 is for navy ordnance, stores, repairs and other immediate needs of the department. The bill went immediately to the Senate, where the Appropriation Committee reported it after adding $182,000 for maintenance of the bureau of yards and docks and for additional navy yard repairs.

Public Hearing is Ended by Committee of Senate.

Part in Massachusetts Gas Fight is Described.

[BY A. P. NIGHT WIRE.]

WASHINGTON, March 15.—The Senate Judiciary Subcommittee, considering the nomination of Louis D. Brandeis to the Supreme Court, completed its public hearings today and adjourned until March 24, when it is expected a vote on the recommendation to the full committee may be reached.

Departing from Senate precedent, the subcommittee's inquiry has been conducted publicly, and since the hearings began, February 4, many witnesses have been heard both [illegible] and against confirmation. A week ago the committee closed the taking of testimony, but the hearings were reopened at the request of [illegible] against the nomination.

WARREN IS HEARD.

The last witness heard was Edward Warren of Boston, who in 19[illegible] was chairman of the Executive Committee of the Boston Public Franchise League, of which Mr. Brandeis was counsel. During the fight before the Massachusetts Legislature [illegible] on the consolidation of the Boston Gas Company, Mr. Warren said his committee and Mr. Brandeis worked along harmoniously to protect the public interest, until one day Mr. Brandeis suddenly and without explanation appeared before the legislative committee of the league and recommended that it vote in favor of the gas companies increasing their capitalization two or three million dollars.

"That man has a wonderful magnetism," said Mr. Warren, "and he just swept those men off their feet. All voted in his favor except [illegible] With the votes in his pocket he went that day before the legislative committee and told the committee the league was behind his recommendation.

"Later members of the Executive Committee repented, and two of them resigned because of Mr. Brandeis. The league had recommended the very thing we had been fighting against all winter."

MEETS TO RECONSIDER.

The next day, Mr. Warren said, he and Prescott Hall, another member of the Executive Committee, suggested at its meeting that it reconsider its action.

"I remember very well Mr. Brandeis saying, 'Don't cry, baby,'" he added.

Mr. Warren said he heard [illegible] Sprague of the Massachusetts [illegible] Board of Trade, for which Mr. Brandeis had offered to appear before the Legislature in the gas fight without pay, tell Mr. Brandeis that it did not stand behind the increase, but he believed that, either through [illegible]ment or omission, to [illegible] Brandeis had given the legislative committee to understand that the Board of Trade was not opposed to the recommendation.

After Mr. Warren's testimony, Edward F. McClennen of the Brandeis law firm put in evidence a letter Brandeis had written on the day in question to Mr. Warren and [illegible] Sprague explaining the reasons for his action and stating that he told the legislative committee that the Board of Trade had not approved of the recommendation. The letter was read. Mr. Warren said he doubtless received it, but had no recollection of it.

"The Legislature was not required to do what Mr. Brandeis recommended, was it?" suggested Senator [illegible]ton.

"No," said Mr. Warren as he left the stand.

BEAUTIES OF PARKS TOLD IN NEW BOOK.

[BY A. P. DAY WIRE.]

WASHINGTON, March 15.—"Glimpses of Our National Parks" is the title of one of the latest government publications. It was issued by Secretary Lane and brings together for the first time the essential [illegible] about each of the fourteen national parks, of which the vast majority of Americans are said to be wholly ignorant.

While the original purpose of the booklet was to carry to the public school children the gospel of the natural scenery of the nation and to impress upon them the fact that the United States is the greatest [illegible] country in the accessible world, the more immediate object, it is said, is to furnish useful information to all Americans of all ages.

NAMES BATTLESHIP THE TENNESSEE.

[BY A. P. NIGHT WIRE.]

WASHINGTON, March 15.—Secretary Daniels announced today that dreadnaught No. 43, to be built in the New York navy yard, would be christened Tennessee and that the old armored cruiser Tennessee will have its name changed to Memphis.

EXPORTS FOR JANUARY INCREASE SIXTY MILLIONS.

[BY A. P. NIGHT WIRE.]

WASHINGTON, March 15.—January foreign trade figures assembled today by the Department of Commerce put the month's exports at $331,000,000, exceeding by $62,000,000 the total for the same month a year ago. Imports reached $184,000,000, compared with $122,000,000 a year ago.

The seven months ending with January saw exports valued at more than $2,000,000,000 leave the country, while imports for the same period totaled considerably more than $1,000,000,000.

January exports were chiefly manufactured products. Foodstuffs was second on the list. Raw materials formed the chief items of import. Great Britain in January took $121,000,000 worth of American goods. France was second with $44,000,000, and Italy third with $16,000,000. All of South America took $13,000,000 of American products. Asia took $19,000,000.

Imports from the United Kingdom were worth $24,000,000. South America shipped goods to the United States worth $40,000,000. Asia furnished $32,000,000, and the whole of Europe sent $47,000,000 worth.

EXPECT MILLIONS SURPLUS AT END OF FISCAL YEAR

[BY A. P. NIGHT WIRE.]

WASHINGTON, March 15.—Internal receipts of the government have shown such a marked increase during the last few months over those of the same months last year that Treasury Department officials now are hopeful that the present fiscal year which ends June 30, will find the treasury with a surplus. At the close of the fiscal year 1915 there was a deficit of about $35,000,000.

Ordinary internal revenue receipts up to date this year amount to about $266,000,000 compared with about $228,000,000 for the same period in 1915. With about three and one-half months left before the fiscal year ends officials expect to see the lead over last year in ordinary receipts increased by possibly $15,000,000 more. Customs receipts are running slightly behind those of 1915, the difference against this year to date being about $6,000,000.

No accurate forecast of what may be expected from the personal and corporation income tax has been made as yet by officials of the Internal Revenue Bureau. Unofficial reports from some of the collection districts, however, indicate a larger number of returns.

AMERICANS FETED IN SAN SALVADOR.

[BY ATLANTIC CABLE AND A. P.]

LA LIBERTAD (Salvador) March 15.—The United States cruiser Cleveland, bearing the members of the American commission appointed to return the visit of Latin-American delegates to the Pan-American financial conference, left last night for Guatemala.

The government of Salvador arranged many festivities in honor of the visitors during their stay in this country and sent a special commission to visit them on board the cruiser. A banquet was given at the Casino yesterday afternoon by the Salvadorean Society at which members of the commission and the Minister of the Treasury exchanged greetings and felicitations.

DEMOCRATS PRAISE WILSON'S POLICIES.

[BY A. P. NIGHT WIRE.]

COLUMBUS (O.) March 15.—President Wilson's foreign policies were praised by United States Senators Atlee Pomerene of Ohio and Key Pittman of Nevada, and Dudley Field Malone, collector of the port of New York, at a dinner given here tonight by the Franklin County Democratic Club. Each speaker predicted the President's re-election.

Speaking on preparedness, Senator Pittman suggested that a six-months' enlistment period in the National Guard be provided for men who cannot spare time for longer service. The administration's preparedness programme was defended by Senator Pomerene.

LORIMER IS UNMOVED.

Denunciation by Prosecutor Has no Effect on Blond Bill.

[BY A. P. NIGHT WIRE.]

CHICAGO, March 15.—William Lorimer, deposed United States Senator, listened unmoved today while W. H. Holly, assistant State's attorney, ended his opening address to the jury trying him on charges connected with the collapse of his bank. The prosecutor, toward the end of his statement, plunged into Mr. Lorimer's private affairs and their connection with the LaSalle Street Trust and Savings Bank and his various other interests.

GARRISON A NEW YORKER.

[BY A. P. NIGHT WIRE.]

NEW YORK, March 15.—Lindley M. Garrison, former Secretary of War, has become a resident of New York City, and as soon as admitted to the New York bar, will practice law here as a member of the firm of Hornblower, Miller, Potter & Earle, it was announced by that firm today. Mr. Garrison was formerly a vice-chancellor of the State of New Jersey.

CUMMINS WINS.

[BY A. P. DAY WIRE.]

ST. PAUL (Minn.) March 15.—Incomplete returns from yesterday's preferential primary today indicated that the victory of United States Senator A. B. Cummins of Iowa over Henry D. Estabrook of New York for the Republican indorsement would reach the ratio of 8 to 1.

18 POUNDS OF BLOOD

is the average quantity in a healthy adult, but it is the quality of the blood that determines our strength to resist sickness. With weak blood we find cold hands and chilly feet; in children an aversion to study, and in adults rheumatic tendencies.

In changing seasons get abundant fresh air and take a spoonful of Scott's Emulsion after meals, because Scott's Emulsion is a rich blood-food that will increase both quantity and quality of the blood while it warms the body and helps carry off the impurities.

When multitudes of people are today taking Scott's Emulsion to avert winter sickness, and are giving it to their children, it is careless to neglect its benefits. Look out for substitutes.

STOP DANDRUFF! HAIR GETS THICK, WAVY, BEAUTIFUL

Girls! Draw a cloth through your hair and double its beauty.

Spend 25 cents! Dandruff vanishes and hair stops coming out.

To be possessed of a head of heavy, beautiful hair; soft, lustrous, fluffy, wavy and free from dandruff is merely a matter of using a little Danderine.

It is easy and inexpensive to have nice, soft hair and lots of it. Just get a 25-cent bottle of Knowlton's Danderine now—all drug stores recommend it—apply a little as directed and within ten minutes there will be an appearance of abundance, freshness, fluffiness and an incomparable gloss and luster, and try as you will you cannot find a trace of dandruff or falling hair; but your real surprise will be after about two weeks' use, when you will see new hair—fine and downy at first—yes—but really new hair—sprouting out all over your scalp—Danderine is, we believe, the only sure hair grower, destroyer of dandruff and cure for itchy scalp and it never fails to stop falling hair at once.

If you want to prove how pretty and soft your hair really is, moisten a cloth with a little Danderine and carefully draw it through your hair—taking one small strand at a time. Your hair will be soft, glossy and beautiful in just a few moments—a delightful surprise awaits everyone who tries this.

"CASCARETS" FOR HEADACHE, COLDS, LIVER, BOWELS

Enjoy life! Don't stay bilious, sick, headachy and constipated.

Best for bad breath, sour stomach, coated tongue or indigestion.

17 3/4

19 3/4

They're fine! Cascarets liven your liver, clean your thirty feet of bowels and sweeten your stomach. You eat one or two, like candy, before going to bed, and in the morning your head is clear, tongue is clean, stomach sweet, breath right and cold gone. Get a box from your druggist and enjoy the nicest, gentlest liver and bowel cleansing you ever experienced. Cascarets stop sick headache, biliousness, indigestion, bad breath and constipation.

Mothers should give a whole Cascaret to cross, bilious, sick, feverish children any time. They are harmless and never gripe or sicken.

Carranza to Aid.

(Continued from First Page.)

the army to its war strength—an addition of some 18,000 men, and the War Department at once took steps to begin recruiting. It is expected by the department, in view of prospects of active service, that young men in the country will promptly respond and that within a few weeks the quota permitted will be obtained.

FIFTY THOUSAND MEN.

It is confidently believed by the department experts that 50,000 men will be sufficient to invade Mexico and destroy any armies that may be opposed to them, but in addition there is the question of defending the frontier, and there is the further question of garrisoning Mexico and establishing peace and order should Carranza join with Villa in opposing the United States. Therefore the War Department experts are most anxious that Congress shall pass as rapidly as possible the bill for increase of the army to 250,000. The House will begin the consideration of the measure on Friday and will vote probably within a week. The Senate also will begin consideration of a measure to be reported by the Military Committee of which Senator Chamberlain is chairman.

Action will be expedited and without too much discussion there will be action. It is confidently believed that within two weeks the army bill will be before the President for his approval.

It is asserted that the President has put his hand to the plow and that he will not relinquish his grip until the furrow has been turned. Senor Arredondo, the Mexican Ambassador, received advices this afternoon which indicate a working understanding between Mexico and the United States in connection with the elimination of Villa.

CARRANZA CONTENT.

Gen. Carranza, it is said, "is content" with the way in which Secretary Lansing accepted his proposal. The Ambassador expressed like gratification.

But it is realized by the Mexican diplomats that the situation is full of dynamite and anything may happen to disturb it. For instance, the Mexicans cannot understand the action of the Collector of Customs at Douglas, Ariz., in holding up ammunition shipped to the Carranza forces in Sonora. It is suggested that this action was due to a fear on the part of the American officials that the supply would fall into the hands of Villa. Nevertheless, some feeling exists in regard to this incident, which is regarded as suspicious.

The President is doing everything he can to allay the apprehension of Mexicans that the United States intends to do anything other than what he stated, the capture of Villa. Reassuring messages continue to go to Carranza and his subordinates. The administration would like to issue instructions for all Americans to withdraw but to do so would be to intensify the suspicions now entertained. Unofficially, however, Americans are being urged to come home, and it is hoped they will be sensible enough to take the advice which American Consuls are quietly giving them.

THE EXPEDITION.

While the character of the expeditionary force is not being officially disclosed in Washington, it is the semi-official understanding that it consists of not less than three regiments of cavalry, with mountain artillery, light artillery with howitzers, engineers, the aero squadron and other auxiliaries.

A plea for the encouragement of the manufacture of war munitions and co-operation between the government and private munitions manufacturers is contained in a pamphlet by Hudson Maxim sent by the American Defense Society to members of Congress. The pamphlet is entitled "The Colossal Folly of the Preparation for the Government to Make all War Munitions." Mr. Maxim is a member of the Naval Consulting Board and a member of the Advisory Board of the American Defense Society.

Mr. Maxim says that "at least 90 per cent. of the munitions made in time of peace should be made by private industries in order to encourage them and keep them in a condition of preparedness to make large quantities when needed and also to serve as nuclei for rapid and efficient enlargement."

This government, he contends, should emulate the example of Germany for the past forty years by co-operating with private industries for the manufacture of munitions. He argues in favor of having the government systematize its industries by scientific methods that they may be mobilized for the production of war munitions.

TO INCREASE THE ARMY.

By the unanimous vote of 69 to 0, the Senate shortly after convening today passed the resolution adopted by the House yesterday, increasing the regular army to practically 120,000 men. The adjutant-general's office in the War Department at once took steps to recruit the additional men immediately. Officers of the department were confident that this could be done without lowering the standard of enlistment.

Though uncontested measures are usually disposed of without roll calls, Senator Gallinger of New Hampshire, the minority leader, asked for a record vote to show the solidarity of the country on the Mexican question.

"In order that it may be demonstrated," he said, "that there are no political differences in this chamber when the interests of the country are at stake, I ask for the yeas and nays."

"I am glad we have had this opportunity for a record vote," said Senator McCumber of North Dakota, after the vote was announced, "because it shows that while we will do all we can to preserve the peace of the country with other nations, when conditions do arise making it necessary to defend our rights then Congress stands as a single man undivided in defense of the rights of American citizens."

Mr. McCumber is the author of a resolution which he offered as a substitute for the Gore resolution some time ago in which he would have had Congress advise American citizens to refrain from exercising the right of travel on any belligerent ships. In a speech on his resolution Senator McCumber said that there was no doubt of the legality of arming merchantmen or of neutrals traveling on them. But Germany, he added, was fighting for her life and the United States should exercise "charitableness" in enforcing the letter of international law.

Burden Dropped.

ANDRADE RESIGNS RAILROAD POSITION.

HAS LONG BEEN HEAD OF THE INTER-CALIFORNIA LINE.

Will Remain Receiver of the Entire Irrigation System on the Mexican Side of the Border—Invasion of Americans Causes no Excitement in Calexico.

[BY DIRECT WIRE—EXCLUSIVE DISPATCH.]

MEXICALI (Mex.) March 15.—When A. F. Andrade closed his desk at the general offices of the Inter-California Railway at Mexicali this morning and sent to San Francisco headquarters by wire his resignation as assistant general manager of that remarkable Mexican branch line of the Southern Pacific, he felt a few of many business burdens roll from his shoulders and smiled a little grimly at the thought of how far he was from retirement.

While surrendering the actual management of his eighty-five kilometers (fifty-six miles) of cotton-belt railroad he remains as receiver at the head of the entire irrigation system on the Mexican side of the line, retaining his offices at Calexico and in the Citizens' National Bank Building of Los Angeles.

ROAD'S FIRST DIRECTOR.

Mr. Andrade has been at the head of the railroad from Yuma to Mexicali since the tracks were laid twelve years ago and has had a large part in the development of that portion of the rich delta of the Colorado River. The present cotton crop under control of American planters on the Mexican side of the line embraces 75,000 acres with an average of something over 70,000 bales of cotton feeding the eight big gins at Calexico and bringing buckets of gold to the whole enterprising district. Residing at Mexicali are many Chinese laborers in these fields.

Cotton is perhaps the chief reason that something like $400,000 worth of new business blocks are now under construction at Calexico and that Mexicali is the most picturesque and prosperous wide-open frontier town on earth today.

BORDER TROUBLE NOT FEARED.

Nobody on either side the international boundary at this point has any fear of border trouble. At Calexico two troops of the First United States Cavalry have been stationed since August, drooping under the dullness from a military outlook. Col. Cantu, Governor of Baja California, has his Mexican troops in perfect control at Mexicali and they are well armed with abundant ammunition. Both sides are secure in the knowledge that the Villa marauders are permanently held at 400 miles distant by an impassable desert.

TAFT DECLARES MEXICO A NUISANCE.

[BY A. P. NIGHT WIRE.]

JANESVILLE (Wis.) March 15.—In speaking of the Mexican situation during an address here tonight William Howard Taft termed the southern republic an "international nuisance."

"We have been concerned in such a way," he said, "that when Europe gets through with its present war it will look to us as more or less responsible for the condition of affairs which exists in Mexico."

He said he would not attempt to discuss the proposal of freedom for the Philippines for fear he "could not confine himself to parliamentary language."

EX-VILLA CHIEF HELD AT NOGALES.

[BY A. P. NIGHT WIRE.]

NOGALES (Ariz.) March 15—Civil authorities here are holding two Mexicans said to be Col. J. Camberro, formerly of the Villa army, and Jose Castellan, chief of police at Nogales, Sonora, under the Villa regime. The men were arrested several days ago at an abandoned house about ten miles north of here and a quantity of arms and ammunition seized.

The American troops here were augmented tonight by the arrival from Monterey, Cal., of the second squadron of the First Cavalry from Monterey to replace troop M of the Tenth Cavalry, which entrained preparatory to departing for some point eastward along the border.

ZAPATA CAPTURES TOWN OF HUITZILAC.

[BY A. P. NIGHT WIRE.]

MEXICO CITY, March 15.—Military headquarters here today reported the capture of Huitzilac, a town near Mt. Ajusco, stronghold of the followers of Emiliano Zapata and the last fortified rebel position near the Federal district.

CALOMEL MAKES YOU SICK, UGH!

"Dodson's Liver Tone" better than calomel and cannot salivate.

Calomel loses you a day! You know what calomel is. It's mercury; quicksilver. Calomel is dangerous. It crashes into sour bile like dynamite, cramping and sickening you. Calomel attacks the bones and should never be put into your system.

When you feel bilious, sluggish, constipated and all knocked out and believe you need a dose of dangerous calomel just remember that your druggist sells for 50 cents a large bottle of Dodson's Liver Tone, which is entirely vegetable and pleasant to take and is a perfect substitute for calomel. It is guaranteed to start your liver without stirring you up inside, and cannot salivate.

Don't take calomel! It makes you sick the next day; it loses you a day's work. Dodson's Liver Tone straightens you right up and you feel great. Give it to the children because it is perfectly harmless and doesn't gripe.

The Federated Improvement Association will hold a meeting tomorrow evening in Burbank Hall. Lawrence Holmes will speak on the proposed Bunker Hill open cut and Councilman Topham will discuss features of the viaduct plan.

Has Busy Month.

On charges made by the Los Angeles Society for Prevention of Cruelty to Animals, fifteen arrests were made and fourteen convictions secured, according to the report for the month of February issued by the society yesterday. The number of cases investigated by the society was 315.

Lectures on Indians.

Dr. George La Mont Cole will give the third and last of a series of lectures on "The Southwest" this evening at the Y.M.C.A. auditorium. The title of this lecture is "The Indians of the Terraced Houses," and in it he describes the present-day Pueblo Indians. Both men and women are admitted. The admission is free.

Dr. Hirschkind to Speak.

Dr. Wilhelm Hirschkind, late of the University of Illinois, will be the speaker at the meeting of the Southern California section, American Chemical Society, to be held tonight at 6 o'clock at the University Club. His subject will be "The Bunsen Flame in Old and New Light." All interested are invited to attend.

Union League Annual Banquet.

The twenty-seventh annual banquet of the Union League Club will be held next Wednesday evening at 7:30 o'clock in the club dining-room. Contrary to past custom the banquet will be informal. Ray Benjamin, deputy Attorney-General and Past Exalted Ruler of the Elks, will be among the speakers. Warren Williams, president of the club, will preside.

On Street Improvements.

The Dayton Improvement Association will hold an important meeting in its hall at the corner of Dayton avenue and Avenue 28, at 8 o'clock tonight. Several very important matters will be put before the residents in this district, including a discussion on the Dayton-avenue street improvement, and it is the desire of the association that a large attendance be had.

Physicist to Talk.

At the meeting of the American Institute of Electrical Engineers, Los Angeles' section, which will be held Tuesday evening at 8 o'clock in the Chamber of Commerce Building, Dr. Arthur F. King, physicist of the Mt. Wilson solar observatory, will address the society on "The Relation of Electrical Engineering to the Problems of the Mt. Wilson Solar Observatory." The lecture will be illustrated by lantern slides.

What's Wrong with the World?

Peter Collins of Boston will deliver his lecture entitled, "What's Wrong with the World?" under the auspices of Los Angeles Council, Knights of Columbus, at Columbus Auditorium, Sunday evening, at 8 o'clock. No admission will be charged. During the past five years Mr. Collins has spoken to over 1,000,000 people in the United States and has traveled over 100,000 miles in the work in which he is engaged.

New Yorkers Coming.

The Santa Fe's train de luxe will arrive in Los Angeles tomorrow morning with the following passengers: Mr. and Mrs. J. H. Eagle, Mr. and Mrs. H. Gleason, Mr. and Mrs. J. E. Montague, Mrs. E. F. Wood, Mr. I. G. Schuyler, Mr. and Mrs. M. H. Rogers, Mr. and Mrs. L. F. Castle, Mr. and Mrs. Ransmalaer, Mr. and Mrs. C. Bishop, H. Ruhlender, T. Manson, J. McCobb. All are from New York City except Mr. and Mrs. Montague of Niagara Falls.

The War and the Jews.

Rabbi Isidore Myers will give his lecture on "The War and the Jews" in Christ Episcopal Church Sunday evening. The surplus collection will go to the Jewish war sufferers relief fund.

For War Sufferers.

For the benefit of the war sufferers of Russia, the Russian Association of Los Angeles will present a five-act drama, "The Power of Darkness," with a cast of forty persons, on Tuesday evening, March 28, in the Gamut Theater, No. 1044 South Hope street.

Lenten Noon Services.

The noon Lenten services being conducted in St. Paul's Pro-Cathedral, Olive street, opposite Central Park, are being well attended. They are conducted under the auspices of the Brotherhood of St. Andrew. The addresses this week are being given by Dean MacCormack. Next week they will be by Rev. George Davidson of St. John's Church.

JUSTICE CANNE'S FUNERAL.

Holland Society Honors Late President by Attending Last Rites.

The funeral services of H. D. Canne, 37 years of age, for eight years a justice of the peace in Hollywood, occurred yesterday afternoon at 2 o'clock in the chapel of Rosedale Cemetery.

Justice Canne was killed in an auto accident on the Venice road, near the Soldiers' Home, Sunday night. In making the turn in that portion of the highway his car ran into the ditch and turned over, killing him instantly. He leaves his mother, Mrs. Elizabeth Canne, and a brother, J. C. D. Canne, proprietor of the South Hollywood Pharmacy, both of whom live at No. 5337 Virginia avenue, Hollywood.

Justice Canne was active in the efforts of the Republican party and was the organizer of the Holland Society, of which organization he was president at the time of his death. The Holland Society attended the funeral in a body. He was secretary-treasurer of the South Hollywood Improvement Association and was a member of numerous civic bodies.

MINISTERS MEET.

Pastors of United Brethren Churches to Hold Conference.

The March meeting of the Ministers' Union of the United Brethren Churches will be held in the First Church next Monday. The sessions will open at 10 o'clock, and continue all day and evening.

Rev. R. H. Zook of Palms Church will be the first speaker, his subject being "A Half-hour with the Word." Rev. C. E. Cornell of the First Church of the Nazarene will speak on "How to have a Continuous Revival," and the discussion will be led by Rev. G. H. Smith of Whittier, followed by prayer for revival in all churches.

In the afternoon Rev. G. M. Lambert of Whittier will be the first speaker, followed by a paper on "Study of the Gospel," by Rev. J. L. Parks of Otterbein Bell Memorial. Rev. B. F. Cunningham of Riverside will give a paper on "Jesus Christ in Prophecy." Discussion will be led by Rev. W. H. Blackburn of Second Church, Los Angeles.

At the evening session Rev. William Cleaver will lead the devotions and there will be a sermon by Bishop Bell. There will be special music by A. L. Miller and his harp.

The ladies of First Church will serve lunch at noon and dinner at 6 o'clock in the evening.

SKIN TROUBLE DISFIGURED FACE

Went All Over Hands. Skin Very Red and Burning. Lost Rest. Could Not Put Hands in Water.

HEALED BY CUTICURA SOAP AND OINTMENT

"My skin began to get rough and peeling. It went all over my face and hands and on my neck, and every time I would wash I took some skin off. My skin was very red and burning and I had to scratch and my face was disfigured. I lost rest at night, and I could not put my hands in water.

"One day I found a Cuticura Soap and Ointment advertisement. I first bought a box of Cuticura Ointment and then a cake of Cuticura Soap, and after using them about a week my face began to get well, and I used about two cakes of Cuticura Soap and two boxes of Ointment and I was healed." THE WEATHER.
[Official Report.]

LOCAL OFFICE, U. S. WEATHER BUREAU, Los Angeles, March 15.—[Reported by Ford A. Carpenter, Local Forecaster.] At 5 o'clock a.m. the barometer registered 30.08; at 5 p.m., 29.97. Thermometer for the corresponding hours showed 49 deg. and 64 deg. Relative humidity, 5 a.m., 98 per cent.; 5 p.m., 66 per cent. Wind, 5 a.m., northwest, velocity 2 miles; 5 p.m., southwest, velocity 10 miles. Highest temperature, 74 deg.; lowest, 46 deg. Rainfall for season, 19.20 inches; last season, 14.76 inches. Barometer reduced to sea level.

WEATHER CONDITIONS.—The area of low pressure which was located over the central portion of the country moved rapidly to the Atlantic coast, and in its passage eastward gave light but well-distributed precipitation, which fell mostly in the form of snow. The greatest amount, .64 of an inch, occurred at Pittsburgh. Freezing temperatures are general, except on the Pacific Slope and in the Southern States. The western area of high pressure forms a well-defined ridge extending from Manitoba in the North to Mexico in the South, and a trough of low pressure covers the Pacific Slope. This distribution of pressure will give Los Angeles and vicinity generally fair weather during the ensuing thirty-six hours, with foggy and cloudy intervals Thursday.

LOCAL FORECAST.

For Los Angeles and vicinity: Fair, except for foggy and cloudy intervals, Thursday; westerly winds.
For Southern California: Fair Thursday.

STATE FORECAST.

SAN FRANCISCO, March 15.—Weather forecast: San Francisco and vicinity: Fair Thursday, except for cloudiness or fog in the morning; light southerly wind.
Sacramento Valley: Generally fair Thursday; light southerly wind.
Santa Clara and San Joaquin valleys and Southern California: Generally fair Thursday; light west wind.

ARIZONA FORECAST.

WASHINGTON, March 15.—Forecast for Arizona: Fair Thursday and Friday; not much change in temperature.

Why Suffer From Migraine or Sick Headache?
Dr. J. J. Caldwell says that this exceedingly distressing disease does not shorten life, but does not appear to be curable. Sufferers from this affliction are condemned to undergo the periodical attacks every few weeks until they are forty years of age, after which the attacks are less frequent, and finally disappear entirely. Palliative measures during the attack are all that it is possible to suggest, while care in the diet is the best preventive measure. An attack may often be prevented by taking two anti-kamnia tablets when the first symptoms appear, and one anti-kamnia tablet every two hours during the attack shortens it, eases the pain and brings rest and quiet. Anti-kamnia tablets may be obtained at all druggists. Ask for A-K Tablets. They quickly relieve all Pain.

Today's Beauty Help

You can keep your hair at its very best by washing it with a teaspoonful of canthrox dissolved in a cup of hot water, afterward rinsing thoroughly with clear water. One finds that the hair dries quickly and evenly, is unstreaked, bright, soft and very fluffy, so fluffy in fact, that it looks more abundant than it is, and so soft that arranging it becomes a pleasure. This simple, inexpensive shampoo cleanses the hair and scalp thoroughly of all dandruff and dirt, and leaves a clean wholesome feeling. All scalp irritation will disappear, and the hair will be brighter and glossier than ever before.

THOUSAND ARMED MEN READY FOR ANY CALL.

Public Service Corporations to Enlist Four Hundred Special Officers.

Increasing Threats by Mexicans in City and County Spur Police and Sheriff's Office to Extraordinary Measures. Limit Informally Lifted on Emergency Deputizations and All Firearms are Held Subject to Demand.

CHIEF SNIVELY was given informal authority yesterday to appoint an unlimited number of special policemen for ninety days. In the past he has been restricted to 300.

Every gun and revolver in the gun stores and second-hand stores was inventoried and a temporary embargo placed on their sale, that they may be available for use in emergency.

A dozen cases of high-power rifles, automatic shotguns and ammunition were purchased by the Sheriff.

Public service corporations asked permission to employ 400 special policemen during the next ninety days to guard their properties.

Nearly 500 men, most of them with military experience, applied in person to Chief Snively for appointment as special officers. As many more applied by telephone and letter.

Several Mexicans were arrested and weapons taken from them.

With more threats received by the police yesterday, supposed to have been inspired by Mexicans, Chief Snively went systematically about his work of organizing an auxiliary force to cope with any situation that may arise. The public service corporations have received repeated warnings, and as a result asked Chief Snively yesterday to deputize at least 400 persons whom they may employ as guards.

as guards. Following the arrest of seventeen Mexicans last night, the police secured evidence of an alleged plot to blow up the gas tanks in and near the city.

The City Council has limited the number of special policemen to 300 by ordinance. In conference yesterday Chief Snively secured assurance from the Councilmen that he would be given entire liberty in appointing as many special policemen as he thought the situation demanded.

By this arrangement he will be able to accommodate the public service corporations in their request and to continue with his work in organizing a company of special officers for use in emergencies.

THOUSAND MEN READY.

By mail and in person applicants for duty in case of need deluged the Chief's office yesterday. Their names, telephone numbers and addresses were taken in each instance, where it would be possible to recruit the applicants within a short notice. From the number already in view, Chief Snively says he would be able to organize nearly 1000 armed men within an hour and direct them to any location where the protection of the city might demand.

Two letters received by the Chief yesterday are typical of the many that came. Said E. E. Hanniman, No. 2336 West Twenty-third street: "I am not able to walk as far as some on account of a bad knee, but I can claim to be an expert with a rifle and a revolver. I can use my heavy cane very effectively also. I am 6 feet 3 inches tall, weigh 245 pounds and am 55 years old."

Said A. T. Goshorn, No. 3026 Winter street: "I am at your service. I am better equipped than the ordinary individual for trouble, having a new service Springfield .30, which is also at your service. I feel my employers will recompense me for time from my regular duties as long as I am serving the city."

AGITATORS BUSY.

Preparedness is likewise the word of the hour at the Sheriff's office. Fearing a possible outbreak of hostilities among the numerous Mexican camps of the county, Sheriff Cline yesterday morning added to the armament of the department by the pur-

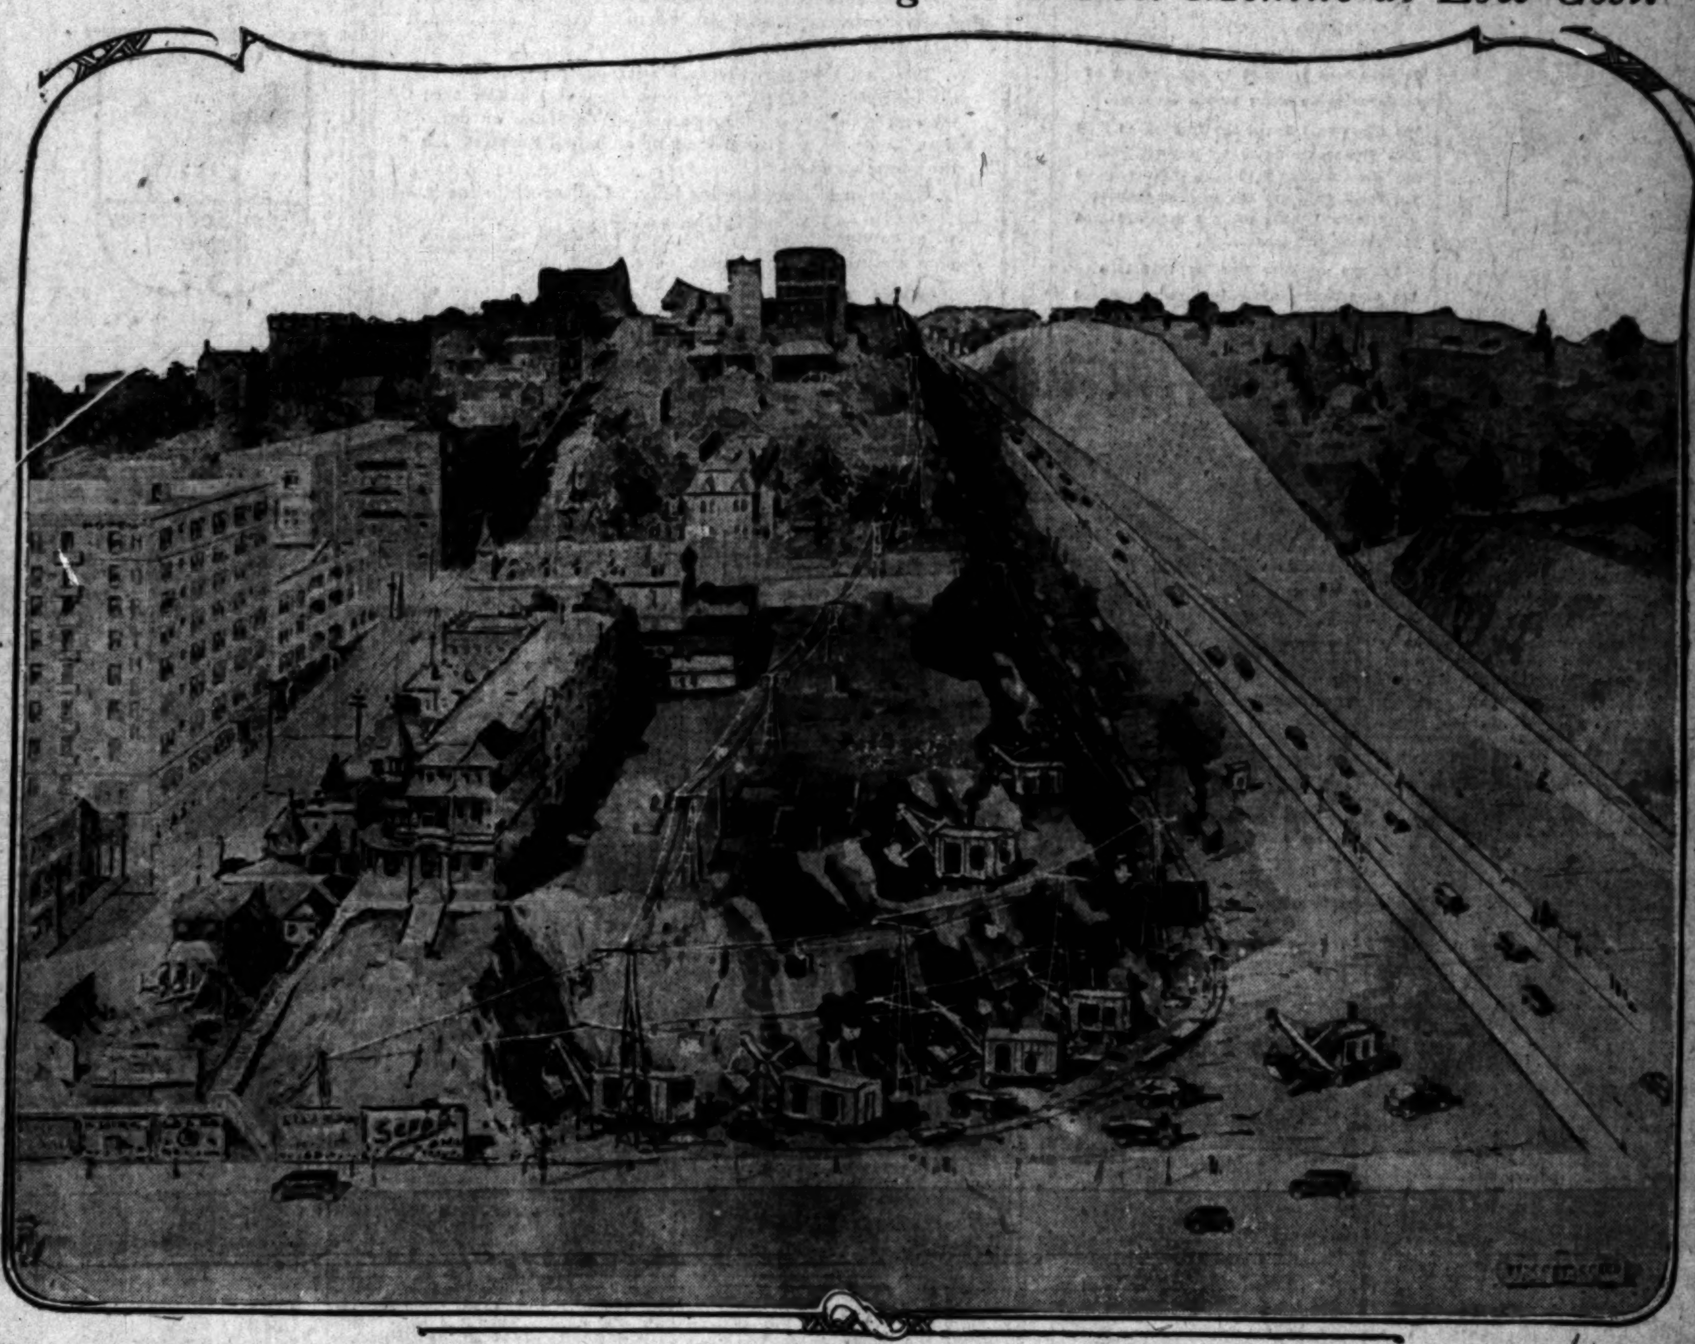
How Bunker Hill Can Be Cut Through in a Few Months at Low Cost.



Artist's conception of the open cut work partially completed.

Equipped with modern steam shovels and a temporary railroad or aerial tram system, J. A. Hill, the leading excavation contractor in Los Angeles, declares he would have First street through Bunker Hill and down to the level of Broadway in three months and the whole regrade completed in less than a year at a cost of 20 cents a cubic yard. The drawing, which shows Bunker Hill from Hill street west between First and Second streets, gives a good idea of how Mr. Hill would handle the work, the sketch being supposed to represent the project in its earlier stages just after an opening has been rushed through at First street.

Of the Past.

OFF THE CALENDAR.

Breach of Promise Suit Instituted by Attractive Young Woman Against Well-known Business Man is Dropped—She's Married Now and Happy.

An echo of the past was silenced in Judge Wilbur's court yesterday when the $50,000 breach of promise suit of Miss Marguerite Coffey against A. G. Gardner, wealthy and elderly, on the calendar for trial, was dismissed on the motion of H. L. Geisler, attorney for Miss Coffey.

February 28, last, Miss Coffey married Neil Elwood McGuire, an artist, and the happy bride is immersed in her housewifely and social duties at Hollywood. Before she plighted her troth to Mr. McGuire, Mr. Gardner was a suitor for her hand. He felt a deep interest in the attractive young woman—she is only 19—and the promise to marry was given. But he did not carry out the promise. He relented and she promised to marry him, and although the matrimonial ship seemed on the point of being launched, it stuck in the ways. Very much chargined by the balk, Miss Coffey sought relief in the damages a court might give, and the testimony promised to interest the friends of both parties. Now Mrs. McGuire no longer thinks of the past. She is happy.

Talks Business.

EXPERT SILENCES THE OPEN-CUT DETRACTORS.

J. A. Hill, Leading Excavation Contractor, Makes Flat Offer to Council to Fulfill Bunker Hill Project at Twenty Cents a Cubic Yard, Bonding Self to Finish First Street in Three, Whole in Nine Months.

NEW light of a most timely and pertinent character was thrown on the Bunker Hill open-cut project yesterday when J. A. Hill, probably the best-known exacavtion contractor on the Pacific Coast, addressed an open letter to the City Council expressing his willingness to take the contract for the regrading and removal of the mass of earth in the cut at a flat rate of 20 cents a cubic yard and to give any form of bond that might be demanded as a guarantee of performance.

The offer settles the question of maximum cost in so far as the actual slicing away of the hill barrier is concerned, as neither Mr. Hill's professional capacity to estimate the work nor his responsibility in a financial way to make good his assertions is likely to be questioned.

The City Engineer, who, by instruction of the Council, purposely made all his figures high, had estimated the same work at 35 cents a cubic yard. This was the rate used in arriving at the $4,000,000 cost approximate for the project, including all damages, as given in the official statement accompanying the straw vote post cards mailed yesterday to the property owners in the proposed assessment district.

If confirmation of Mr. Hill's figures were needed it was supplied in full measure by the information supplied to members of the Council that much excavation work had been done and was now being done for the city, Federal government and private individuals and corporations in the harbor district at around 20 cents. In discussing the open-cut enterprise Mr. Hill stated last night that, because of the magnitude of the contract, he was certain that the concern that did the work would have to bid much under 20 cents to get it.

WITHIN THREE MONTHS.

The same responsible contractor also set at naught the wild statements of the too-zealous opponents of the cut that it would take several years to complete the work and that all the streets in the regrade zone would be tied up and useless during the life of the operations. He would undertake, he said, to have First street cut through the hill and ready for permanent improvement within ninety days of the time of installing the extensive equipment for the work, and would guarantee to have the regrade completed to the last yard of dirt within nine months.

Mr. Hill has been engaged in excavation contracting work in Los Angeles for thirty years, during which time he has handled contracts of every size and description, not only in this city, but at other Coast points. Nearly all of the excavation work for the modern buildings of the downtown district was done by him and it is declared on good authority that he has handled at last 75 per cent. of all the important contracts for the removal of large bodies of earth let in Los Angeles in the past decade and a half.

Ever since the open-cut opposition began circulating reckless and unfounded statements about the probable cost of the hill excavation from First to Second streets, Mr. Hill says, he has been besieged by property owners seeking his opinion on that question. He has been importuned time after time, he declares, to make a public statement confirming the answers he has given to individuals, but

Curious.

STOLEN BOYS SOUGHT IN GYPSIES' MOTOR CARAVAN.

TWO young boys, stolen from eastern homes months ago, are sought in a gypsy caravan that passed through this city yesterday, bound southward.

Although they dress the same, with chromatic sashes, large ear-rings and heavy jewelry, the gypsies are traveling in motor cars with the impedimenta borne behind in three wagons.

The stolen boys who are believed to be in the gypsy camp near here are Robert Allen Striker, 4 years old, stepson of William C. Richter, No. 698 Macon street, Brooklyn, who disappeared December 12, 1914; and James Douglas Glass, 4 years old, stolen May 12, 1915, from the home of his father, Charles Glass, No. 13 Liemau place, Jersey City, N. J.

The Striker boy was last seen at St. Petersburg, Fla., and young Glass at Greeley, Pike county, Pennsylvania.

The parents of the children offer $500 reward for their recovery. Persons who saw the motor gypsies in their journey through this State reported one or two white boys were with them. The descriptions given of these boys compared favorably with that of the missing children, according to the officers.

The gypsies skirted the city yesterday and said they were bound for the mountains, where they expected to meet another caravan, and together journey eastward during the spring and summer.

Capt. Flammer of the detective bureau assigned three detectives to ascertain the whereabouts of the gypsies and investigate the report regarding the boys. Sheriff Cline also has assigned several deputies to scout through the surrounding country in an effort to overtake the nomads and search the motor cars and wagons for the children.

The gypsies are using three modern motor cars in their travels, and reported to persons they intended soon to secure a motor truck to bear the camp baggage. But they are not going to give up their horses, for from them, they say, comes a desirable per centage of their revenue through sales and trading. The horses are roped to the motor cars and follow as they did of yore, but instead of the colorful wagons with stained windows and paneled sides, they cluster about touring cars of recent model.

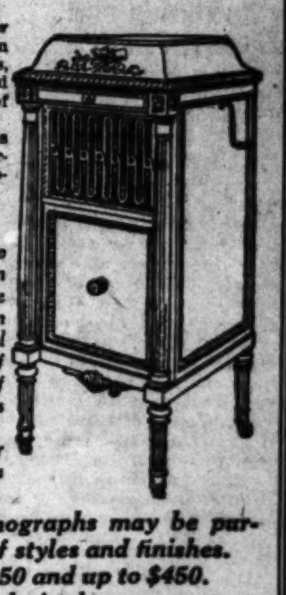
Prove By Actual Test
That the Tone of the Edison
DIAMOND DISC
Is the Artist's Tone—

Before an audience of well-known musicians, music lovers and musical critics at The Little Theater, an unusual recital was given recently, by Thomas Chalmers, leading Baritone Soloist with the Boston Grand Opera Company, to demonstrate the surpassing qualities of the Edison Diamond Disc Phonograph.

This test proved conclusively that the Edison Diamond Disc does actually

Re-Create Music



It was quite impossible to know when Mr. Chalmers sang and when he did not except by watching his lips, so exactly alike were his voice and the "re-creation" of it in quality of tone and interpretation.

Words cannot describe it. It is music without the mechanical characteristics so common in tone reproduction.

Daily Demonstrations

Those who were not privileged to hear Mr. Chalmers on this occasion may hear the re-creation of his voice in their homes whenever and as often as they like on this remarkable musical instrument, as well as the voices of other great singers and the music of world famous instrumentalists, bands and orchestras.

Accept this invitation to visit our Edison Department and let us give you a demonstration.

Edison Diamond Disc Phonographs may be purchased in a wide variety of styles and finishes. Prices $60, $80, $100, $150 and up to $450. Easy terms if desired.

TO THE PEOPLE OF LOS ANGELES:

The Los Angeles Chamber of Commerce urges the people of Los Angeles and vicinity to attend the official opening of the Panama-California International Exposition at San Diego on Saturday, March 18th.

Two special excursions via the Santa Fe have been provided by our Chamber of Commerce to do honor to the occasion.

The first will leave Los Angeles at 2:00 P.M. Friday the 17th; the second, Saturday the 18th., at 7:45 A.M. Tickets, $4.00 the round trip are for sale at Chamber of Commerce, phones 60178 & Main 218, good for return until March 21.

You are urged to remember this is a Los Angeles Exposition and we should not fail to attend the opening in huge numbers.

Jno S Mitchell
PRESIDENT.

Chamber of Commerce proclamation.

Peggy Wallace is shown holding original copy of appeal sent out yesterday by President Mitchell of the chamber on behalf of the Panama-California International Exposition, whichsis to be dedicated Saturday.

San Diego Exposition.

ANGELENOS ARE URGED TO JOIN IN DEDICATION.

EVERY loyal citizen of the Southland is invited to join the Chamber of Commerce excursions to San Diego for the formal dedication of the Panama-California International Exposition Saturday.

President Mitchell of the chamber yesterday addressed a brief announcement to the people of Los Angeles and vicinity, calling attention to the fact that the great fair, which is about to be thrown open to the public for the rest of the year, in reality represents the enterprise of all Southern California, and that as many as are able should participate in the formal dedication.

Special trains under the auspices of the chamber will leave tomorrow afternoon at 2 o'clock and Saturday morning at 7:45 o'clock. As many sections as needed will be run. Reservations must be made today, as the railroad company will have to know how many are going in time to prepare adequately. Tickets may be obtained at the secretary's office of the chamber, by phone, if desired.

Los Angeles will be well represented in the elaborate opening ceremonies, as Robert N. Bulla, vice-president of the exposition; President Mitchell of the chamber and Chairman Pridham of the Board of Supervisors will have part.

The Friday-afternoon special is suggested for all who wish to see the entire opening ceremony. The programme will begin at 10:30 a.m., with a military spectacle, and from that hour until midnight there will be something of interest every minute.

Entertainment and refreshments will be provided on the chamber special trains, which will carry the official parties of the day. These will be met at San Diego by an official reception committee, although it is expected that thousands also will go in automobiles, by boat and the regular trains.

The Salt Lake-Union Pacific pavilion inside the grounds will be the official headquarters of the Los Angeles contingent, as its use for the day has been tendered to the Chamber of Commerce by the railroad officials. This will provide an informal meeting place for all who wish to meet friends.

"Tell everyone who intends going to get their tickets from the chamber today," said Secretary Wiggins last night. "We want to show San Diego that we are loyal and interested in the big exposition. The tickets are good for four days, returning on any train. A great time is assured for all who go. The 'I Paid' buttons are good for admission on the opening day, in addition to showing that the wearer is a real booster."

On Normal Hill?

GREAT TEMPLE OF MUSIC MAY BE GIVEN TO CITY.

THE first active steps looking toward the securing of a site for the proposed new home of the Los Angeles Symphony Orchestra were taken yesterday when representatives of the Symphony Association asked the legal department of the city to inform them if there is any legal objection to the erection of such a building on a portion of the old Normal School grounds. The query is expected to open the way for what may become a serious effort to bring about the construction of the $250,000 structure that is projected at this location.

The acquisition of the Normal School property by the city a few years ago was made possible by a group of local capitalists, who agreed to finance the purchase practically on the understanding that the ground should be reserved in perpetuity for a civic and art center. It is this fact which has led the backers of the Symphony Hall project to sound the City Attorney as to the municipality's right to permit the erection on the land of a structure under private control.

"We would like to know whether the city is legally empowered to let us have the use of this site," said Dr. Norman Bridge, president of the association. "We have suggested a plan by which we would make the building we erect the absolute property of the city in return for the right to control its use for a long term of years. There has come to be a general understanding that the Normal School grounds are to be used as the site for a convention hall, an art museum and a third structure to be given over to some other purpose not yet determined upon.

"We believe that a beautiful temple of music such as we propose to erect would fit ideally into such a group and that it would fittingly constitute a first unit in the scheme. If the plan is legally impossible, we shall, of course, look for another location."

BIG ORDER FOR TIN BEEF STEW.

Six Hundred Million Cans for British Army; Prices of Beans Soar.

New York agents representing Great Britain placed an order with a large Canadian concern yesterday for 600,000,000 cans of beef stew. As each can contains one ounce of white beans, it will take 40,000,000 pounds, or 400,000 bags of beans to fill the order. As there are not that many beans in the entire country at present the order must be filled gradually. The new crop of beans will be ready before the order has been completed, in all likelihood, but the mere announcement of the big order for the canned stew has sent the bean brokers of the United States into excitement.

The local bean market has been rather dormant during the last sixty days, but with the placing of a large order for limas here last week and the big new British order it looks as though values are again due to take the sensational rise that was a feature of the market during the latter part of the fall of 1915. Wholesale prices for both large and small whites today are from $7 to $7.25, depending upon quality and size.

Code.

WHAT IS A BRIBE?

Defense of Accused Constable at Preliminary Hearing Attempts to Show Alleged Acceptance of Favors from a Prisoner Not Breach of Law.

Constables, deputy sheriffs and other officers crowded the courtroom of Justice Brown yesterday to listen to the testimony in the preliminary hearing of Roger Woodbury, suspended constable, who is accused of taking a bribe.

Throughout the day attorneys for the defendant, by their cross-examination, endeavored to show that Woodbury's acts do not constitute the acceptance of a bribe, under a strict interpretation of the code. The principal witness was James J. Turrish, recently arrested by the accused constable on a statutory charge and kept at a downtown hotel instead of being taken to the County Jail.

It was for this courtesy on the part of Woodbury that Turrish alleges he was paying $20 a day and was allowed to remain in the hotel for seven days.

Deputy District Attorney Van Cott introduced about fifteen checks made out to "cash" and to "Roger Woodbury." Mr. Turrish stated that most of this money had been spent in various cafes for meals and drinks. The hearing for the prosecution was practically completed yesterday.

This morning attorneys for the defendant will begin the cross-examination of Mr. Turrish.

Convenience in a Loan

Every loan made by this institution is repaid in regular monthly installments. These installments are variable—you may pay large installments and wipe out the loan in a short period of time, or you may make small easy payments that will not put any strain on your finances.

These simple arrangements make a loan from us doubly convenient and your security doubly safe from foreclosure.

The fact that you are making regular payments on the principal materially reduces the total amount of interest paid during the period of the loan as compared with an ordinary loan of an equal amount for the same period.

Our loan folder explains fully. Call or write for it.

SHRINERS TAKEN FROM THE TRAIN.

PUT IN JAIL AT EL PASO AS "MEXICAN SUSPECTS."

Brother Nobles Learn of "Predicament" of Potentate Silverwood and Members of Party Bound for Los Angeles and Hasten to Give Succor and Secure Their Release.

In a telegram sent by F. B. Silverwood, Potentate of Al Malaikah Temple, from El Paso to George A. Fitch, Recorder, announcement was made yesterday that twenty nobles had been taken from their special cars, attached to the Golden State Limited, at El Paso, by Sergt. Charles McKeaney, in charge of a double squad of infantry and cavalrymen, and locked in the prison at Fort Bliss.

The party is being escorted by Mr. Silverwood and is composed of J. Putnam Stevens, Imperial Potentate, of Portland, Me.; Dr. Frederick R. Smith, Past Imperial Potentate, of Rochester, N. Y.; William S. Brown, Imperial Treasurer, of Pittsburgh; Conrad C. Dykeman, Imperial Captain of the Guard, Brooklyn; James E. Chandler, Imperial Outer Guard, Kansas City; honorary life members of the council, J. Harry Lewis, St. Paul, Minn.; Dr. O. W. Burdats, Wheeling, W. Va.; and William O. Washurn of St. Paul, Earl Neville, Potentate of Damascus Temple, Rochester, N. Y.; Dr. F. F. Whitcomb, Omaha; A. C. Downing, Milwaukee; J. Q. Watkins, Kansas City, Mo.; R. L. Gill, Baltimore; A. A. D. Rahn, Minneapolis; Dr. H. B. Cave, Dallas; R. B. Montgomery and Alexander Gilliland, both of Pittsburgh; William H. Paschen, Troy, N. Y.; Charles Block, Rochester, A. S. Ricker, Poland Springs, Me.; and Clarence S. Greene of Dayton, O.

The party was taken from berths on the train after being commanded to dress, and, after the train had been ordered to proceed, was marched to the Fort Bliss prison, as the members were "suspected of having a selfish interest in the Mexican situation."

After fretting in the cells of Fort Bliss, one member of the party persuaded a sentry to carry information of their predicament to Capt. A. B. Watts, in charge of the quartermaster's department. Capt. Watts visited the jail and was convinced that the party was of peaceful intent and ordered its liberation.

Capt. Watts openly reprimanded Sergt. McKeaney. He escorted the party to the officers' mess hall, where they were given breakfast and shown every courtesy. Automobiles were requisitioned and the party was taken to El Paso.

S. I. Berg, Potentate of El Maida Temple, El Paso, hearing of this misfortune of his brothers, quickly amassed a committee of Shriners and the travelers were entertained for the rest of the day.

The incident was brought to the attention of Gens. Funston, Bell and Pershing and they sent their felicitations to the party—according to the telegram.

The party assembled in Chicago last Sunday and went to Kansas City for the ceremonial session of Ararat Temple. They are en route to Los Angeles for the Shrine ceremonial next Saturday night. They then proceed to Oakland and San Francisco and will sail on the 24th inst. for Honolulu.

As members of the party and the military authorities laughed a great deal over the affair at El Paso, there will probably be no aftermath.

PARISH ENTERTAINMENT.

Excellent Programme Provided for Event Tomorrow Night.

Through the activities of Rev. William Power, rector of the Church of the Divine Savior, an especially attractive programme has been provided for the St. Patrick's Day entertainment to be given tomorrow night in the parish social hall, No. 604 Isabel street. The entertainment will begin at 8 o'clock. It is for the benefit of the parish funds.

W. Joseph Ford is to give an address on "The Day We Celebrate." William Fay, comedian from the Pantages Theater, will give character impersonations, especially impersonating "The Boy from Ould Ireland." Miss Alice Logan will give exhibitions of classic and fancy dancing, including her famous butterfly dance. George A. Lynch of the Southwestern University will give impersonations and dialect readings. Miss Barbara Vinette, prima donna soprano, will sing Irish airs, and Miss Helen Vergil will give acrobatic and pantomime dancing exhibitions. J. B. Tutty, comedian and whistler, will give a whistling and laughing medley, and Mr. Henry and Miss Maude Kearney, accompanied by Miss Bertha Kearney, will present Irish airs and novelties.

Following the programme there will be dancing, with music by the Tynan orchestra. Refreshments will be served. The social hall can be reached by the Garvanza and Eagle Rock City cars. This is the first entertainment of importance that has been given since the beginning of Father Power's pastorate and encouragement from other parishes of the city is anticipated.

REPORTS ON VALUE OF OIL PROPERTIES.

MEXICAN PETROLEUM HOLDS IMMENSE RESERVE.

Geologist, Acting for Investors, Estimates Lands Capable of Producing Near Three Hundred Millions of Dollars—Development Proves New Fields.

Highly favorable estimates on the potentialities of the Mexican Petroleum Company's properties are contained in a report by I. C. White, State Geologist of West Virginia, advance sheets of which were received yesterday at the local offices of the company. The report has not been prepared for the company itself, but for William Salomon & Co., the big Wall street brokerage concern, which underwrote the Mexican Petroleum bonds. Their desire to obtain down-to-date information regarding the company's holdings to guide them in their investments in the Pan-American Petroleum and Transport Company, recently organized, is the reason given as prompting them to secure this report, which shows a vast increase in the valuation of the company's holdings, owing to development, as compared with four years ago, at which time Mr. White previously made an estimate.

In summing up his investigation of the field, Mr. White places the total valuation of the properties at $294,821,000, as against $73,624,000 December 21, 1911. This has been principally due to the recent developments in the Cerro Azul field, where No. 4 well was brought in with a production of 162,000 barrels daily and in five days increased to 260,858 before it was shut in, according to the report.

Mr. White used as his basis of valuation in the previous report $300 per barrel settled daily production in the case of Ebano and Casiano fields. He retains this figure for these two fields, but uses $500 per barrel settled daily production as his basis of values for the Cerro Azul field. He expresses the belief that it would be safe to use $500 as the basis for the valuation of the other two fields also, but holds to the more conservative figure. There are several wells near completion in the Cerro Azul field besides the huge gusher, but these will not be brought in at present.

Of the undeveloped fields, Mr. White states his belief that twenty instead of fifteen out of the twenty-nine (Cerro Azul, since the report of 1911 having been developed) will prove at least as productive as the Ebano field, which is used as the basis for estimating their potentialities, giving a valuation of $162,000,000 for undeveloped properties.

In the summing up, he lays stress on the vast extent of the company's properties, developed and undeveloped, and the fact that competitive drilling is practically out of the question; on the unlimited market in the United States and Europe; on the fact that the holdings are largely owned in fee, and on the efficiency of the operating organization.

SIX CENTS INVOLVED.

State's Former Governor and Prominent Attorney Appear in Police Court to Defend Lad Charged with Stealing Postcards Worth Six Pennies.

Former Gov. Henry T. Gage and Attorney Le Compe Davis appeared in Police Court yesterday to defend Frank Drake, 19 years old, on a larceny charge in which but 6 cents were involved. The case was dropped before it came to trial.

Young Drake, who was represented to the police as being the scion of a wealthy and influential family, was charged with having stolen postcards valued at 6 cents from a bookstore at No. 333 South Main street. The police had some cards as evidence.

Attorneys Gage and Davis arranged that the complaint be dropped on condition the boy should be placed under suitable restriction.

THIRD ANNUAL FOOD DISPLAY.

Grocers' Exposition Opens to Large Attendance.

California Products Important Part of Exhibits.

Special Programmes to Feature Each of Many Days.

With a wonderful display of food products in beautifully-decorated booths, the third annual Pure Food and Industrial Exposition, under the auspices of the Southern California Retail Grocers' Association, opened with a record-breaking attendance at [illegible] o'clock last night at No. 239 South Broadway.

The show will continue until April 1 and the programme, arranged by Manager Neal P. Olsen, will include many attractive features designed to interest the housewives of Los Angeles and visitors to the city. Special musical programmes will be given every day from 1:30 in the afternoon until [illegible] o'clock in the evening by the California Poppe Ladies' Orchestra.

The principal speakers last night were Glen MacWilliams, representing Mayor Sebastian; Frank B. Connolly of San Francisco, president of the National Association of Retail Grocers, and Jules V. Riviere, president of the Southern California Retail Grocers' Association.

"Quality, full weight and measure," is the slogan of more than 150 pretty young women in charge of the exhibit booths, who will give daily demonstrations in cooking and preparing foodstuffs for the market, for the benefit of the public.

California products, including a remarkable display of the citrus fruits, are features of the exhibit that are attracting special attention. Much interest was manifested in the cooking school, where a system of economy will be taught by the daily demonstrations of a well-known chef in charge of this exhibit.

The baby show will probably be one of the leading features provided for the entertainment of the women visitors in the afternoon. There will be more than 350 contestants. The Grocers' Association will award a $150 silver cup to the exhibitor who has the most attractively-decorated booth. A unique programme will be given for the St. Patrick Day celebration tomorrow, and a demonstration of practical recipes for orange and citrus fruits and juices, with a free distribution of oranges by the exhibitors, will be features of the orange day entertainment on Saturday.

"Food expositions are given throughout the United States by the retail grocers' associations, because the manufacturer believes that demonstrations of his products at these shows is the most successful way to give the housewives practical demonstrations and show them the purity of food products," Mr. Connolly said last night.

"Manufacturers are now operating under sanitary conditions, and it is the aim and duty of the members of the association to give the consumer the best quality of pure food and full weight of everything he purchases.

"The National Association of Retail Grocers has just won an important decision before the United States Supreme Court, upholding the antitrading-stamp and coupon law, by which a prohibitive annual county tax of [illegible] a year is imposed on all concerns giving trading stamps or coupons. This will eliminate the practice of giving trading stamps and coupons, that have always increased the cost of living to the ultimate consumer.

"A similar law will be introduced at the next session of the California Legislature to stop the practice in this State, and this bill will be given strong support by the Southern California Retail Grocers' Association, which is a very important factor in our organization."

SPECIAL DAYS AT SHOW.

The programme of the association follows:

Today, afternoon and evening, set aside as official grocery day.

Saturday—Orange day celebration, with practical demonstrations and distribution of oranges to the visitors.

March 20—Housekeepers' day; cooking school opens under the direction of Chef Wyman.

March 21—Afternoon, cooking contest for girls; night, Ad Club celebration.

March 22—Better-butter contest; grocery clerks' night.

March 24—Retail credit men's day; [illegible] night.

March 25—Children's day; police

March 27—Old folks' day; firemen's

March 28—Mothers' day; movie

March 29—Industrial day; Los Angeles county towns' night.

March 30—Federated State Societies.

March 31—Electric day and night; manufacturers of electrical goods will participate.

April 1—Exposition closes, with the Commercial Travelers in

The St. Patrick Day programme tomorrow evening will include an address by James Donovan, former Attorney-General of Montana, and musical and vocal selections by Beno [illegible] Henry King, Miss Maude Ryan, [illegible] Holland and George A. J. Howard. The entertainment tomorrow night will be given under the direction of [illegible] P. P. McCarthy.

GETS WILSHIRE HOME.

Widow of Late Joseph Black Receives Property on Fashionable Boulevard in Distribution of Large Estate—Many Relatives are Remembered.

Mrs. Cora L. Black, widow of Joseph Black, who died May 25, 1915, leaving an estate valued at $281,023.90, was given one-third of the estate, which included the home residence on the Wilshire boulevard. She petitioned the Probate Court for the distribution of the Wilshire property to her, and yesterday Judge Rives signed the order.

Black executed his will at San Francisco May 21, 1908. The Union Trust and Savings Bank of that city was named executor. His brothers, [illegible] and William, his sisters, [illegible] Surplice and Elizabeth [illegible], and various nephews, cousins and other relatives, were made the beneficiaries of the remaining two-thirds of the estate.

chase of several cases of high-powered rifles and automatic shotguns.

This action followed the discovery that numerous agitators have been working among the Mexicans, working up a feeling against the United States government and stirring up hatred against the "gringo" in the land that has given them shelter during the times of trouble in their own country.

The higher class of citizens from the southern republic have been advising their countrymen against acceptance of the doctrines propounded by the agitators. It is feared that in some quarters their arguments to discredit the loose talkers will not avail, and, in order to be ready for anything that may happen in the way of riots and disorder, the sheriffs will be adequately equipped.

MEXICANS ARRESTED.

Seventeen Mexicans declared by the police to be members of a small army of Mexicans who are alleged to be making their way to the border to join Villa, were taken from a Santa Fe train when it arrived from San Diego early last night. All the prisoners will be investigated today.

According to the information gained by the police and which led to the arrests, the Mexicans were recruited by Melicio Beltran, at one time an officer in Villa's army, and were to be shipped through this city to the border somewhere near El Paso.

Beltran, who was alleged to be with the party which arrived in the city last night, could not be found by the police. Abeleno Gonzales, one of the prisoners, however, is alleged by police detectives to be the much wanted Beltran. He will be questioned today.

The seventeen Mexicans told Sergt. McIntosh, who had charge of the party of officers who made the arrests, that they all came from a ranch at Sorrento, a small town near San Diego. They declared that they left the ranch on account of ill health.

During the investigation made last night of the party of Mexicans the police declared they had secured information from some of their agents that an attempt may be made by Mexicans to blow up the gas tanks about the city and to damage the water supply.

Extra patrolmen and many plain-clothes men will be detailed today by Chief of Police Snively to guard the gas tanks and to keep all Mexicans on the move. All suspicious-looking Mexicans will be arrested and investigated at Central Police Station by Spanish-speaking officers.

PRICE OF FOOL'S NOTE.

Carrier Pigeon, with Paper so Tightly Bound to its Leg that Circulation was Stopped, Drops Exhausted to Roof of Down-town Building.

A carrier pigeon that bore a fool's note, for no one knows how many hundred miles, tumbled to the roof of Bullock's department store yesterday afternoon, exhausted, too tired and worn even to flutter. Around its leg was bound a note, so tightly wrapped the little foot had swollen to twice its size during the flight.

The note said: "March 13, 1916—Send help at sea—drifting south for three days—out of water. (Signed) O. B. Joyful."

Earl Neil, a painter, living at No. 1311 Mitchell place, was at work on the top of the Bullock store when the pigeon dropped from the skies. It fell almost at his feet. As soon as he read the message he notified the police.

The absurd signature, and the details of its arrival, convince the police the pigeon was sent merely as a joke. The bird is being cared for by Neil at his home.

Speaker Who Divides Blame for the War Hissed by Partisans.

When Edgcomb Pinchon, who took part in a three-sided discussion of "Preparedness" at Blanchard Hall last night, stated that France is just as much to blame for the European war as England and that England is just as much to blame as Germany, two or three of the audience stood up to protest, several persons openly hissed the speaker, and considerable stamping was heard.

The other parties to the discussion were Dr. Frederick W. Sanders, who advocated a preparedness based upon the system in use at present in Switzerland, and Richard Ingalese, who expounded a theory of an enlarged standing army to be used in the conservation of forests, the building of roads and in constructive work generally. Reynold E. Blight presided at the meeting.

Bunker Hill Cut.

(Continued from First Page.)

until the opposition went so far as to attempt to discredit those quoting him he had not felt called upon to enter into the situation. Now, he says, he is in it to stay and to back everything he says with both word and bond.

HIS LETTER.

Mr. Hill's letter to the Council was addressed to John Topham, chairman of the Public Works Committee, and was as follows:

"I have been requested by a great number of property owners within the assessment district outlined for the proposed Bunker Hill open cut to verify or give my opinion as to the figures for the excavation given out by the City Engineer's office in accordance with plans and specifications, also to explain if there is any truth in the statements made by the opponents of said cut to the effect that it may cost two or three times more than estimated by the City Engineer. These requests have come to me so continuously and often that I feel it my duty to make a definite answer to satisfy all who wish to know.

"First, I will state the the conjecture given out by the opponents is entirely erroneous and can have no purpose except to defeat this magnificent public improvement.

"It is a well-known fact that it is the policy of the City Engineer's office to figure all public improvements or any work done within the corporate limits of the municipality at the maximum figure. This is not only the right policy, but it is the only safe one, as a general rule.

"In this case the excavation of the proposed Bunker Hill open cut has been figured on the maximum cost of 35 cents per cubic yard, which is a very safe figure for the engineer to give out, by the fact that a great deal of excavation work is going on for the city of Los Angeles at the present time in which the price paid will range anywhere from 16 to 20 cents per cubic yard. It must be considered that these jobs now being carried on to completion are only small compared to the magnitude of the excavation to be done in making the cut through Bunker Hill. Hence these smaller jobs are much more expensive proportionately, as neither one of them is large enough to warrant the proper equipment to do the work on the most economical basis.

"I have a number of locations and places for the dumping of all the earth that would be removed from said cut. Not only have I the location for the placing of the earth, but the dumping of such ground will bring good results.

"I have followed the vocation of cutting down hills and general contracting in excavation for the last thirty years, and I have handled some of the largest contracts of this character in Southern California. Hence I should be somewhat qualified to undertake a job of this particular character.

"I have looked into all the details very carefully and stand ready to sign a contract with the city or private individuals to remove all the dirt from the proposed Bunker Hill open cut in accordance with plans and specifications for same on the basis of 20 cents per cubic yard and to back said contract with a sufficient or unlimited bond.

"I will state further that within ninety days after operations begin I could have a passage or street through the hill at either First or Second street on the established new grade and that the whole excavating job could be finished within nine months.

[Signed]

"Yours very truly,

"J. A. HILL."

CONVINCING WORDS.

"I own eighty-six lots comprising over 2900 feet of frontage within the limits of the proposed open cut assessment district," said Mr. Hill last night, in discussing his letter to the city fathers. "I am directly interested in the cut going through and I don't make any bones about it. I am convinced that every piece of property in the district will be benefited at the very start a whole lot more than the assessment can possibly be. I could make a lot of money out of that job at 20 cents and anyone else could. I mean just what I say in offering to guarantee such a figure. Every business man and banker in Los Angeles knows that I can put up a sufficient bond to back my statement and the Council has but to say the word and I will do it tomorrow.

"I had not intended to offer any figures in this connection until the time came for the regular bidding for the work, but the ridiculous and untruthful statements that are being made by those who are trying to kill this improvement have forced me to change my mind. This thing is going to be settled on the basis of facts and not of misrepresentation if my word goes for anything in the community. Some of the fellows who are egging on the property owners to cut off their own noses and kill the present business district for the benefit of the speculators south of the hill have even said that this work would cost as high as $1.25 a cubic yard, and that it would take six years to finish the job.

"Maj. Fries is reputed to have said that the work would cost as high as 65 cents. I don't think he ever said it. It sounds to me like one of the typical tales of the crowd that is knifing this project. Half as much dirt as would have to be taken out for the open cut has actually been excavated with steam shovels and carted away in trucks and ordinary wagons in San Pedro in the past two years and it has been done at an average cost of 20 cents to my positive knowledge. The 290,000 yards taken out for the harbor boulevard through Nob Hill was scooped up and taken away for 19 cents. Being connected with the government, Maj. Fries knows that Uncle Sam is now paying 20 cents a cubic yard for its harbor work. Furthermore, the contractors at the harbor are getting nothing for their dirt.

"It would not surprise me to see the contract for the open cut excavation go as low as 15 cents if the thing goes through. It is simply a question of proper and sufficient equipment. If the city were to give me the work and let me construct either a temporary railway line or a noiseless aerial tramway to any of the low ground within a mile of the cut, I would guarantee to get the job out of the way within nine months from the day the first dirt was dug.

"As to the statement of the opponents that the whole zone of the cut would be closed to traffic for years, let me say that I could cut either First or Second street through so as to have it ready for the street improvements in three months. Traffic could be using the street cut through while the shovels were eating away the rest of the regrade district. Under the plan to be followed the contractor would get a fixed amount for the dirt taken away and he wouldn't get his money until the job had been completed. He would be a fool not to adequately equip himself with five-yard shovels and an aerial tram or railway and rush things, even if no time limit was imposed.

"The dirt from the Bunker Hill open cut would reclaim an enormous amount of land that is now so low as to be worthless and make values where none now exist. I have filled hundreds of vacant lots and I know what I am talking about. Some of the best parts of Los Angeles today, including the district around Westlake Park, are filled ground that before being raised to the level of the surrounding land was of no value."

Mr. Topham stated last night that Mr. Hill's reputation and experience as an excavation contractor made his letter to the Council a vitally important document as bearing on the open cut project. He gave it as his opinion that the Council would probably be influenced, if the cut project goes ahead and the total cost estimate is as materially reduced as Mr. Hill's statement would indicate it must be, to considerably reduce the extent of the assessment district to the east and west.

Mr. Topham explained that even as things stood the $4,000,000 estimate given on the post cards sent to property owners had been made about 25 per cent. higher than the actual estimates of the city engineering department. The tremendous saving below even this net figure, he indicated, might properly be made the basis for ending the assessment district at Alameda street on the east and at Union or Belmont avenues on the west. Thus it might transpire, he declared, that many of those directly to be benefited by the cut and included in the post-card vote would not be called upon to pay anything toward the improvement.

EVERY STATE TO BE REPRESENTED.

Unique Banquet to be Held at Broadway Store Cafe Tomorrow Evening.

Perhaps nowhere else in the world could such a banquet be held as that which will be given by the Federation of State Societies at the Broadway Department Store cafe tomorrow evening. Every State and Territorial possession of the United States will be represented. The principal speaker of the evening will be Willis Booth; others on the programme are John S. Mitchell, president of the Chamber of Commerce; Dr. Matt S. Hughes, Mayor Sebastian and Col. Frank H. True, president of the Federation.

If you come from any State or Territory you are invited to be present. Tickets can be secured at the Broadway Department Store or at the office of the Federation in the California Savings Bank.

Look to the Coffee

"In all cases of so-called neurasthenia, the coffee-drinking of the patient should be inquired into. What has been said about coffee also holds good in regard to tea," says a physician of note.

More and More, people are coming to know that the coffee and tea habits are responsible for a large percentage of those nervous disorders classed under the head of "neurasthenia," or nervous prostration.

Both coffee and tea contain the drug, caffeine, a powerful irritant of the nerves. They also contain tannin—an astringent—which acts most unfavorably upon the intestinal walls. Headache, "nerves," insomnia, biliousness—these are some of the signs of caffeine poisoning.

Many coffee and tea drinkers are learning that the way to health is by quitting coffee and tea; and for a pleasant, healthful drink, using

TREND OF THE FINANCIAL NEWS.

CHIEF EVENTS OF YESTERDAY.

(At Home:) Professional speculators took command in the financial districts and pushed values of strictly pure war stocks higher, while the public was content to take profits from former purchases. Reports show many eastern railroads are increasing their net earnings, while metal stocks are in better demand than for several days. Reports of damage by cold weather sent wheat prices upward. The volume of business is extremely large in all securities markets.

(Abroad:) Bulgaria is to issue a war loan for a large sum, at 6 per cent., in the beginning of April.

(For details, see financial pages.)

SHOULD NOT BE.

Lonely and unloved men, according to Dist.-Atty. Woolwine, are a source of supply for the ranks of the criminals, and these are not necessarily vicious by nature. But isn't there something radically wrong with the man who finds himself lonely and loveless in a world that is so full of good fellowship and affection?

ANOTHER BIG JOB.

Mr. Henry Ford, having failed to get the boys out of the trenches on schedule time, has been requested by California's misrepresentative, Randall, to at once intervene and call down the high price of gasoline. We should imagine Mr. Ford has had enough of butting his head against a stone wall to last him for a while.

USELESS ROBBERY.

The prize court in London has $10,000,000 worth of American securities seized from mails in transit on suspicion of being of German ownership.

The robbery will profit Great Britain nothing, for the owners of the securities or their American assignees can obtain duplicate certificates of stock by making proof of the theft of the originals and giving indemnifying bonds to the companies.

THE GREAT MAJORITY.

We delight in commemorating the daring deeds of those who have given their lives in a worthy cause, or who have suffered martyrdom for their religious faith, or who have sacrificed comfort and embraced hardships in big world enterprises. And yet perhaps the finest heroism in life is that which goes unhonored and unsung—found among the nameless millions who simply do their everyday duties loyally and faithfully and then pass on and by and by are forgotten as dead flowers. Perhaps of earth's many heroisms the one that trails no glory in its wake is the noblest and the hardest of them all.

CAT OUT OF THE BAG.

The real purposes of many of the zealous spellbinders who are so lachrymose over the alleged hardships to be inflicted on the property owners of the Bunker Hill open cut assessment district have been evident to most of the downtown business men and owners from the beginning. Marshall Stimson, secretary, attorney and chief wailer of the opposition organization, let the cat out of the bag sufficiently at the anti-cut meeting of Tuesday night to warn and convince the rest. The business center of Los Angeles, Mr. Stimson informed the audience gathered to hear his arguments, is now at Seventh street and Grand avenue. Everything in the older business district which the downtown owners who have made such enormous investments in buildings have been wont to call the established retail section," he inferred was decaying slowly and surely and must needs keep on decaying as the years go by. Why, he wanted to know, should anyone west of Bunker Hill want to pay an assessment to provide a direct route into old, decaying streets like Broadway, Hill, Spring and Main when a brand new, modern shopping area just off Figueroa street was being built for their especial benefit? Here is something for a few of the shortsighted property owners north of Sixth street to think about, if the jolt given them on Monday by the pointed protest of all the tenants on Broadway and Spring has left them still undecided.

COST OF THE OPEN CUT.

The Los Angeles City Council and the property owners within the proposed assessment district for the Bunker Hill open cut owe gratitude to J. A. Hill for the enlightenment he has given them on the subject of the probable cost of that vitally important public improvement. Taking advantage of the purposely high estimate of 35 cents a cubic yard for the excavation in the regrade zone, as submitted by the City Engineer, the leaders of the opposition have stopped at no limits of exaggeration in trying to frighten and mislead the frontage holders. The 35-cent estimate, they have proclaimed, was an impossible minimum. The result has been the confusion of the issue and a general feeling of uncertainty. Mr. Hill, who has been an excavation contractor for thirty years and who has handled about three-quarters o' the big excavation jobs in this city in the past decade, was influenced by the desire for fair play when he wrote an open letter to the City Council asserting that any properly-equipped excavation contractor could well afford to take the job at 20 cents a cubic yard. Mr. Hill's assertion that he is personally prepared to back his figure with a good and sufficient bond (which he is amply able to give,) settles the question of maximum cost in so far as the actual excavation is concerned and clears the way for intelligent action.

FOR THE SAFETY OF LOS ANGELES.

We have living in the city of Los Angeles 35,000 Mexicans, the majority of whom we are glad to believe are law-abiding citizens. But at least 10 per cent. of them are known to the police to be rabid sympathizers with the outlaw, Villa, and many others constitute inflammable material that agitators, given a free hand, could stir up to fighting frenzy.

To start with, we must make sure that no agitator, taking advantage of the present disturbed condition of international affairs, is allowed to soap-box any considerable number of Los Angeles Mexicans to riot and anarchy. After that we must be prepared with a sufficient force in case a disturbance is fomented to quell it speedily and thoroughly.

With these objects in view Chief Snively has provided 2000 cards to be forwarded to eligible citizens, so as to form a force of special police officers, ready to serve the city if called upon. This is a duty that every loyal American citizen will be ready to undertake. Moreover the knowledge that such a force has been provided to handle any dangerous situation that local agitators may attempt to bring about is the surest safeguard against such a dangerous situation materializing.

We have confidence in the good intentions of the majority of Mexicans who have found work and safety under the Stars and Stripes, denied them by the anarchy and impoverishment of their own country. But the firebrands—and they are not few—must be watched and snuffed out; the preachers of insurrection must be sequestered and confined. Should any disturbance assume the proportions of a riot it is well to know that we shall have a sufficient number of our own citizens immediately available for the honor of our fair city to promptly restore law and order.

THE WATER-POWER LAW.

The Shields water-power measure, as it passed the Senate a week ago by a vote of 46 to 22, was shorn of some of its objectionable features. Senator Shafroth of Colorado contended that the government had no control over waterways except in so far as concerned their navigability, and this is the doctrine which has been steadily maintained by the Federal courts.

Senator Walsh of Montana made a hard but losing fight for an amendment allowing the Federal government to obtain compensation for public land withdrawn for use in dam construction on the basis of power created.

As adopted the bill was satisfactory to the Gifford Pinchot water power monopoly, for it permits dams in navigable waters under licenses issued by the Secretary of War, and gives grantees the right to operate power plants for fifty years, when the Federal government may take over the plant after giving two years' notice and paying a fair value, to be determined by the Secretary of War and the owner, or by proceedings in the United States courts.

But the States are not deprived altogether of their rights. Regulation of rates and services is placed with the States in which the plants are located, or if interstate commerce is involved, with the Interstate Commerce Commission. No works shall be operated in any combination to limit the output of electric power or in restraint of trade.

Senator Walsh of Montana, who had all along opposed the bill, finally voted for it, saying he considered it bad legislation, but believed it would be amended when it reached the House.

Senator Chilton of West Virginia offered an amendment which was defeated by a vote of 30 to 21, requiring the Secretary of War to decide contests for permits to build dams in favor of the applicant offering the lowest priced service to the public. This amendment, if it had been adopted, would have broken the hearts of the Pinchot lobby.

Senator Newlands of Nevada vainly endeavored to put the grand kibosh on the law by attaching to it his measure providing a waterways commission and appropriating $60,000,000 annually for ten years for flood control, waterway improvement and soil protection.

PROTECTION THE MAIN ISSUE.

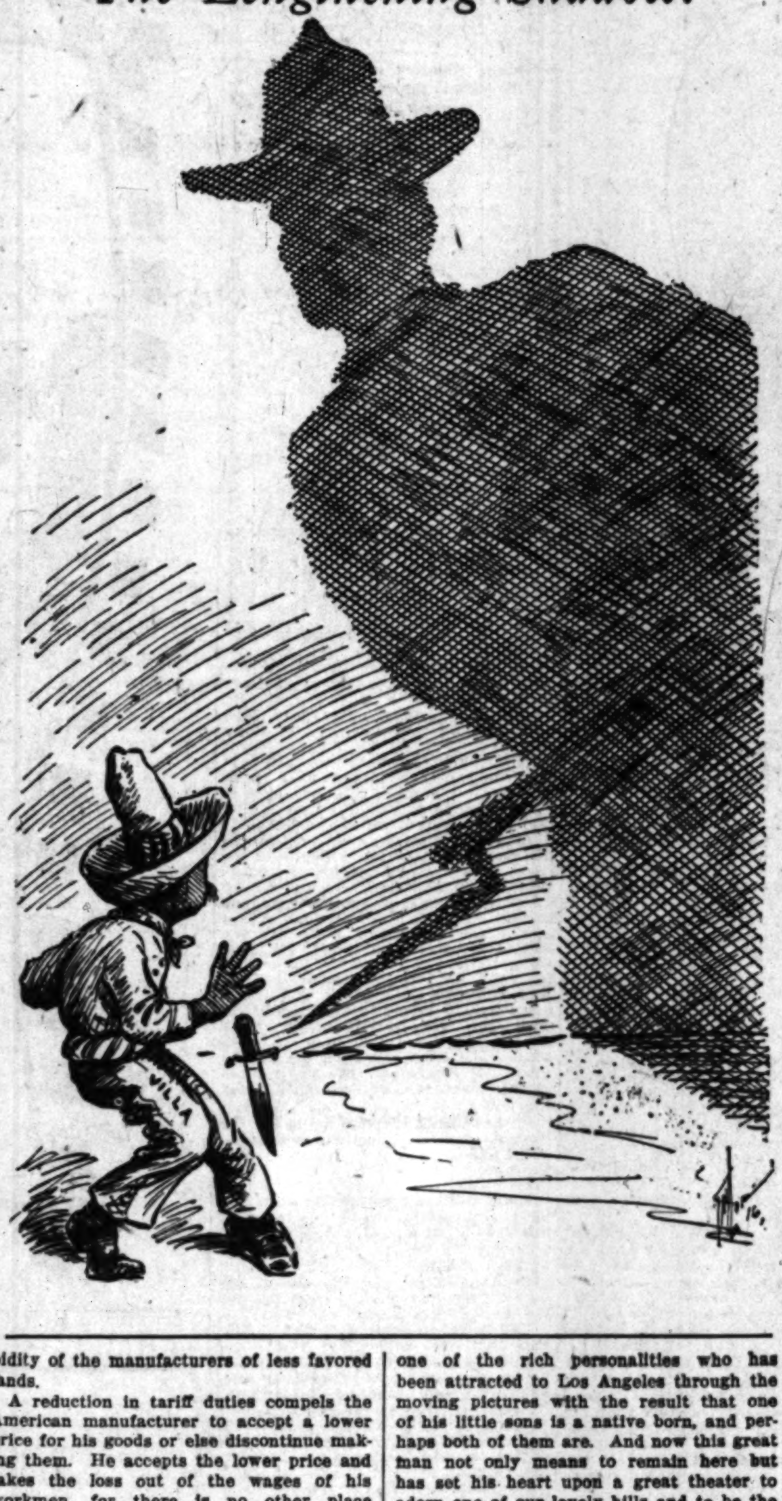
Los Angeles is indebted for her mighty growth not merely to the climate buyers who come here to enjoy the equanimity of the thermometer and spend their money, but to the home and fortune seekers who come here to make money. Los Angeles owes her prosperity to the men who change arid lands into lawns and orchards, to the men who keep the furnace fires alight and the hammers clanking, to the creators and developers of cities, to the world builders of civilization, to the strong-armed, bright-brained workers of the land.

The most valuable possession of the nation consists of the young fellows who start as brakemen with the intention of developing into general superintendents; the young men who push and pull a saw and look forward to being contractors; the miners who hammer fire out of the head of a drill and after a while become mining capitalists; the laborers who link the music of anvil and forge and shuttle to the diapason of the cataract and the thunder cloud, and who sound the anthem of progress from the mountains to the sea.

Ours is a nation of workers. The fabric of our national greatness has been woven by its free laborers and it is the mission of the Republican party to protect their interests. Protection is first because it is mutual. The Pennsylvania coal miner pays more for his woolen shirt and thereby enhances the wages of the New Jersey factory operative, and the New Jersey factory operative pays more for the fuel that cooks his food and thereby enhances the wages of the Pennsylvania coal miner. The California raisin maker pays an extra price for his shoes and so helps the Massachusetts shoemaker, and the Massachusetts shoemaker pays an extra price for his raisins and thereby helps to higher wages the laborer in the California vineyard. The carpenter and the plumber and the plasterer pay, under a protective tariff, a little more for the goods they purchase, but they obtain higher wages from the house builder, and the house builder obtains higher rents from his tenants, and the tenants obtain higher wages and salaries from their employer and are thereby enabled to pay the farmer more for his produce.

We are all links in the protective chain that encircles our land and helps to retain prosperity within our gates. We are all threads of the warp and woof of the fabric whose golden glitter excites the cupidity of the manufacturers of less favored lands.

The Lengthening Shadow.



A reduction in tariff duties compels the American manufacturer to accept a lower price for his goods or else discontinue making them. He accepts the lower price and takes the loss out of the wages of his workmen, for there is no other place whence he can take it. The worker submits to the reduction, for he must live. He cannot change his occupation, for wages will be equally reduced in all trades. So he accepts lesser pay for his work and brings his life down to the standard of the European laborer and thanks God and Woodrow Wilson, or as it should be stated, according to Mr. Wilson's idea of precedence, Woodrow Wilson and God, for being permitted to live at all.

For the second time in sixty years a Democratic tariff for revenue only has been tried. The results of that trial have not been as disastrous as in 1893 because the European war has left the looms and furnaces of Europe without any surplus for exportation to America, and because the making of guns and munitions of war in this country has given employment to a vast number of American workmen, who lost their jobs in consequence of the Underwood tariff.

When the war ends new conditions will ensue. The American people will prepare to meet those conditions by removing the Underwood tariff from the Federal statutes and by restoring protection to its rightful place in the policy of the nation. Preparedness for war we will undertake by an increase in our land and naval forces. Preparedness for both war and peace we will undertake by re-establishing the protective tariff under which we prospered for eighteen years.

LOS ANGELES AND THE FAMOUS.

Los Angeles scintillates with brilliant men and women. It is a city of personages. If any nonmember could go down to the Pals' Club some Saturday at midnight and sit until 3 o'clock Sunday morning he would be surprised at the number of famous people he would see and hear. These feasts are held weekly and are always attended by from 400 to 600 persons of note, chiefly identified with the motion picture business in the capacity of managers, directors or actors. They represent an annual expenditure in Los Angeles of more than thirty millions of dollars, but they are the freest class in the world from the sordid side of life. They make money and they spend it, but they live while they are making a living, and everybody who touches them sees something of the color of life and its joy.

Due entirely to the motion picture industry and art, more famous people have come to Los Angeles to make this their home in the past five years than in all the history of this beautiful city. It is perhaps not an exaggeration to say that nine-tenths of all of the men and the women who have been made famous by the stage in recent years anywhere in the world are now residents of Los Angeles. People you used to hear of only by reading the eastern magazines and the dramatic sections of the New York Sunday newspapers are as like as not next-door neighbors with you now. People who formerly would have lured you for many miles for a glimpse of them across the footlights now jostle elbows with you every day on the streets and in the hotel corridors of Los Angeles. Children in Los Angeles are in a position to be advised by the finest dramatic students in the world when they take up their courses in the literature of the stage. Our women's clubs find themselves addressed by the playwrights and the actors we formerly studied at long range.

Tyrone Power, considered by William Winter and other critics and by most actors to be one of the finest of living actors, is one of the rich personalities who has been attracted to Los Angeles through the moving pictures with the result that one of his little sons is a native born, and perhaps both of them are. And now this great man not only means to remain here but has set his heart upon a great theater to adorn one of our lovely hills and to be the center of ideal productions to which the greatest artists of the world shall contribute in person and where the greatest plays of all time may be given.

We have whole colonies and communities of noted persons and then we have a wide scattering of famous actors who have built here and there and everywhere within the city and its suburbs. We of Los Angeles owe the motion-pictures a great deal, more than anything else we owe them a permanent debt of gratitude and our greatest business encouragement for the rich personalities they have directed to our city.

RIPPLING RHYMES.

MARCH WINDS.

Oh, March is bad and boisterous, and rude and rough and roisterous, she's like a dippy squaw; she howls around us frightfully, and blows our hats off spitefully, the worst you ever saw. And as our lids go fluttering, the language we are muttering the air around us taints; of course it's rather rude in us to use paths platitudinous, but then we are not saints. We paw around and swear again, and long for summer air again, for breezes warm and sweet; we think we'll then be happier, but doubtless we'll be scrappier, when summer brings its heat. Our language will be vigorous, when our sore legs are chiggerous, when ants crawl up our backs; we'll still be cussing drearily, while we are swatting, wearily, the flies that stick like wax. Our discontent's inherited; we hand out roasts unmerited, to all that comes along; instead of smiling merrily, we yelp and say, "Yea, verily, whatever is is wrong." Man ought to face things cheerfully; complaining always, tearfully, betrays the spineless rube; man's head is largely ivory and he for sense must strive or he becomes a hopeless boob.

What has become of the old-fashioned man who called it a "wallet"?

This is a queer world. The man who is the most enthusiastic worker in a movement to raise $100,000 to bring Billy Sunday to town to abuse people is the same lad who gets mad when he is asked to contribute a dollar toward the support of the home church in which he was christened and married.

What has become of the old-fashioned man who spent his whole life trying to invent a non-refillable bottle?

Maybe the reason why a girl doesn't appear on the street wearing her own natural complexion is because she does not want to be too conspicuous.

THE FINGER ON THE TRIGGER.

BY ALMA WHITAKER.

Uncle Sam stands with his finger on the trigger these breathless days. Must he shoot? More war, more cruel heartaches, more blood, more souls sent quivering to their God.

Does American honor and responsibility really demand this thing? The Mexican situation is fraught with so many complications, so many problems—is there no human way of settling them without more bloodshed, without adding our quota to the world's horrors? President Wilson has steered the country through much more critical crises than this. Not half as many American lives have been lost in Mexico as upon the high seas by the submarines of a "friendly" country, yet we are still officially friendly with that country. And for that achievement Wilson's name should go down to history as master of patient diplomacy.

Mexico as a country has not insulted the United States. It is only a small revolutionary band under Villa, a mere bandit, that has affronted our self-respect, yet we know that a punitive expedition against him will inflame many thousands of Mexicans against us and swell his forces. No matter how diplomatically the agreement with Carranza may be arranged and defined, a vast mass of the uneducated, hot-blooded Mexican populace, always suspicious of American intent, will see in that punitive expedition sinister schemes for the annexation and subjugation of Mexico to the United States. That punitive expedition must inevitably resolve itself into war. The President sees this better than any of us, but he is beset by many urgent warlike counsels, so many of us are ever ready to strike first—and think afterwards.

Yet it does not need a vivid and sympathetic imagination to picture the horrors of war. For two years now our newspaper columns have been full of dreadful details—and for two years we have been talking about the default of civilization, the return to barbarism of the effete countries of Europe—and thanking God we were not as those other nations.

For two years we have been deploring the failure of European diplomacy to obviate what we have termed again and again a bloody, senseless, wicked war; for two years we have been sarcastically asking what it was all about anyway. We thought Austria an arrogant, arbitrary nation for making war on Servia, a few of whose subjects had been fomenting intrigues against her, culminating in the assassination of the heir to the Austrian throne. We condemned Germany for supporting Austria in her arbitrary demands. We deprecated the interference of France and Russia on the other side. We doubted the wisdom of England in plunging headlong into the struggle in the defense of Belgium. As each new nation joined the fray from what they regarded as obligatory motives, we have shaken heads over the madness, the deplorable insanity that seemed to have run rampant over Europe.

And yet. . . . "We can't stand any more of this nonsense from the greaser. He's got to be punished. The United States has been insulted, Americans have been killed by the wild bandit. We must teach them. . . ." One knows the sort of talk that one hears on all sides these days, talk that regards war as a duty, talk that chatters glibly of "honor" but takes no cognizance of death—other men's death, the death of other people's sons and husbands.

Ah, but our case is different. The circumstances are unique. This Villa bandit has invaded United States soil, has offered us public insult after insult. Well, every case is different. There have always been special circumstances in every war. And so long as countries consider their honor can only be vindicated in blood, they will always find special circumstances to warrant it.

But surely, surely, we have seen enough of the folly and brutality of war. We may flatter ourselves that ours will only be a little war, that a few months will settle it. That's what every nation thinks. But it took England nearly three years to settle the Boer question—and she lost half a million lives over it.

It is right and proper that we should be prepared, that a great country like the United States should, so long as war is even a remote possibility, have an efficient army, brave, well trained, ready to sacrifice its life in defense of the beloved soil—an army to instill respect in the alien breast and make them hesitate to try issues with it.

But does the present Mexican crisis call out for that last great ultimate resistance? Can one work up the glorious flame of affronted patriotism over this cheap Villa bandit? Are there any mothers who have read the papers for the last two years who can rise to the sublime heights of sacrifice and send their sons to slaughter and be slaughtered in a "punitive expedition" which experts frankly declare will take at least 200,000 men to accomplish with any degree of success! These military experts obviously realize that that punitive expedition will resolve itself into war. They know that the now outlawed bandit Villa only needs such an action on the part of the United States to enroll thousands of new voluntary recruits to his colors. Carranza himself is not unlikely to join forces with Villa in the face of public opinion, if the squareness of the United States is doubted.

The great question of national honor is complex. Isn't it perfectly honorable to endure almost anything, outside of actual invasion, before offering up human sacrifice for expiation? President Wilson thinks so and we may yet live to agree with him. He has weathered graver crises than this and extricated the nation with honor. It can be done, he may still do it again. "God send him wisdom!" must be the cry of all of us who have not read our papers for the last two years in vain.

Cost of Women's Clothes.

[E. W. Howe's Monthly:] I am usually reasonably well satisfied, but find myself indignant because I lately paid a third more for a two-piece suit for Adelaide than I paid for a three-piece suit for myself. The material was about the same, and the tailors of about equal note.

In thinking it over I have concluded that women's clothes cost so much because the women do not pay for them; I have observed that when a woman earns her own money, she is real thrifty and careful with it.

Battle Bob's Slogan.

[New York Sun:] Battle Bob has suffered a recrudescence of his ambition for the Presidency and will undoubtedly take for his battle cry "No American Ships on the Pacific Ocean!"

A Limited Supply.

[Topeka State Journal:] Much of the talk about perfect husbands has subsided, says the Toledo Blade. Probably because one animal of that kind in a generation is an average.

Our hats off to the man who can pay his millinery and dry goods bills without having a pained expression on his face.

When the American flag crosses the Rio Grande will it ever come back? Some mighty history is being written these days.

For a First Chief who is afraid to go to his own capital city it strikes us that Venustiano Carranza is carrying a lot of ballast.

In view of the events occurring in the world, the present season of Lent ought to afford men and women something [illegible] thinking about.

It would have been valuable time saved if Gen. Funston's army had started from Vera Cruz. The job might have been well finished by this time.

In the coming fight between Jess Willard and Frank Moran there are great possibilities. If it is a real fight the sports will kick; if it isn't, the sports will be sore.

We know of one man in the United States who will not be elected President of the United States, and his name is Thomas P. Gore. There will be no Gore Clubs this fall.

The Kaiser says he will take Verdun if it requires the lives of 200,000 men. He talks like a man who has the lives to give. If the royal family should stand in the front ranks he might change his mind.

What will the harvest be at Verdun? The Kaiser has staked all on the result of the present series of battles. He hopes to humble France and secure a separate peace from the republic. It is a mighty stake.

President Wilson has agreed to the Carranza plan to allow the army of the First Chief to cross into American territory in the chase of the bandit Villa. Carranza seems to have our President on the hip.

Isn't it about time for Gen. Charles H. Grosvenor, "Old Figgers," to begin to figure on the Republican Presidential nomination? There was a time when the sage of Athens was more reliable than Madame Thebes.

The Kaiser threw a million men into Belgium in the twinkling of an eye with a splendid, trained army. The delay necessary to be able to make a showing on the Mexican border indicates the difference between American and German preparedness.

Gen. Winfield Scott led the last army into Mexico and he kept on going until he reached the City of Mexico. But there were Molino del Rey, Resaca de la Palma, Buena Vista, Chapultepec, and other battles fought before his triumphal entry into the capital city.

The Democratic party at this time seems to be suffering from inexpert leaders, errors of quack physicians and the blunders of ignorant managers, but beyond that it appears to be doing fairly well. It is the old story of the inefficient party in place of responsibility.

To chase Francisco Villa out of the mountain fastnesses of Mexico will be no boy's play, and a large army will be required. The possibilities are [illegible] long continued guerrilla warfare [illegible] Mexicans can live fat in a country [illegible] an American will starve to death.

FIRST CASE ON "STRAW" BONDS.

Man is Held to Answer to the Superior Court.

[illegible] to Controvert Testimony Over Attorney's Advice.

Woman Released as Surety for One of Defendants.

[illegible] Males is the first of a group of alleged "straw bondsmen" to be held to answer to the Superior Court for trial on the charge. Yesterday, during his preliminary hearing before Justice Forbes, he defied his attorney and took the stand on his own behalf, failing by this action, however, to convince the court of his innocence to the extent of giving him his freedom.

Males was charged with having perjured himself in going on the bond of Eugene A. Higgenson, C. A. Anderson and R. L. Brown, real estate men awaiting trial for alleged fraudulent transactions. When he appeared before Justice Summerfield, he declared that he owned an orange grove in Riverside, and showed a deed from W. S. Herron to prove this assertion.

Yesterday it was brought out that he had deeded back this property to Herron and that both deeds were sent to the Recorder of Riverside county in the same envelope. They were never recorded because Males failed to enclose the proper fee. Both the deeds were introduced as evidence.

In qualifying as a bondsman for R. L. Brown, Males stated that he owned the apartment-house at No. [illegible] East Fiftieth street. He made the same declaration yesterday until confronted by Mrs. Maude C. Rogers, who produced a deed to the property given her by her husband, R. R. Rogers, real estate operator.

Males had given his occupation as a contractor. Testimony went to show that since his arrival in Los Angeles he had not been in this line of business, and that the only construction work in which he was interested in [illegible] years and a half was as a day laborer on one job. The State introduced a witness to testify that Males was several months in arrears on his room rent and that he had admitted being out of funds on a number of occasions.

He endeavored to controvert this testimony, against the advice of his attorney, who asked that he wait until his trial in the higher court before doing any talking. As a result he was held to answer.

During the course of the trial, Mrs. [illegible] Peterson, who was on the bond of Higgenson and secured a release from that, asked that she be also released from the bond of R. L. Brown. The court granted this petition and issued a bench warrant for the return of Brown to the County Jail until he can procure other bail.

In holding Males, Justice Forbes fixed the bail at $2000, in default of which the defendant was taken to the County Jail.

Today William McLaflin, another alleged "straw bondsman," will be given a preliminary hearing. He [illegible], at the time of his arrest, to produce testimony implicating a number of prominent professional men in the business of giving "straw bonds."

Unarmed.

DOESN'T CARRY GUN.

Youth who Secured Revolver to Intimidate "Owl Gang" of Belvedere, who Objected to His Attentions to a Girl, will be Watched.

Ira Bauer realized he had made a mistake when he saw on Judge [illegible] table yesterday the Colt revolver he was charged with carrying. It was a big gun, and it looked even more menacing as the court occasionally placed his hand upon it while lecturing the youth on the error of his ways.

Ira had made what he thought was a plausible excuse for carrying the weapon. His was the story of a girl living in Belvedere, and a gang of mischievous boys calling themselves the "Owls." The Owls have not reached the age when they sneak through by [illegible] to meet the girl of their choice. But the Owls sneer at the tender passion, and when they discovered Ira [illegible] paying court to the Belvedere belle they tormented him.

The [illegible] youth believed they intended to carry out their threats, and in order to protect himself or at least to intimidate the Owls, he carried the revolver. The juvenile officers got him before he could flash it on the [illegible].

"You have no business to carry a [illegible] deadly weapon," the court told Ira yesterday. "Don't be afraid of the Owls. If they attack you tell the authorities and they will deal with them."

Ira left the courtroom knowing that for eight weeks he will be watched and at the first attempt to arm himself the officers will bring him back to juvenile court.

[illegible] ENTERTAINED.

[illegible] Military Track Team Given a Dinner at Athletic Club.

[illegible] Carey, millionaire Chicagoan, who is said to have declined the nomination for Mayor of that city because the duties of the office would keep him away from [illegible], where he spends a large part of his time, was host at a dinner to the track team of the Harvard Military Academy last evening at the Los Angeles Athletic Club. The dinner was a jubilation over the victory last Saturday, when Santa Monica High School went down to defeat before the young soldiers.

[illegible] Carey, son of the host, is a member of the Harvard team.

Among those present were the Rev. [illegible], president of the school; [illegible], athletic director, and [illegible] of the District Attorney's office. After the dinner the party attended the Morosco Theater.

[illegible] ORGANIZE.

[illegible] for the purpose of cultivating the art of extemporaneous speaking and debating, the Rialto [illegible] of the College of Law, University of Southern California, elected officers [illegible]. They are: Leo Freund, president; G. F. Baker, vice-president; [illegible], secretary, and W. H. [illegible], treasurer. The other [illegible] members are: E. L. Banta, [illegible] G. W. Fenimore, D. Glick-[illegible], W. G. Thiele and R.

GRAND JURY INQUIRY.

Evidence not Brought Out at Preliminary Hearing of Negro Patrolman Charged with Wife Murder will go before County's Investigating Body.

Justice Brown was summoned to appear before the grand jury on Monday morning immediately following the dismissal of Samuel Lewis, former negro patrolman, who was charged with the murder of his wife, and against whom the court held that not sufficient evidence was introduced to cause binding him over to the Superior Court.

Deputy District Attorney Stafford, acting for the grand jury, served the subpoenas on numerous witnesses in the preliminary as well as on Justice Brown. He stated that the reason for this subpoena lies in the fact that the court instructed the clerk to return the officer's revolver and the blood-stained clothing of the dead woman, there being no further reason for holding them after the defendant had been dismissed, unless the grand jury requested their delivery as exhibits.

Considerable evidence, which was not brought out yesterday morning because of the battle of the attorneys for the defendant to exclude it, will be taken before the county inquisitorial body. Among the matters to be investigated is the action filed by Mrs. Lewis for a divorce in which she alleged that her husband, on a number of occasions, had threatened her with death.

The shooting occurred on the night of February 24, at No. 625 East Eighth street. The former patrolman insisted that his gun had been accidentally discharged while scuffling with his wife for possession of it. No actual witnesses of the alleged crime have so far been discovered.

Suspicious.

DRINKS BEER, DIES.

Negro Quaffs from Same Glass Used by Wife, from Whom He was Separated, Falls in Convulsions and Soon Expires—Liquor Analysis is Ordered.

Chemists have been asked to examine the beer from which Leonard Thomas, a negro, No. 801 East Third street, drank, early yesterday, dying from the effects within a short time. He was drinking from the same glass with his wife, from whom he is separated.

Mrs. Thomas, who has been living with her mother at No. 1414 East Eighth street, visited her husband in his room last night, and then invited friends to drink with them. The guests were Mrs. Brankley and Mrs. Josephine Lee, No. 834 Traction avenue.

After the four had drunk several glasses of the brew, Thomas was suddenly stricken. An instant later he was writhing with convulsions. The ambulance from the Receiving Hospital was called, but Thomas died before medical aid could be given.

Coroner Hartwell was notified of the death, and he ordered a chemical test of the beer found on the tables. The result will be known today.

Beautiful Spring Trimmings
Colorings Copied From Rare Old Prints

The color note runs riot through the new flouncings. Bands and motifs bring to mind the colorings used in rich old prints. Beaded trimmings, shadow effects showing the two-tone colorings and many with a glint of gold, are lovely indeed. The flouncings on white and black net, with colored beads forming floral designs, are used for evening wear.

Very attractive are the silk-embroidered trimmings in Oriental colors, with a touch of gold or silver. And motifs are exceedingly fashionable. Flower trimming, too, is suggestive of spring, and is shown in the pastel tones. And we've many from abroad.

COULTER'S — 215-229 South Broadway 224-228 South Hill Street—COULTER'S

Life's Gentler Side—Society, Music, Song and the Dance—The Theaters.

SOCIETY.

The Jonathan Club's Saturday afternoon dansants have been resumed as the result of clamorous demand of members of the club and their ladies. The board of governors has announced that these popular affairs are to be continued throughout the month. Invitations will also soon be issued for the much-discussed April Fool's ball, which conveniently falls on a Saturday.

St. Patrick's Day gives promise of being generally celebrated tomorrow evening with any number of balls. The Huntington is arranging its Emerald ball on lavish lines, while the Virginia at Long Beach with its green and red ball, and the Green with its last formal dancing party of the season, are attracting respectively their quota of attendants.

At the Los Angeles Athletic Club the Mayor of Rowansburg and his august cabinet will participate in the large dinner dance, which is to stage some pretty dinner parties. The M. J. Hencheys are having some thirty guests.

Others to entertain will be Mr. and Mrs. John F. Powers, Mr. and Mrs. C. C. C. Tatum, Mr. and Mrs. L. P. Bergin, Mr. and Mrs. Fred Barman, Jr., J. Walter Kays, Mr. and Mrs. William Beamish, L. V. Starr. Through the dining-room and other parts of the clubhouse the color scheme will be green. Dancing will be from 9 o'clock until a late hour.

Recuperating.

Mrs. Stockton Veazey of Seattle, who, with her little babe, has been for several weeks enjoying the Southland and stopping meanwhile at the Merritt-Jones in Ocean Park, has come to the city and is at the Alvarado, where the charming young matron is recuperating from an indisposition. Later she expects to spend some days at Beverly Hotel before going to the Puget Sound country.

Tea at Alexandria.

Prima donna rosebuds and maidenhair fronds, with daintily embossed rose place cards, beautified the tea table over which Miss Leonora Peter of Akron, O., assisted by Mrs. Henry Clay King, presided at the Alexandria yesterday afternoon, in compliment to Mrs. George Snow and daughter, Miss Helen, of Gray Manor, Pittsburgh, who are being much entertained while house guests of Mrs. Snow's sister, Mrs. Jeannette P. Moffat of Gramercy Circle at Twenty-fourth street. Others at table were Mrs. I. H. Carroll, Mrs. F. A. Kenny of Pittsburgh, Mrs. I. Henry Harris, Mrs. S. A. Harper of London, Eng.; Mrs. E. A. Preuss, Mrs. Victor Emden, Mrs. Brent, Miss Florence Howard, Miss Berenice Marcher and Mrs. H. A. Hixcox, with Mrs. Moffat, the honorees and hostesses.

Back from Coronado.

Mrs. Herman Baruch and daughter, Miss Elsie, have returned from Coronado, where they have been guests for the past week.

In Yellow and Green.

Honoring their house guest, Miss Mildred Kennedy of Cincinnati, and Miss Lelia Depper of Columbus, Miss Irene Turner gave a tea Thursday afternoon. Yellow tulle, daffodils, acacia blossoms, fresias and jonquils were used decoratively, the centerpiece for the tea table being of the flowers, and yellow-shaded tapers shed a subdued glow. The favors were tulle-tied yellow baskets filled with St. Patrick emblems of green four-leaf clover confections. For the musical and guessing contests for the afternoon's pleasurable diversion, Mesdames Pettys and Colburn acquitted themselves with high honors. Bidden to enjoy the affair were Mrs. John Bohanan, Mrs. Leo McDowell, Mrs. Gilbert Nottage, Mrs. Wallace Coons, Mrs. George Cassin, Mrs. U. C. Pettys, Mrs. George Colburn, Mrs. Jerome Connors, Miss Gladys Eaton, Miss Carlonia Hill, Miss Kathleen Roberts, Miss Stella Martin, Miss Margaret Gibson, Miss Harper, Miss Mae Haward.

The hostess was assisted by her mother, Mrs. H. S. Turner, and Mrs. Edwin D. Kennedy of Cincinnati, who also is visiting in the Turner home at No. 1963 Canyon drive, Hollywood.

At Hymeneal Altar.

A pretty wedding occurred Friday evening last at St. Andrews Episcopal Church on Normandie avenue, when Miss Vera V. Sparks, daughter of A. A. Sparks, a pioneer resident of Los Angeles and San Diego, was united in marriage to John W. Dorrington, Jr., a young business man of the city. Rev. Emory F. Howe, the rector, was officiant, about 100 relatives and friends witnessing the ceremony. The bride looked lovely in a wistaria and pink taffeta, with hat to match.

Mr. and Mrs. Sparks afterwards entertained the relatives of the happy pair at their home, No. 1105 Leighton avenue, it being the twenty-third

birthday anniversary of their daughter, the bride. Supper was served, thirty covers being laid at a board dainty in pink carnations and violets. The sun parlor and living-room were decked in showers of mustard and potted ferns. The guests were Rev. and Mrs. Emory F. Howe, Mrs. E. D. Hawley, Mrs. A. E. Harris, Miss May Harris, Mr. and Mrs. N. W. Graham, Mr. and Mrs. Ralph Hawley, Miss Bernice Hawley, Mr. and Mrs. Arthur Hawley, Mr. and Mrs. C. L. Bisbee, Mrs. J. B. Graham, George Graham, O. L. Bisbee, Alexander Sparks, Frances Hawley, Mary Elizabeth Graham. Out-of-town guests were Mr. and Mrs. M. M. Galbraith of San Diego, John Dorrington of Yuma, Mrs. Abbie Bisbee of Oklahoma City, Mrs. Grace Hornaday of Oklahoma City and A. C. Pollamus of San Diego.

Mr. and Mrs. Dorrington are to reside in Los Angeles at their pretty home, No. 1633 West Forty-seventh street.

Married in Church.

Miss Elizabeth M. Williams, daughter of W. R. Williams, former newspaper man and now clerk of Judge Reeve's court, was married last evening to Jesse J. Rarick of Osceola, Iowa. The ceremony was performed by Rev. Richard Abberley at the Magnolia-avenue Christian Church. The bride and groom will leave for San Diego and San Francisco on their honeymoon. Mrs. Rarick resided with her parents at No. 4518 Wilton place.

In Cupid's Realm.

Mr. and Mrs. B. Harris of No. 668 South Bonnie Brae street announce the engagement of their daughter, Minnie R., to Frank E. Mimmer of this city.

To Wed in Early Summer.

Mrs. Elizabeth P. Kennard of No. 616 West Thirty-fifth place announces the engagement of her daughter, Rose Ella, to James C. Lester of Virginia, now a prominent realty broker of this city. Miss Kennard is the charming daughter of the late Prof. William J. Kennard, founder of the Kennard Poly College, formerly located at Washington and Grand avenue. She will be remembered by many students as teacher for her father.

Miss Kennard has the distinction of being a talented dramatic reader, taking many parts in the social affairs of this city. Mr. Lester came to California five years ago from Richmond, Va., assuming the duties of editor and manager of a local mining and oil journal until two years ago, when he entered into the real estate business and has been very successful. In addition to being a member of the Sierra Madre Club he is also a member of many other social clubs of Los Angeles. Mr. Lester recently enlisted in Company B of the Seventh Regiment, which is being reorganized under Capt. Howard S. Tracy.

The wedding will take place in the early summer.

To Masque.

Los Robles Tennis Club of Alhambra will hold its annual dance on Friday at the Woman's clubhouse, Alhambra. It will be a masque and many novel features are planned. Those who attended the rodeo and Halloween dance given by this club are anticipating the event with pleasure. Patronesses of the affair include Mrs. Howard Phyllis, Mrs. Harry Robinson, Mrs. Alex Kreuger, Mrs. Charles Puckett, Mrs. Morris Gifford, Mrs. William H. King and Mrs. Edward Hill.

Back from the East.

Mrs. Beatrice Hubbell Plummer, singer and composer of children's songs, who is well known in Southern California musical circles, arrived today on the California Limited from New York, where she has spent the past year in study. Mrs. Plummer, with her husband and son, are at home to friends at the Huntley.

Club Members Guests.

Mrs. C. L. Pennell of No. 1841 West Twenty-fourth street entertained Wednesday last with a luncheon honoring members of her club. The table decorations were in yellow, a French basket tied in yellow tulle holding a shower of jonquils, while place cards done in jonquil design marked covers for Mmes. Ernest Merriweather, George Pomy, George Mack, Charles Daniel Wagner, Edward G. Phillippi, Neal and Sanders. On the 22nd inst. Mrs. Merriweather is to entertain the same coterie at her home at No. 814 Gramercy place.

Plight Troth.

Miss Helen Porter Candler, the attractive daughter of Mrs. Samuel Charles Candler of No. 2331 Thompson street, and Robert Patchen Miller, son of Mr. and Mrs. Horace G. Miller of West Adams street, were married on Tuesday evening, the 7th inst., at the Church of the Messiah, Washington and Van Ness streets, the edifice being decorated with quantities of spring flowers for the service, which was read at 8:30 o'clock. The attendants, Miss Margaret Miller, sister of the groom, and Miss Katherine Ward, were gowned fetchingly in white taffeta and tulle, each carrying a bouquet of anemones, tulips and ranunculis. The flower girl, Betty Bishop, who is a cousin of the bride, who also wore white, carried an old-fashioned bouquet of garden blossoms.

The gown of Miss Chandler—now Mrs. Miller—was exquisite, and fashioned of white net over ivory satin, made en train, her veil being held with a spray of natural orange blossoms, and her bouquet was a shower of white orchids and lilies of the valley.

Messrs. Henry Rivers, as groomsman, and Chandler Ward, Paul Nourse, Lawrence Barker and Horace Boynton, ushers, completed the party.

The honeymoon trip is to be by motor, after which the newlyweds will make their home at No. 2723 Normandie avenue, where ere long, they will be at home to their large circle of friends.

From Salida.

Mr. and Mrs. Will Cole and daughter, Miss Pauline, cousins of Mrs. W. C. Burgess, who have recently arrived in the city after traveling for the past two months, have been guests at the Burgess home, and so well do they like Southern California that they have taken a bungalow for several months. Their home is in Salida, Colo.

For Temporary Residents.

Miss Leila Burgess gave a kensington at her home, No. 2909 West Seventh street, on Thursday afternoon, the interior of the home being adorned in a profusion of jonquils and ferns. During the afternoon music was an added pleasure, Miss Pauline Cole and Mrs. Kollup, pianistes, and Miss Ruby Dee and the hostess participating. Bidden were Mmes. Rob, S. Plaw, Kollup, D. Lyman, Finley, Spier, O. Linthwate, R. Torrey, Dan Miner, W. Cole, Miss Pauline Cole, Miss Flo Swift and Miss Ruby Dee. The affair was planned in honor of Mrs. and Miss Cole, who are visitors from Salida, Colo.

The Browns Hosts.

At their home, No. 1493 West Forty-sixth street, Mr. and Mrs. J. E. Brown, gave a most delightful dinner party on the evening of Saturday, February 26, in honor of the wedding anniversary of Mrs. Brown's father and mother, Mr. and Mrs. Edwin E. Roby, and of Mr. Brown's sister and husband, Mr. and Mrs. Will A. Goodwin. Covers were laid for sixteen, the table being beautiful in a color scheme of pink and violet. A large crystal bowl containing violets and sweet peas formed the central floral piece, crystal candle holders with pink shades and pink and white place cards with pink favor baskets, accentuating the motif. Music and cards furnished a happy diversion until a late hour. The guests were Mr. and Mrs. Edwin E. Roby, Mr. and Mrs. Will A. Goodwin, Mr. and Mrs. A. C. Brown, Mr. and Mrs. J. A. Duryea, Mr. and Mrs. Frank Brown, Misses Wilma Goodwin, Evalyn Brown, Vera Duryea and J. A. Brown.

SHOW WORLD IN REVIEW.

"Bringing Up Father," adapted from the McManus cartoons, and made into musical comedy, is doing very well, indeed, at the Mason this week. Large crowds are attending each performance to view the Gus Hill production, with its pleasing chorus, its catchy music, and amusing comedy.

Next week, "Freckles," a stage version of the famous Gene Stratton Porter story, will be the attraction.

Orpheum.

Gertrude Hoffman and her company of sixty, in a vaudeville version of "Sumurun," the famous Max Reinhardt spectacle, will come to the Orpheum next week, heading the bill. Max Hoffman brings his augmented orchestra to accompany the production. The production itself runs more than an hour, and will be given in its entirety. "Sumurun" is an Arabian nights tale, told through music and pantomime, and there are gorgeous scenery and costuming.

Others on the bill will be the Langdons, an automobile act; Moore, O'Brien and Cormack, speed boys via the cabarets; James H. Cullen, monologist; and the holdovers, Grace De Mar and Sharp and Turek.

Morosco.

"The Argyle Case" is a winning attraction at the Morosco. It is a tense and realistic melodrama of police methods, and tells an absorbing story of the unraveling of a murder mystery. Edmund Lowe, Ida St. Leon, James Corrigan, Frank Darien, Grace Travers, Jimmie Gleason and others are achieving individual distinction in their various roles.

Pantages.

"The Cannibal Maids" is the title of the Pantages headliner for next week. Gus Elmore, Ben Harrison and Hazel Woods are featured.

Others will be Frank Bush, storyteller; the Steiner Trio, acrobats; the Imperial cyclists, demonstrating basketball on wheels; Rice and Newton in conversational comedy; Grace McCormack, a Los Angeles violinist; and the final installment of "The Red Circle."

Hippodrome.

A practically all-comedy bill is promised for the Hippodrome next week. Mr. and Mrs. Mark Murphy, much loved old-timers in vaudeville, will head the bill in a sketch.

Others will be the Crutchfields, lariat experts; Bob Warren, singing and dancing comedian; Harry Mason and company, in a farce, "Get the Money;" Barber and Jackson, in a fun and piano offering; McGood and Tates, billed as 'interesting entertainers," and Burnum and Yant, in a comedy song and patter act, featuring the double voice of Miss Yant.

Burbank.

"Between Men" is the photoplay being shown at the Burbank this week. William S. Hart, Enid Markey and House Peters are featured, and the story is a thrilling one. Mack Sennett's two comedies, "Because He Loved Her," with Sam Bernard, and "Perils of the Park," with Harry Gribbon and Harry McCoy, furnish the laughs.

Republic.

Skating fans are flocking to the Republic, this week, where the fine art is being ably demonstrated by the Helen Carlos Trio, skaters de luxe. The unusual revival of skating in California is causing the act to be warmly welcomed. It shares headline honors on the bill with Bulger's Barnyard Circus, and the photoplay, "The Hoops and Alma Hanlon. Next week the Tyler-St. Clair Trio, in a musical act, will divide premier honors with the dramatic photo-fantasy, "Bondwomen."

Garrick.

"Cabiria," the great Gabriele D'Annunzio photoplay spectacle, telling a story of the Roman empire of the third century before Christ, in which thousands of persons took part, will be the offering at the Garrick next week. The pictures were taken in Italy, Sicily, Switzerland, Africa and Spain, and some of the scenes showing methods of ancient warfare, are among the most impresive ever filmed.

"Jewel," with Ella Hall in the leading role, this week's offering, is drawing well.

Clune's Auditorium.

"Ramona" will be shown only one week more following the present one. Those who have not viewed this great cinema-drama will do well to see it during the remainder of the period of its stay here, since it is not likely that the photoplay will be shown here again, for some time at least, since it is booked for long periods in the larger cities of the East.

Superba.

Mary Pickford in "Poor Little Peppina" is drawing large houses at each performance, at the Superba this week. This is one of the most appealing roles which Miss Pickford has ever played, and the whole production is one worthy of its star.

Dustin Farnum in "Ben Blair" will be next week's offering.

Symphony.

Mme. Olga Petrova in "The Soul Market" is proving an excellent offering at the Symphony this week. The story is one of rebellion against certain social conditions, and is a strong vehicle for the exploitation of Mme. Petrova's powers.

"The Blindness of Love," with Julius Steger in the leading part, will be the attraction next week.

Little Theater.

The Curry lecture and pictures of Yosemite at the Little Theater are proving attractive. Many of the views shown have never before been filmed, and even in case of the well-known scenes, the photographer has been at pains to catch new and fascinating angles.

Miller's.

Theda Bara's latest role, that of Juliet, the adventuress, in the William Fox feature, "Gold and the Woman,'" is one of the best this artist has ever portrayed. The picture is showing at Miller's Theater. The story is an intensely gripping one of love, adventure and intrigue.

H. Cooper Cliffe, Harry Hilliard, Pauline Barry and pretty Alma Hanlon head the supporting cast.

William Farnum in the artistic triumph of his career, "The Bondman," by Hall Caine, is to be next week's offering.

Alhambra.

The exquisite daintiness of Vivian Martin, combined with the captivating charm of Zangwill's romance of pathos, youth and innocence, "Merely Mary Ann," is a combination hard to surpass. The Alhambra Theater has never had a more pleasing attraction. Miss Martin makes Mary Ann a really human little girl, who braves the dangers and evil influences of a great city, overcomes big odds and wins love and happiness in the end.

Palace.

Marguerite Clark in "Mice and Men," comes to the Palace next week as a companion piece for the third episode of Pearl White in "The Iron Claw."

Winsome Louise Lovely is creating favorable comment this week in "The Grip of Jealousy," a dramatic photoplay of ante-bellum days in the South. The metropolitan fire scenes in the second episode of "The Iron Claw" add to the strength of the bill as a whole, while the pleasing recitals on the big orchestral organ during the intermissions have a strong appeal for music lovers.

Strand.

"Tillie's Punctured Romance," probably the best-known screen comedy in existence, starring Marie Dressler, Mabel Normand and Charlie Chaplin, and directed by Mack Sennett, will be presented by popular request at the New Strand Theater next week, commencing with Sunday matinee.

Emmeline Pankhurst, the noted English militant, in "Eighty Million Women Want ——?" is this week's attraction. "Gypsy Love," a two-reel Balboa romance, and "Fatty's Gift," a Keystone comedy, augment the bill to eight reels.

Picturesque Film.

TRIUMPHS IN ACTING.

BEBAN'S ART REALISTIC IN "THE PAWN OF FATE."

By Edwin F. Schallert.

There are two factors that raise "The Pawn of Fate" at Tally's Broadway above the ordinary run of pictures; one is the superb humanness of George Beban's acting, the other the pastoral beauty of the scenes in the first part of the film. The close of the photoplay, however, is luridly melodramatic, if you strip it to its skeleton, but is, perhaps, vivid and thrilling in the worn-out film sense, and lifted from the slough of the banal by Beban's work and that of his co-artists and after a fashion by the dramatic treatment.

William Henry Drummond, the Canadian poet, once wrote a bright and happy patois masterpiece, the "morale" of which was, that you "cannot drown on Lac St. Pierre so long as you stay on shore." Lac St. Pierre in the case of "The Pawn of Fate" is Paris, where Beban as the unsophisticated farmer spurred by false ambition to be a painter, finds himself in unknown shoals. A French artist, who has designs on Pierre's (the farmer) wife, has proved the siren of the would-be painter's hopes, whose failure is, of course, ghastly. The usual attempted seduction, followed by the duel between the husband and the artist, occurs. The former in the end goes back to his fireside, and peace and tranquillity again reign supreme.

The "Ramona-"like nature touches, such as the sheep dog's discovery of the injured lamb and the bringing of the lost sheep back to the fold, are exquisite. There are rural scenes and episodes that are all but reality in their beauty. There is also a suggestion of atmosphere in the use of artificial film coloring in certain parts of the photoplay that is highly effective.

DRAMA.

Thrills.

MILITARY PHOTOPLAY.

"BULLETS AND BROWN EYES" AT THE MAJESTIC.

By Grace Kingsley.

"Bullets and Brown Eyes," on the screen at the Majestic, has some fascinating war pictures, and it's safe to say every Film Fannie in town will take a peep at beautiful Bill Desmond in his regimentals. Right at home in uniform is Mr. Desmond. Any sort of uniform. Why, if Bill were a street-car conductor the company would have to charge 10 cents a ride on his car.

Bessie Barriscale is almost equally fascinating in the garb of a nun, which she assumes to escape "Will o' the Wisp," Prince Bill Desmond. But she doesn't succeed, because he catches sight of her silken ankle.

The photoplay, by J. G. Hawks, has a fairly absorbing story, being a sort of film "Rupert of Hentzau" with scenes laid in a mythical country, where there are ancient chateaus, ruined abbeys, etc., giving opportunity for some beautiful scenic effects. There are many thrills and the story is clearly told.

The Mack Sennett comedy, with Anna Luther and Fred Mace in the leading roles, fairly out-thrills any former thriller.

The film fans had a good time at the Majestic Monday night, for did not each who was neither absent nor tardy receive a photograph of Anna Luther from her own fair hand? Tuesday night Fred Mace, Chester Conklin, Mack Swain and other of the Keystone favorites appeared and gave a stage performance in person.

Superba.

One of the big secrets of Mary Pickford's success, aside from her personal appeal, is the fact that she, more than almost any other screen artist, knows how to bring the tear and the smile close together. She has wonderful opportunity for this in "Poor Little Peppina," at the Superba. In this photoplay she appears in a series of marvelous adventures, from the time she is stolen from her rich American mother and father in Italy, is brought up by an Italian peasant family, runs away to America, masquerades as a boy (Oh! Mary is simply ravishing in a messenger boy's duds!) until she is finally discovered by her [illegible] mother and marries the [illegible] who first helped her when she [illegible] found to be a stowaway on the [illegible] Jack Pickford plays an [illegible] and does it very well.

The photoplay is a screen [illegible] of Olga Nethersole's famous [illegible] cess, and has a didactic purpose [illegible] of preaching a sermon of [illegible] to tenement owners. Advanced Work

THE Franklin Engine has no water to carry—it is freed of the 177 parts of the complicated water-cooling system, and free of all the annoyances that go with water-pumping mechanism.

If you want a clear idea of just what it means to get rid of these 177 water-cooling parts, step into a local repair shop. Look at the honey-comb radiator, with its 8000 cells, its pipes, pump, connections—a complex system of small-bore water passages, inviting trouble from leaks, from mud and sediment, from freezing and boiling.

Have you ever thought how much gasoline you waste in keeping those 177 parts on the job?

Or how often you have to give it a drink, how many times it needs blanketing, the anti-freezing mixtures you have to buy for it?

One man said he knew from experience that it is easier to build those parts, than to take care of them.

Look at the Franklin Engine! The only moving part in the Direct Air-Cooling System is the air-suction fan, and that fan is itself part of the fly wheel.

NEVILLE LEADS FIELD IN MIDWICK TOURNEY.

A Big One.

MIDWICK'S GOLF TOURNEY STARTS

Over 190 Entries Turn Out for First Round.

Jack Neville Captures Qualifying Affair.

Many Stars are now in Outlaw Flight.

BY ALMA WHITAKER.

One hundred and ninety-eight entries in the Midwick invitation golf tournament yesterday—and Jack Neville of San Francisco won the qualifying round with 71. He went out in 34.

It is the biggest tournament by ninety players that has ever been held south of Del Monte, included all the local stars and many visiting celebrities, and only three of them will fail to play through, including Norman Macbeth, who had a 76.

OUTLAW FLIGHT.

And a great many of the stars are in the outlaw flight, which was designed to care for gentlemen who failed to play up to their handicap and will therefore obviate their snatching cheap cups in lower flights. The outlaws number no less than sixty-three and are highly democratic, golfily speaking. It includes Bruce Bundy, Hugo Johnstone, Arthur Braly, E. N. Wright, A. M. Goodhue, W. H. Cornett, J. V. Eliot, E. S. Hunter, Lloyd Darsie, C. T. Murphy and Tom McCall, all of whom hovered in the upper 80's. This flight will play eighteen-hole medal handicap for a special cup.

Thirty-two qualified in the first flight, I. L. Merrill and A. C. Volk tieing for last place with 83. They must be at the tee at 9 o'clock this morning to settle the laurels, and the winner plays Robert E. Hunter for his pains. The loser takes first place in the second flight and plays Carl Knappe, the gentleman who had the distinction of making the only 3's on Nos. 10 and 18.

GOOD FOR ARTIE.

Artie Shafer enjoyed the triumph of tieing Harold B. Lamb's score of 76 and qualifying fifth, over the heads of such stars as Nate Mears, Morris Phillips, S. G. Graham, E. S. Armstrong, Robert E. Hunter and W. K. Jewett, all of whom have been wont to regard him as a promising novice, doncherknow.

Robinson of Orange, an 18-handicap man, continues the Santa Barbara triumphs of Orange county clubites, for he qualified in the second flight with an 86, 39 for the outward half. W. J. Bowman of Midwick also scored a triumph with an 82, which is "going some" for 14 handicap.

Arthur Braly, who played round with Neville, seemed uninspired by the hero's scintillations, for he suffered from a superfluity of shots—no wonder his 84 placed him among the outlaws after his recent achievements in the early 70's.

PROPER SPIRIT.

Michael McLaughlin got a 35 on the second 9 and is living up to his new championship honors, qualifying second with a 73. There are rumors that Michael means to do St. Patrick full credit on Friday by at least winning the semi-finals.

Midwick's preparations for her 200 visitors were in fitting style. There was something very awe-inspiring about the forbidding ropes surrounding the first tee to keep the crowds in check, and the gigantic, lusty megaphone for starting the players—it might have been an international event at least. Players from San Francisco, Santa Barbara, Redlands, Riverside, Coronado, Long Beach, Balboa and several eastern clubs responded to the clarion call—positively one of the most stylish tournaments ever achieved outside of a championship event.

Here are the drawings, the medal score appearing in parentheses following each name:

First flight, 32 to qualify: Jack Neville (71) and A. A. Kenney (80.) H. B. Ongalls (78) and E. B. Tufts (82.) Morris Phillips (80) and W. J. Bowman (82.) Artie Shafer (76) and Alexander Macdonald (81.) S. G. Graham (77) and W. B. Cameron (81.) N. P. Mears (80) and Clyde M. Graves (83.) Gregory Palmer (79) and P. H. Smith (82.) Jack Jevne (76) and E. S. Armstrong (81.) Harold B. Lamb (76) and Raymond Hornby (81.) E. H. Seaver (79) and A. C. Sellery (82.) George Cline (80) and W. K. Jewett (83.) Laurence Cowing (76) and Conde Jones (81.) Jack Niven (77) and Bill Bacon (82.) R. E. Hunter (80) and either Merrill or Volk (83.) Elmer Ralph (78) and J. B. Canby (82.) Michael McLaughlin (73) and W. W. Campbell (81.)

Second flight, 16 to qualify: Volk or Merrill (83) and Carl Knappe (86.) H. C. Frinck (84) and C.

ROWING GETS A BIG BOOST.

[DIRECT WIRE—EXCLUSIVE DISPATCH.]

SEATTLE, March 15.—Aquatic sports at the University of Washington were given a strong boost today by the announcement that a committee of Seattle business men would undertake to raise $6000 to finance the varsity crew for a period of three years. If the campaign is successful, rowing, for the first time in the history of the university, will be on a sound financial basis.

Headed by J. E. Chilberg, a prominent banker, the committee in charge of the campaign is already active and subscriptions of several hundred dollars have been secured.

Coach Connibear is working his oarsmen overtime in preparation for the race here April 8 with the Stanford crew. The Washington boat will contain eight veteran men and the strongest crew that has ever represented the varsity will attempt to defeat Stanford.

Former Member of Denver Squad Rings the Bell Five Times Playing for the Winners—Coronado Country Club Meets Riverside in Pacific Coast Junior Finals Match.

[BY DIRECT WIRE—EXCLUSIVE DISPATCH.]

SAN DIEGO, March 15.—A special cup match was played today on the Coronado Country Club field, resulting in a rather hollow victory for the team composed of W. B. Huston, S. H. Velie, E. Q. McVitty and Max Fleischman. The score was 9 1-4 to 2.

The losing four was made up of B. B. Lewis, Julius Fleischman, Thomas le Boutillier and C. Perry Beadleston. Lewis retired after the sixth period, L. B. Harrison taking his place.

The winners started the scoring a few seconds after the game began, Huston goaling. McVitty made the first of his five goals in the same period and the result was never in doubt thereafter. Le Boutillier scored the only two goals made by his side.

The game was marked by the exceptional hard playing of both sides, but the winners showed superior teamwork and earned their victory. The summaries:

A team—No. 1 (W. B. Huston,) 1; No. 2 (S. H. Velie,) 2; No. 3 (E. Q. McVitty,) 5; back (Max Fleischman,) 2. Earned goals, 10; penalties, safety against Huston, foul against Velie. Net score, 9 1-4.

B team—No. 1 (B. B. Lewis,) 0, and L. B. Harrison, 0; No. 2 (J. Fleischman,) 0; No. 3 (Thomas le Boutillier,) 2; back (C. P. Beadleston,) 0. Total score, 2. Referee, Robert Neustadt.

JOE MANDOT TAKES FAST BOXING BOUT.

[BY DIRECT WIRE—EXCLUSIVE DISPATCH.]

HOT SPRINGS (Ark.) March 15.—Monk Fowler of Memphis had his championship aspirations nipped in the bud tonight. The largest crowd that ever attended a bout in this city saw Joe Mandot of New Orleans knock Fowler cold in the seventh round of their ten-round mill. Up to that time Fowler had given a good account of himself. In the sixth round he landed a stinging right swing on Mandot's jaw that jarred the New Orleans lad. Mandot came out for the seventh round determined to end matters. He caught Fowler on the chin with a ripping right uppercut and Fowler held on to keep from falling. Referee Barnsback parted them and Joe sailed into the Memphis boy. In the clinch that followed Mandot delivered a right overhand swing which caught Fowler on the neck, knocking him out.

Battling Miner of Memphis defeated Young Jack Britton of New Orleans in the semi-windup.

REDLANDS CLASS MEET COMPLETED.

[SPECIAL CORRESPONDENCE.]

REDLANDS, March 15.—The final events in the interclass track meet for the university were held today and the sophomores were found to be the winners of the cup offered to the highest team. The meet had been strung out for about two weeks, a few events being held at a time. The sophs gathered 67½ points; the freshmen were next with 30; the juniors had 20½ and the seniors 13 when the final tally was made.

The pole vault, the 220 low hurdles and the 440 relay were the final events. Weed won the pole vault for the sophs, Trine being second and Holt and Gillett tying for third. Gillett won the low hurdles, Holt was second and Trine third. The sophs and freshmen competed in the relay and this was won by the frosh.

STANFORD FROSH SEND CREW NORTH.

[BY A. P. NIGHT WIRE.]

STANFORD UNIVERSITY (Cal.) March 15.—Stanford freshmen voted today to send their class crew to Seattle to meet the University of Washington freshman eight on April 8 in a rowing contest preliminary to the Stanford-Washington varsity race. Funds to finance the trip, it was announced, would be raised by levying an assessment on the entire freshman class.

FAST SUNBEAM RACER TO BE PUT UP ON THE BLOCK.

George Adams and Hughie Hughes Peeved Decide not to Appear in Any Further Races in Southern California. Contest Representative Says Sanction is not Yet Granted for Race.

THE entries for the race meet at Ascot Speedway, which closed at midnight, Tuesday, were announced yesterday.

There are fourteen drivers to start in the class C event and there are eleven entrants in the fifty-mile, free-for-all, class D event and the pursuit race.

NO PRACTICE.

There was no practice at Ascot yesterday. The course was not in condition. There were two steam rollers on the job and piles of crushed rock scattered around the circuit. The management announced that the course would positively be ready for the tryouts this afternoon and the drivers are to do the first speeding in the eliminations today.

Hughie Hughes announced last night that he would not be seen in either the Ascot meet Sunday nor the Corona race. He stated that George W. Adams, owner of the car, was going to sell the English Sunbeam and cut out racing for all time. Hughes and Adams came out from the East on a contract calling for the appearance of the Sunbeam in three Ascot races and the Corona classic. It seems that the Sunbeam team was not satisfied with the conditions of the contract or the terms of the Ascot management.

HAS RIGHTS.

Hughes says that he had signed for only one race under the rules of the A.A.A. as a private contract does not come under the jurisdiction of the contest board and knowing that he will not be disqualified for failing to appear, he has refused to enter. The name "Hughie Hughes" appears on an Ascot entry blank, but Hughes says that he did not sign it and if he did, it is not valid as the A.A.A. sanction has not been granted at the time and according to the rules of the A.A.A. an entry blank is not official unless it bears the sanction number of the contest board.

Hughes and Adams were first peeved when the management announced a three-cornered match with Pullen, Cooper and Burman as the entrants. He claimed that he and Eddie O'Donnell had been promised three races and demanded entrance. The A.A.A. representative went to the bat for the eastern boys and the management made the race a fifty-mile, free-for-all, limited to the five fastest cars. This was not satisfactory to Hughes and Adams, who claimed that their agreement called for three 100-mile races and when the entry list was announced, the Sunbeam pilot refused to be counted in on the speed stuff.

EXCITEMENT.

For the past three days the wires have been hot between Los Angeles and New York. The sanction has not been granted for the race meet Sunday. There was a hitch on the invitational number and when the management announced a pursuit race instead of the twenty-five-mile number as originally announced, there was another hitch.

According to Al G. Waddell, official representative of the contest board of the A.A.A., the sanction will probably be granted in time for the race Sunday. The management has not complied with all the rules of the contest board and the sanction will not be assigned until the rules have been complied with absolutely.

INELIGIBLE.

On the list of officials turned in yesterday Caleb Bragg and Glenn Martin were down as judges. These men cannot serve, according to Waddell, on account of their occupying places on the Contest Committee of the Ascot Speedway Association. Frank A. Garbutt was on that committee, but he resigned before the first meet and has been allowed to officiate at both contests held on the Ascot course.

Frank Lowry, scheduled to act as starter, acted as representative of the speedway association in New York and was not eligible to officiate at the last race on that account. Lowry claims that he is now eligible, having filled his contract with the speedway. It is still uncertain whether or not Lowry will be allowed to start the races Sunday. It is claimed that Lowry is still in the employ of Bentel, and Waddell, the A.A.A. representative, told two drivers last night that unless Lowry gave proof that he was not in the employ of Bentel today, he would be disqualified as an official in the meet Sunday.

Sounds Good.

Angel Ball Players Tangle in Exciting Battle.

Jack Ryan Gets First Two Hits of Season.

Plans Made to Attend Dance and Barbecue.

BY HARRY A. WILLIAMS.

[BY DIRECT WIRE—EXCLUSIVE DISPATCH.]

ELSINORE, March 15.—Aside from the fact that the first game of the season was played, this day will go down as uneventful in the annals of Elsinore because no ball players arrived on the noon train. It is now feared that the city has quit growing. However, the boosters here should not be too pessimistic, because there will be another train in tomorrow and a ball player may arrive at that time. Anyway, no city hardly could hope to keep up indefinitely the phenomenal growth which Elsinore has experienced in the past few days. Unless things let up now and then the town would simply bust its corporation surcingle, meaning its boundaries or municipal belly band.

LATEST RECRUITS.

R. W. Smith, Polly McLarry, Howard M. Ehmke and Julius Klawans all had a chance to get acclimated today, following their arrival last night. They were up bright and early, sniffing in the crisp morning air and then exhaling it from their froggy lungs. Smith and Ehmke worked out with the boys, while Klawans engaged in the violent exercise of sitting on the side lines and trying to look wise. Klawans, as many persons know, is the demon basketball referee who also coaches sometimes. He came down here under the impression that this is a basketball team training here.

Smith's case is rather unusual. He was signed up away back early last summer. That was so long ago that everybody had forgotten about him but himself. While others lost all track of Mr. Smith in the wild rush of pitchers westward, he kept himself in mind and reported with joy in his heart, a song on his lips and a valise in his hand. Smith's home is in Oklahoma City when he is living at home. He gained notoriety by pitching for his home team against the late lamented Kansas City Federals. In order to win it was necessary for Smith to defeat Chief Johnson, the well-known Indian hurler now with the Tigers. Smith attended to the noble redman's case in good shape, blanking the Feds in a desperate battle of such duration that it extended along into the evening. It was on the strength of his ability to tame the Indian that he was signed by the Angels.

ANCIENT HISTORY.

Delving into the historical lore of this section, as related by some of oldest, most reliable and substantial citizens, it seems that Chief Smith passed his boyhood on the Pala Reservation not far from this place. However, he did not become a chief until he took up baseball. On the reservation he was simply a private in the ranks and helped chop the wood for the community. He is said to have been lifted out of obscurity by that other great chief, Jack Meyers, who has done so much for the red race. Jack Meyers is regarded as being to the red race what Booker T. Washington was to the colored race.

R. W. Smith is almost as tall as Ehmke and the arrival of these at the same time was something of a calamity. Martin Longo, the landlord, had barely finished building additions to the beds occupied by Jim Galloway and Ed Schorr, at large expense, when these two other human storks drifted in. The work of lengthening their beds is now being rushed. With an extra force of carpenters on the job it is believed that it will be finished by bedtime tonight. Polly McLarry, while not as tall as the other two, is quite altitudinous. Fortunately, the hotel happened to have a bed which exactly fits him.

WHO DID IT?

Jack Ryan and Harl Maggert, who are roommates, had a fine day's work and returned pretty well fagged out. After retiring, however, they climbed out of bed immediately to remove the horned toad which had been placed in there by admiring friends. They had never seen a horned toad and seemed to be under the impression that it was a scorpion. That explains why they were in such a hurry to get it out of the bed. Also they were in quite a hurry to get out of the bed

BEALS WRIGHT TO COME BACK.

[DIRECT WIRE—EXCLUSIVE DISPATCH.]

NORTH YAKIMA (Wash.) March 15.—Beals Wright, former national tennis champion, is going to try to "come back" this year. Wright has returned from Honolulu, where he played in the winter tournament, and despite his having been out of the game for years, was successful in getting into the finals in both the singles and doubles. In the doubles, with Allen Lowrey as a partner, he lost to Ward Dawson and Clarence Griffin, Californians. Wright will give considerable attention to training this summer, and expressed confidence that he can come back. Wright has gone into training and will play in all big tournaments, he says.

Demetral, on His Way Here, Says Santel Fouled Him First, Wants Return Go

The Reason.

GREEK EXPLAINS FUNNY ACTIONS.

Claims that Santell Started the Rough Work.

Offers to Put up $1000 on Another Match.

Demetral Confident of Licking Champion Stecher.

[BY DIRECT WIRE—EXCLUSIVE DISPATCH.]

SAN FRANCISCO BUREAU OF THE TIMES, March 15.—William Demetral, who has come in for a deal of criticism for his rough tactics in the wrestling match with Ad Santell Tuesday night, was around today to offer an explanation for the unfortunate affair. He puts the blame on Santell for starting the fouling, and says that after he had been unfairly treated several times he lost his head and is sorry for what happened.

AN OFFER.

To show that he is sincere, Demetral declares that he is willing to put up $1000 if Santell will post a similar amount for a match in public or private and let some capable judges give the money to charity in case of foul wrestling. "I have been wrestling for eleven years and I have never been charged with being unfair before," says Demetral. "My railroad ticket calls for me to return to San Francisco the latter part of this month, and then I would like to tackle Santell again to prove who is the better man.

"I was fouled so badly by Santell that I was forced to consult a doctor after the match. I admit that Santell is a great wrestler, but he cannot throw me. Any time that he wants to start again he will find me ready, and the offer concerning fouls will go."

HIS PROGRAMME.

Demetral left for Los Angeles tonight, and will proceed to Butte, where he has been signed for a finish match with Joe Stecher, the sensational Nebraska grappler who is at present in Los Angeles seeking a match with Gotch.

The Greek says he is confident of stopping Stecher, who has been throwing wrestlers right and left in short order. Demetral is confident that he can get away from the scissors hold, which is Stecher's main stock in trade.

NEW WRESTLING GUY WANTS GOTCH'S TITLE.

A new champion springs up to question the title of Frank Gotch. This is none other than Tarro Miyake, who asserts that he is the champion jiujitsu wrestler of the world. Miyake believes that he can throw Gotch and he would like to have the chance. He has never been defeated in the wrestling game according to his own statements. He is a husky individual and looks like a wrestler, at any rate.

HILLMEN TO STAGE INTERCLASS AFFAIR.

The interclass track meet at Hollywood is to be pulled off today and tomorrow. There is keen rivalry between all the classes especially the junior and senior classes as one of these two classes is doped to win the meet. Some of the school records are expected to be lowered especially in the distances. Coach McNeely is having the meet in preparatory to the city meet on March 25.

SUNDAY-SCHOOL ATHLETES ENTER BIG TOURNAMENT.

[SPECIAL CORRESPONDENCE.]

LONG BEACH, March 15.—With a group of the Southland's best athletes scheduled for the exhibition events, the biggest boost for Sunday-school athletics ever held in any city in this part of the country, it is believed, will be the monster relay carnival to be staged in the Municipal Auditorium by the Long Beach Sunday-school Athletic League Saturday night.

Bob Weaver of the A.A.U. has consented to referee the events. Fred Kelly, Jim Donahue and Kirkpatrick are slated to stage an exhibition hurdle race in an attempt to break the world's record for the indoor obstacles. These athletes tonight consented to take part in the programme.

Speakers from the various Sunday-school classes announced the coming event from the pulpits of the churches Sunday. At a result today the religious athletes are busy getting ready for the meet.

At least fifteen relay teams are entered for the main events for Saturday's carnival, all made up of runners picked from the various Sunday-schools of the city.

George Green, the Pomona star quarter-miler, will race Beebe, the former Anaheim wonder, who is at present attending U.S.C.

A special 35-yard dash will be run by Mosely, Ken Johnson and Bradley, all of U.S.C.

The hurdle race between Kelly, Kirkpatrick and Donahue should be the star attraction. The auditorium floor is exceptionally fast, which is attested by the fact that two years ago Forest Smithson and Jim Donahue equaled the world's record in both the low and high indoor hurdles at a relay carnival staged by the high school.

Howard Cleveland, football and baseball coach and slated for the captaincy of the Long Beach life guards this summer, and Lorne Middough, former star middle distance runner of Long Beach High School, are staging the relay carnival.

WILLARD AND MORAN DO VERY STRENUOUS WORK.

[BY A. P. NIGHT WIRE.]

NEW YORK, March 15.—In a driving snowstorm, over frozen and slippery roads, both Jess Willard and Frank Moran did hard work today in preparation for their bout. The champion jogged about four miles through Central Park and along near-by thoroughfares, while Moran's five-mile run was cross-country near his Westchester training quarters. Neither was sorry when the outdoor work had been completed.

Willard went through his regular afternoon stunts in the West Side clubhouse, showing plenty of vim and speed in shadow boxing, tumbling on the mat, and working the pulleys. Then he took on his three sparring partners for two rounds each, and followed with a four-minute wrestling bout with Houssane, the Turk. The medicine ball, which was thrown vigorously by himself and two of his attendants, wound up the most strenuous day of his training.

Moran showed much agility in bag punching and rope skipping, as well as in all his gymnastic work. Trainer Lewis kept Moran's boxing down to four rounds today. He had two hard three-minute sessions with Bartley Madden and Bill McKinnon, and finished up with two fast rounds in which there were some heavy exchanges between the Pittsburgher and Frank Kendall of Portland, Or., the heaviest of Moran's three sparring partners.

Moran's trainers admitted he is on edge and will need careful nursing to keep in condition. He said he wished his bout with Willard was on for tonight instead of ten days away.

FIFTEEN-ROUND BOUTS REJECTED.

[BY DIRECT WIRE—EXCLUSIVE DISPATCH.]

FRANKFORT (Ky.) March 15.—The proposed bill to sanction fifteen-round boxing matches in this State was defeated today by a 16-to-12 vote in the Senate. The lower house had already approved the bill, and the rejection by the upper body came as a distinct surprise.

COUNTY TRACK TEAMS PRACTICING FOR MEET.

All county league track team will gather at the Alhambra High School Saturday to engage in the annual track and field meet. The schools in this league are Harvard Military, Alhambra, South Pasadena, Glendale, Covina and Monrovia. Several of the institutions are blessed with extra strong track teams, and it is uncertain who will run off with the affair.

POLY STUDENTS GO CRAZY OVER TRACK.

Coach Roy Haslett of Polytechnic High School has started an interclass track meet, and 240 enthusiastic students have signed up for the big event. With this squad Haslett hopes to run off one of the highest-powered meets ever held in the city. If numbers count for anything he should succeed.

Kidding?

POMONA HOPES FOR VICTORY.

Fear, However, that They May be Squeezed Out.

Confident of Taking 27 Points in Distances.

Given to Try for Come-back in the Sprints.

[SPECIAL CORRESPONDENCE.]

CLAREMONT, March 15. — With the conference meet but two days off, Coach Stanton is putting the finishing touches on the Huns who will enter the meet, and Thursday night will be the last time the Huns will work out before the meet. The coach has been giving his men light work only this week, for he doesn't want any of them to go stale before the final contest of the season.

The Huns are hoping to win the meet, but they realize that they are up against a tough proposition in meeting Whittier and Occidental in a triangle meet. The Huns expect to win simply because the Quakers and the Tigers will split enough points between them to let Pomona win the meet.

TAKING THEM ALL.

Coach Stanton is figuring on taking every point in the distance races, and hopes to give the Huns a 27-point margin through a clean-up in the half-mile, mile and two-mile. Capt. Sturges will run both the mile and two-mile, and may even take a chance at the half-mile if the Huns should happen to need the points. "Walt" Sturges will compete in the half-mile and the mile races, as will Gerry, another of the Hun distance stars. Walden will be "Det" Sturges's running mate in the two-mile, along with Orcutt.

The Huns are expecting to add five more points to their score in the quarter-mile, where Adkinson will concentrate his energies. Adkinson is a very versatile runner, and is good for a first place in any race from the quarter-mile to a marathon, but he has recently developed into a wonder in the 440. Adkinson will beat 50s. Saturday if he has to, for there doesn't seem to be any limit to his speed.

HOW ABOUT GIVEN?

Given, last year's star sprinter, will attempt to come back in the century and furlong. Last year, Given was a consistent 10:1 man in the hundred, and could shade 23s. in the 220, and it is barely possible that he can repeat in the conference meet. If he can anyhere near approach his last season's form, he stands an excellent chance of finishing within the money. Stone is out of track for this season for good, and cannot possibly compete Saturday.

Pomona's three star discus throwers are practicing hard every night to get into the best of condition for the conference meet, for Pomona will have to win 9 points in this event, according to dope, to be sure of first place. Nisbit hasn't failed to beat the 117-foot mark in a single meet this season, and seems good for first place without a doubt. Elliott has hurled the platter 114ft. in every meet he has entered this year, while Cree, in practice, has set up a mark of 115ft.

CALM YOURSELVES.

The Huns fear a dark horse in the shot put, an event in which they have won a large majority of the points this year. This particular dark horse is Hentschke of Redlands University, and according to all reports, Hentschke is bound to break into the points somewhere, with an excellent chance for first place. If Redlands takes 5 points in the shot put, the Huns are liable to lose the meet.

Green, in the hammer throw and the hurdle races, is due for a good day next Saturday. Green has never been in first-class shape so far this season, and he should round into condition in time for the final meet of the year. At his best, Green ranks second only to Murray of Whittier among conference hurdlers with a mark of 16s. flat in the high and 26s. over the low barriers. Green is an unknown quantity in the hammer throw, and may take first place, or not place at all.

THE DOPE.

Here, then, is what the Huns consider a fair estimate of the points they will take Saturday: Distance races, 27 points; discus throw, 9 points; shot put, 6 points; 440-yard dash, 5 points; hammer throw, 3 points; hurdle races, 4 points; total, 56 points. Besides these, there is a chance for some Hun to break into the points in almost any of the other events, and unless all dope is upset, the Huns expect to win the meet Saturday with this score of 56 points.

WHITTIER LADS ARE PEEVED.

[SPECIAL CORRESPONDENCE.]

WHITTIER, March 15.—There is a bunch of lads in Whittier who are carrying a chip on the shoulder. Said bunch is the 110-pound quintette that won the county basketball championship in the recent southern A.A.U. tournament. Having won the southern title, the lads, through Coach J. H. Wilson, sent a challenge to the Fresno playground team, who, it was understood, had cleaned up everything in sight in Central California. Now hearken: A reply from the playground director coolly informed the challengers that they would gladly consent to a practice game if guaranteed all their expenses to Whittier, but could not consent to play for the State title, as they have already won same. How the Central California team could thus cop the State title without ever having met a team from south of the Tehachepi is beyond the ken of the local Quaker quintette. They are still wondering. They would like to play for the State title, but as for practice games—they can get plenty of practice nearer home.

Noel George of U.S.C.,

SAGE HENS WIN ANOTHER SPEEDY BASEBALL GAME.

[SPECIAL CORRESPONDENCE.]

CLAREMONT, March 15.—Pomona continued her winning streak this afternoon by defeating Whittier High School in the third straight victory for the Huns. Two weeks ago Whittier managed to defeat the Huns in a practice game, and today's game gave the Sage Hens a chance to come back and retrieve their lost prestige. The game was close and exciting from beginning to end, and the Huns managed to cinch the game only in the last inning.

TO BEGIN WITH.

Whittier started the scoring in the first inning. Brownson, first man up, hit safely and Burke sacrificed him to second. White struck out, but Shade hit to Bergstrom, and Brownson scored when Bergstrom threw wide to first. Whittier's other run came in the seventh. With men on first and third, Burke lined out a clean hit to left field, scoring Parker.

Pomona came near scoring in the first inning. Three hits and a walk, however, were wasted because of poor base running by the Huns, and their opportunity to score was lost. Again in the second, the Huns managed to put men on first and second with one down, but Douglas tightened, and pitched himself out of the hole.

FIRST SCORE.

The Huns were not to be denied, however, and came back with their first score in the third inning. Bergstrom walked, and took second when Cree bunted safely. Dahlem sacrificed both men along a notch, and Bergstrom scored on Elliott's long sacrifice fly. Pomona went into the lead in the fifth inning when Shellenberger hit safely to center field and was sacrifice to second. Shellenberger advanced to third on an error by the left fielder, and scored when Dahlem beat out a hit to shortstop. In the sixth inning, Pomona earned two more runs, and cinched the game. Elliott came through with a long home run to the center field fence, and Iselin made the round trip a moment later on a single to right which Steere let get through him for a homer. That ended the scoring for the Huns.

ISELIN HITS.

The features of the game were the pitching of Shellenberger and the hitting of Iselin. Shellenberger allowed only five hits, and tightened up in the pinches, while Iselin hit safely every time at bat, getting three safe bingles for his afternoon's work. Douglass, who started the game for Whittier, gave place to Buckmaster in the seventh inning, after the Huns had secured three hits in a row off his delivery. The Huns lived up to the reputation they are getting as a team of heavy hitters, and scored eleven safe hits off Douglass and Buckmaster. Summary:

Whittier, 2; hits, 5; errors, 2.
Pomona, 4; hits, 11; errors, 2.

THREE-CORNERED MEET GOES UP IN SMOKE.

The Manual Arts track team will not meet and wallop all the other high school aggregations in the city Friday afternoon. This plan of Coach Fritsch's went up in thin air when it was announced that L. A. High for one would not agree to the proposition.

At Manual the track fans had figured it out that the Toiler team could lick all or any of the other city schools. So it was decided to have a try at the whole bunch. L. A. High's unexpected resistance, however, effectively knocks the idea in the head.

WALLACE DECLINES TO JOIN SERAPHS.

Corp. Graham began throwing "hooks" the first time out. This tended to get the "goats" of some of our best batters, who hardly are on speaking terms with a curve ball at this season of the year. When some of them complained bitterly Graham stated that there was no law down in Texas where he came from against throwing curves in case you happened to feel strong enough. He is going to read up on statutes of California to see whether or not there is anything on the books prohibiting the use of spirals and slants as early as March. He already has ascertained that there is no city ordinance here against throwing curves, and if he is convicted it necessarily will be under a State law. He has retained the services of the law firm of Works & Boles to defend him in case the batters take action against him.

Rapid firing was heard early this morning near the water front. This gave rise to the report that the Mexican fleet had entered the lake from the south, and was shelling the city. An investigation, however, showed that the disturbance was due to Jack Ryan shooting at hell divers. Hell divers do extremely well in these parts, and plans are being made to give the athletes a hell diver dinner before they leave. To date Ryan has not had much success in hitting any of these birds. They dive too fast for him, and then stay down so long that he tires himself out waiting for them to come up. Jack has come to the conclusion that the only way to beat the hell divers at their own game is to hunt them with a submarine.

Shellenbech, the Hollywood phenom, had a narrow escape from drowning today when he accidentally walked off a bridge near the ball grounds. The only thing that saved him was the fact that there was no water in the stream.

OLD SOL MELTS VERNON TIGERS

Six-inning Game Won by the Regulars.

Umpire Jack Gilligan has a Terrible Time.

Hitt and Johnson Suffer More than the Others.

[BY DIRECT WIRE—EXCLUSIVE DISPATCH.]

SANTA SUSANA, March 15.—The Vernon Tigers had another hard workout here at the ranch today. The regulars won by a score of 7 to 2, in a spitfire contest in which Umpire Jack Gilligan had his hands more than full. Jack had twenty-six ball players riding him from the start of the scrap when he gave Pete Daley a walk to the final out. They crabbed when he called a strike and they crabbed when he called a ball. If a batted ball went within yards of the foul line he had a battle on at once over the question of whether it was foul or fair, and he failed to give a single base decision which was not bitterly contested.

HARD AT IT.

The six-inning game followed a hard workout in the morning which consisted of hiking for some and tennis or hand ball for others, and an hour of fairly hard practice in batting, throwing and fielding on the diamond under a burning sun. It was the hottest day since the team came to the ranch and naturally the heavyweights were the greatest sufferers and at the same time those who benefited most. Not one started the game but was troubled by the streams of perspiration which trickled down into his eyes and Roy Hitt and Chief Johnson took off pounds of flesh.

The players were all somewhat sore from yesterday's seven-inning game but they went into the game this afternoon full of pep and ready to do battle and they did. Every point was contested as though a pennant depended upon it, and Umpire Gilligan was ridden by one team or the other on anything that was even fairly close. Daley and McGaffigan scored in the first for the regulars, Daley drawing a walk and stealing second. He went to third on McGaffigan's double. He could have scored, but was held on the chance that Schilz might stab the long drive. Ray Bates brought them both home when he sent a double to the fence.

HOW IT HAPPENED.

In the third, doubles by McGaffigan and Bates, a long single by Griggs's and Doane's double to extreme right, gave the regulars two more and the fifth brought another two on Daley's single, Gleichmann's error and Doane's triple to right, Flick's single, Whaling's infield out and Daley's grounder to deep short for a single brought in the seventh run. The Yannigans scored in the second on Risberg's single. Spencer's double and Schilz's single, and again in the sixth on a double by the Swede, another single by Spencer and Schilz's sacrifice fly.

Tomorrow morning the players will take their usual morning hike or play a few rounds of tennis or handball, and in the afternoon Manager Patterson will send the same teams against one another in a practice game. Only the pitchers will be different from the line-ups of this afternoon.

HOLLYWOOD COLLEGE TRACK MEN HOPEFUL.

A track rally was held at the Hollywood Junior College chapel yesterday for the coming Junior College track meet to be held at Fullerton on March 25. Tad Edwards was elected captain, and Putman, manager, of the team. The Hillmen will have a good look in at the medals that are to be awarded. They have three fast sprinters in Reynolds, Edwards and Walter, while Ryall and Johnson will take care of the two distances and Sherbundy covers the 440 in 55s. or better. Britton takes care of the pole vault and Gooding is good at both the high and low sticks. With these men captain Edwards is confident of victory.

GIBBONS PLANS TO VISIT LOS ANGELES.

Mike Gibbons, claimed by many to be the middleweight champion boxer of the world, will drop into Los Angeles inside of the next few weeks. Gibbons has been planning for a long time to visit the Coast, and has finally decided to appear here in moving pictures.

OXY TENNIS STARS WILL DO BATTLE.

Occidental College will stage its first tennis tryout this year to determine the stars for the coming tennis battles. Over thirty well-known racquet wielders have already signified their intentions of turning out for the team. The big try-out is scheduled for Saturday.

EXPERTS LEAVE TO GATHER EGGS.

LAST YEAR'S CREW LEAVES TO ENTER BEAR VALLEY.

Commissioner Connell Tries for New Record in Local Take of Rainbow Trout Eggs at that Point. Delays on Big Hatchery as Usual. Hard Job Ahead of Experts.

Under orders from Fish and Game Commissioner Connell to arrange at once for the spring egg-taking in Bear Valley streams, Superintendent Eugene W. Hunt of the Tahoe hatchery made a flying trip to this city Monday and yesterday, Dr. Getchell, who operated the Bear Valley hatchery last summer, with Al Morrison and Lewis Phillips of the State fish cultural force at Sisson passed through Los Angeles en route to Bear Lake.

The men are among the most experienced fish strippers in the State's employ. They have arranged to go as far as possible by motor truck, and "mush" in the rest of the way. Late advices indicate they will be able to reach the Hot Springs at the west end of Baldwin's Lake. This is several miles from the egg-taking stations contemplated, but as soon as the ice moves, the men will begin work. The fish will not begin running much in the upper lake until then.

"We have had every possible interference and obstruction put in the way of the big hatchery project, but that will not keep us from going ahead with all speed possible; the delays will not be our fault," said Commissioner Connell yesterday. "Some of our most experienced men are now entering Bear Valley with instructions to take all the eggs they possibly can, although we realize that the conditions are unusually unfavorable owing to high-water interference with transportation. However that may be, if we can make a new record there, it will be made. The men are starting in good time, and are making no small effort to get in at all."

State Superintendent Shebley, in charge of hatchery work, is to be in this city late next week to make the final arrangements for the conduct of Bear Valley hatchery. The commission has planned to leave nothing undone.

LARGE PROFIT ON FOOTBALL GAMES.

[BY DIRECT WIRE—EXCLUSIVE DISPATCH.]

ANN ARBOR (Mich.) March 15.—The University of Michigan has derived $55,852 from its football games this season. This amount has been sufficient to cover the deficits which all of the other sports have incurred. Football receipts totaled $55,852, and football disbursements amounted to $40,548. Baseball went in the hole to the extent of $3400. Track did likewise about $5000.

U.S.C. BASEBALLERS START NORTH SOON.

U.S.C. baseball enthusiasts will travel, by ocean, to the northern metropolis and tackle the crack U.C. nine at Berkeley. The local squad is scheduled to leave March 23. The initial battle will commence at 1 p.m., March 25, and the track meet between the two institutions will start soon after. The other baseball games are slated for March 27 and 28.

News from Training Camps of the Enemy.

OAKS CONTINUE TO BEAT UP THE BALL.

[BY DIRECT WIRE—EXCLUSIVE DISPATCH.]

BOYES SPRINGS (Cal.) March 15.—Roxy Middleton, the Oakland outfielder who has been holding out, arrived in camp tonight and will be out in uniform tomorrow for his initial workout. Middleton explains his absence by a case of blood poisoning contracted in a barber shop in his home town, Flat Rock, Ill.

Manager Rowdy Elliott today received a wire from Joe Chabek, the big pitcher secured from Brooklyn, dated from Cleveland, where Chabek makes his home. The wire stated that Chabek was already on board the train and would arrive at Boyes in about three days.

The Oaks will stage their first practice game on Saturday their opponents to be the Maxwell Hardware Company.

Today spirited practice was indulged in both in morning and afternoon. Outfielders, infielders and battery men were all out.

INITIAL GAME IS NIFTY EXHIBITION.

[BY DIRECT WIRE—EXCLUSIVE DISPATCH.]

SAN JOSE, March 15.—Harry Wolverton stole a march here today not alone on his own ball players, but on his fellow managers of the Coast League, by putting the Regs and Yans through a five inning battle which went to the Regs, 3 to 0. No one suspected that baseball with all the trimmings would start so early, but Boss Harry finds himself with a bunch of ball players for the most part nicely conditioned already and in trim for any sort of a grind.

It was surprisingly good, considering the time of year. Wolverton worked two young huskies—pitting Ad. Machold of Sacramento against the justly celebrated Soldier Freschette.

Machold, had by far the better of the duel, Freschette fading away after three innings and falling a victim to his own weakness in the box, for all three runs were earned.

QUINN'S APPEARANCE EXCITES COMMENT.

[BY DIRECT WIRE—EXCLUSIVE DISPATCH.]

SACRAMENTO, March 15.—The second day in the Portland camp found the squad augmented by Billy Southworth, holdover, and four strangers, Owen Quinn, first sacker; Neil Cullon, outfielder; Arthur Black, catcher, and Reese Peek, pitcher.

Eighteen athletes now are here and nine are absent. Among the procrastinators are Higginbotham and Sothoron, pitchers; Vaughn, Ward, Guisto and Hollocher; infielders, Speas, Wilie and Nixon, outfielders.

Quinn's first appearance in a Portland uniform this morning excited most comment. Quinn is a southpaw thrower and batter. He appears to be a trifle undersized for the ideal first sacker, but it must be said he owns a fine pair of hands. In baseball parlance, this means that Quinn does not "fight" the ball. He takes everything on the good hops, and, once in his glove, the ball seems to stick.

SALT LAKE MEN RUN MARATHON.

MODESTO, March 15. — Blankenship's Salt Lake team took on the Ceres High School team this afternoon as part of the day's practice stunt and when the final bell rang, the leaguers had snowed the school lads under by a score of 26 to 0.

As a base-running practice the game afforded planty of exercise, but there was a noticeable absence of fielding practice as Shrader and Owen and Averill were hooking them over and the Ceres boys had no chance to line them out.

The weather conditions remain perfect and the players are fast approaching playing condition. Today's two workouts took out all the kinks and soreness from arms and legs. The Blankenship contingent at the camp has accepted the challenge of Business Manager O'Connor for a game and the two rival squads will fight it out tomorrow to a finish or until darkness calls a halt. Considerable local interest has been worked up over the affair, which has caused some lively wagering among the boys.

New Policy.

BIG ACTS PROMISED.

BURBANK TO ENTER VAUDEVILLE FIELD SOON.

By Grace Kingsley.

The Burbank is to be turned into a vaudeville house. Sam Rork, manager of the Triangle Exhibiting Company, has completed arrangements with Frint George, representing Syd Grauman of San Francisco, for the presentation of acts booked by the Western Vaudeville Managers' Association at that theater. Mack Sennett's Keystone comedies will also be shown in connection with the vaudeville entertainment. The new policy will go into effect the 26th inst.

Mr. Rork claims that because of the affiliation of the circuit with certain of the larger ones of the Eastern and Middle West, the house will be able to secure some of the best vaudeville acts in the country. The enterprise is the outcome of a long series of efforts on the part of the Western Vaudeville Managers to secure to footing in the West.

The Majestic is to continue the home of exclusive feature photoplays and Sennett comedies. The house will also continue its policy of high-class concerts and "surprise" night features so successfully started this week. Some of the most popular of the screen stars will be seen in person each week.

Hart's Latest.

Mr. William S. Hart has just finished work in a photoplay dealing with old Aztec days in Mexico. There are said to be some tremendous battle scenes in the film. The Mexican pueblo at the San Diego Exposition served as background for some of the action.

Prepare the Incense.

Richard Bennett, matinee-idol-in-chief, has been secured by Manager Oliver Morosco for a brief season at the Morosco Theater this summer. Bennett is one of the most popular actors who have appeared in Los Angeles.

Morosco proposes to produce "Upstairs and Down," with the star in the leading role. The piece is by the Hattons of Chicago, authors of "The Songbird," in which Jane Cowl scored a success last season. In all probability the Hattons will come west to supervise rehearsals.

Before Bennett went into the "uplight" game with plays like "Damaged Goods" and "Maternity," he played such classics as "Pierre of the Plains," and others, which endeared him to his Los Angeles public.

Morosco Wins.

The securing of "On Trial," the Elmer Reizenstein play, for stock, is another big Morosco feat, as managers throughout the country have been trying to get it. This piece will be played at the Morosco shortly. Morosco has also purchased the mechanical stage arrangement by means of which the play is staged.

Earl's New Feather.

Earl Carroll's new booster song, "It's Always Orange Day in California," will not only be a big feature of "Canary Cottage," but will also be the slogan song of the Los Angeles Ad Club when it goes to the national convention in Philadelphia in June. The Ad Club is trying to arrange to take Carroll with it on that occasion.

Standing Room Only.

Billy Hame Cline is sponsor for the story that they're going to erect a tent in the vacant lot back of the Orpheum for the Gertrude Hoffman chorus girls to dress in.

"B-b-but we can't dress in a tent!" wailed a chorus girl when the fact leaked out in San Francisco.

"Huh!" retorted a chilly-hearted stage director. "You don't dress anyhow, you only undress!"

So it's to be the circus stuff for the merry-merry.

Sport Note.

George Beban really was bitten by the shepherd dog in the scene in "The Pawn of Fate" being shown at Tally's this week. And when the scene was finished the director wanted a retake! Beban insisted on having the dog's teeth sterilized, however. When this was done the dog refused to bite Beban again, insisting on licking his hands and face instead! Beban is really very fond of animals and owns a number of fine dogs and two blooded horses—not to mention a thoroughbred automobile.

Rout the Ghosts.

Sam Rork announces with much pride that Jean C. Havez, the well-known author of songs and photoplays, will appear in person in his own sketch, "The Knockers' Club," at the Majestic, tomorrow night. Mr. Havez will be assisted by Bille Dale and Charles Parrott. He will sing selections by his wife, Cecil Cunningham, who appeared here at the Orpheum a few months ago.

Bessie Barriscale and Bill Desmond appear tonight at the Majestic in an act which is elegantly termed on the programme, "Polite Entertainment."

Too Technical.

Dustin Farnum was doing a scene in his present picture for the Morosco Photoplay Company yesterday in which a number of colored persons took part. One little chocolate-colored actor made a mistake, and Director Lloyd—using an expression well known to the film people, meaning merely to cut out a certain part of a scene—exclaimed excitedly, "Kill that nigger!"

The aforesaid chocolate drop hasn't stopped running yet.

Like Oranges.

The 1500 employees of Universal City will pay tribute to King Orange on the 18th inst. H. O. Davis, vice-president and general manager, announced yesterday that the golden fruit would be much in evidence at the picture city on the day of the celebration.

P. A. Powers, treasurer of the company, said yesterday that he was planning an orange dinner for the evening of the 18th inst.

Preparedness Note.

Max Hoffman will arrive in town next Sunday night, when, immediately following the performance, a special crew of workmen will work until noon the next day installing the big runways, the special electric switchboards and arranging for the special scenery of "Sumurun."

Blue-ribboner.

Billy Carpenter, a skater appearing at the Republic, holds the world's record for the longest toe spin on the rollers.

Music Note.

The catchiest music on the Rialto this week is Victor Schertzinger's melodies accompanying "Between Men" at the Burbank. Even Earl Carroll will have to look to his laurels if Schertzinger keeps up this sort of thing.

As Billy McDermott feelingly remarked the other day, it's the sort of music everybody likes. Somebody had been telling Billy about some terribly highbrow music, and Billy answered: "Yeh, yeh, good music, all right; good music—but not to listen to!"

Still Knitting.

May Robson, who comes to the Mason following "Freckles" in "The Making Over of Mrs. Matt," is still knitting nighties for the soldiers. She declares she has used up 3000 miles of worsted.

History Stuff.

Mr. Johnnie Jess, who plays Mr. Jiggs in "Bringing Up Father," at the Mason this week, started his theatrical career as one of the juveniles in "Pinafore." Julia Marlowe was a chorus girl in the same company, and Mr. Jess says that Miss Marlowe was popular with the other chorus girls because she was always willing to help with a torn frock or bind up a wounded slipper. Most of her leisure moments were spent with a book before her, he says.

Race Suicide.

"Everyman's Castle" is the name of a new play by William Anthony McGuire which A. H. Woods is about to produce in New York, with a tour of the country in view later. The play deal with no less a subject than the evils of race suicide and is said to be highly sensational. It will have a notable cast, including Wilton Lackaye, Kitty Gordon, Emily Ann Wellman, Cyril Scott and others.

Pippin Warbler.

Allen Doone, the popular Irish singer and comedian, is booked for the Hippodrome at a near date in "Sweet County Kerry."

"Wanted t' Know You Know."

Thomas Meighan of the Lasky Company is very fond of horseback riding.

"Remember," he said to an assistant director, the other day, "When you have a part calling for horseback riding, 'Barkis is willin.'"

"Barkis?" inquired the A. D., scratching his head, "How long has he been a cowboy around here?"

Various angles of Theda Bara,

Note the variation in moods as expressed in her face, when viewed from different angles. She appears as an intent listener at the left and just quietly interested at the right.

BIG TROUT FROM BIG BEAR VALLEY.

A tremendous quantity of the finest mountain trout are being delivered from the Forest Home hatchery in Mill Creek Canyon in Bear Valley. About 2000 fish are to be delivered today, having to be packed down the steep trail on burros.

These are the first big fish from the Bear Valley hatchery, which has been in operation only a few years. While probably 600,000 of the smaller fish were washed away during the big floods, the thousands remaining are the bigger and finer specimens and it is expected that the hatchery will soon be working up to its capacity of a million.

ANGEL LUMINARIES GO TO ELSINORE.

The famous Angel catcher, Walter Boles, will depart for the equally famous training camp at Elsinore this morning. Boles will be followed shortly by Boots Weber and Johnny Powers, who expect to take their first swim in the lake Saturday afternoon.

CANADIAN BOWLERS RECEIVE CHALLENGE.

Smarting under their defeat by the Canadians by a score of 81 points to 35 on Saturday, March 4, the Los Angeles bowlers-on-the-green have challenged the Canadian bowlers to a return match. This affair will be pulled off at the Exposition Park grounds Saturday afternoon. A sharp and close contest is expected. Seats will be provided for all visitors.

BAY CITY MEET LOOKS EXCITING.

OVER ONE HUNDRED ATHLETES ENTERED IN TRACK AFFAIR.

Much Close Competition Expected in Annual Conference—Coach Hunt of Compton Plans to Enter Elaborate Team—Exciting Races Sure to be Staged.

[SPECIAL CORRESPONDENCE.]

COMPTON, March 15.—The annual Bay City League track meet, to be held here next Saturday afternoon, promises to be one of the best meets ever held in this part of the South. More than 100 athletes have sent in their names to Mack Irwin, the manager of the meet, and competition in all events appears especially keen.

Coach Hunt of Compton is going to put the strongest team in the field which has ever represented that school, although he is not at all optimistic about winning. Manley in the weights, Cocke and Ariaz in the mile and half mile, and Le Valley in the hurdles seem to be the strongest of the local team and around whom Coach Hunt has built up a well-balanced aggregation.

WESTLAKES WIN AND CLAIM CITY TITLE.

The Normal Hill Westlake basketball aggregation slipped a slight licking over on the Los Angeles Normal School team yesterday evening. At the end of the speed affair the score was announced, 93 to 28. The only thing the Westlakes regret is that they couldn't make it an even hundred.

This is the largest delegation of points stacked up against a single school this season. The Westlakes were feeling good and simply walked all over the unfortunate Normal victims. Having trampled them to death, they tramped from the scene of the slaughter claiming the city title.

It seems that the Westlakes have walloped all the local basketball talent and so they unflinchingly claim the world's championship of Los Angeles city. The line-ups:

Westlakes.		L. A. Normal.
Swann (46)	Forward	Blanchard (12)
Trauger (2)	Forward	Neher (16)
Brown (8)		
Cate (24)	Center	Squires

TACOMA ENTHUSIASTS FIGHT FOR BASEBALL.

[BY DIRECT WIRE—EXCLUSIVE DISPATCH.]

TACOMA, March 15.—Commercial Club committees will make their last stand tomorrow in an effort to sell enough season books to guarantee baseball for Tacoma this summer. Some of the special committees, which were appointed to solicit, were lax in their work, it has been ascertained, and they have been gingered up to greater efforts. To force the sales the city has been chopped into small districts and the canvass will be thorough. While the solicitations of funds has been somewhat slow so far, Manager Russ Hall believes that by the time the returns are in this week Tacoma will have enough money with which to start the season and be a scrappy unit in the chase for the pennant.

STANFORD BALL TEAM HELD TO 2-2 TIE.

[BY A. P. NIGHT WIRE.]

STANFORD UNIVERSITY (Cal.) March 15.—Stanford University and St. Mary's baseball teams played a 2-2 tie here today. There were nine innings and the game was called on account of darkness.

NEW SCRAPPERS IN OLYMPIC FIGHTS.

There will be a big St. Patrick's Eve night of bouts on Thursday evening at the Olympic Club, when six high-class four-round bouts will be staged, with an all-Irish card of boxers. The main event of the evening will be Packy Kinlon, the undefeated middleweight champion boxing marvel, versus Sam Cox of the Pasadena Athletic Club. Kinlon, by another name, is known to possibly most every boxing fan in Southern California as a boxer of the first class who has never been defeated, and this in boxing some of the best fighters in California. Big Ed Cummings was his last victim.

In Sam Cox, the Pasadena Athletic Club champion, however, Kinlon meets a boy who will make him step considerably faster than he has been called upon. Cox holds decisions over such opponents as Jack Clark, Battling Ortega, Sailor Michaels and others. Ortega seemed to have another date for Thursday night when the opportunity was offered him to do battle with Packy, and as Jack Clark and Michaels were not available Cox readily consented to meet Packy when he heard an opponent was being sought.

New faces in plenty will be seen Thursday night. An opponent is now being sought and will be obtained in plenty of time to meet Dick Cox, champion welterweight of the navy. "Red" Mathews, a battler from Anaheim, will meet Jimmy Hanlon, and the balance of the card, to make up six events for the evening, will be announced from the ring.

CRESCENTS CAPTURE GAME WITH EASE.

[SPECIAL CORRESPONDENCE.]

WHITTIER (Cal.) March 15.—The Whittier Crescents handed the crack Y.M.C.A. basketball team an interesting beating here this evening. The score was 30 to 23.

The contest was snappy all the way through and the Y.M.C.A. squad put up a first-class exhibition, but not quite good enough to win. Bean of the Crescents played in his usual stellar style and distinguished himself by the most sensational throw of the evening. He tossed the ball the entire length of the court to a colleague directly under the basket, who immediately dropped the pill in.

The line-up:

Whittier Crescents.		Y.M.C.A.
Schwaim (16)	Forward	Kuhl (6)
Redmon (6)	Forward	Delaney (4)
Brownell (8)	Center	Olney (2)
		Niebecker, Cook
Wickers, Benton	Guard	Booker (0)
Bean	Guard	Wallace (2)

Referee—Lester.

WOMEN BASKETBALL PLAYERS TO COMPETE.

[BY A. P. NIGHT WIRE.]

STANFORD UNIVERSITY, March 15.—Stanford basketball women were granted permission today by the Faculty Athletic Committee to hold interclass competition with the University of California this year. The contests will be played off at Berkeley April 22, when the U.C. women hold their field day.

There have been no basketball games between the Stanford and U.C. women since 1910.

INTERESTING BOUTS AT TORRANCE A.C.

The feature event at the Torrance Athletic Club boxing programme yesterday evening was a match between Dick Cox and F. Bassett. The lads fought through four interesting rounds and a draw decision was handed in. Sam Cox and Bud Jeffries mixed up and Cox had things all his own way. In the third affair Fred Riley licked Charles Kelly. Reese and Sandy fought four rounds to a draw.

It will surprise many fans to learn that during the major league baseball race from 1200 to 1300 dozen of baseballs are used by the various teams. This season it is estimated that a supply of about 15,000 or 16,000 of the horse-hide spheres will be required throughout the country.

First Game.

themselves when they felt the little animal crawling across their bare legs.

Many of the boys are planning to turn out for the barbecue and dance or al fresco feed to be given tonight at the Lucerne Hotel, which is about two miles down the lake. Malcolm P. Sutherland, one of our hustling business men, it is said has volunteered to haul them down in his smooth-running truck. This truck, which is a Ford, has a unique history. It came near being rigged up as a hearse. In fact it did haul one dead man to the cemetery. This dead man was the late Jake Yaeger, who formerly drove the fish wagon here. He left no relatives and only about a dozen fresh fish. Before it could be decided what to do with his estate the fish spoiled and in that way settled the question.

MANY USES.

But returning to Mr. Sutherland and his truck it is found that he formerly owned a meat market, a fuel yard and an ice house. On buying the truck to deliver meat, fuel and ice to his patrons he decided that it could also be made to serve as a hearse. He could use it as a hearse on Sundays and this would in no way interfere with his week-day deliveries. Because of this he came near adding a side line of undertaking to his meat, fuel and ice business. This would have worked well as his fuel and ice stock would have enabled him to give his patrons any kind of service which they desired. Having lots of wood and coal he could have cremated those who desired it while those who did not want to be cremated could be placed on ice. But before carrying out his plans he unexpectedly sold his business and turned the truck into a passenger carrying bus and he is not now in the market to haul dead people. While it is now a passenger bus it can be converted into a truck by removing the seats. As he has never hauled any ball players before Mr. Sutherland hardly knows whether to leave the seats in or take them out. It is believed, however, that he regards them as freight and will remove the seats.

CHANCE IMPROVES.

Frank Chance was slightly better yesterday but did not venture into a uniform. Wrapped up as tight as a mummy he passed most of the afternoon reclining on a couch in the sweat room and exuded no less than five gallons of peerless perspiration.

For the better part of a column now we have stalled along without tackling that ball game. We are all out of practice and hardly know how to go about writing it up.

Two teams were selected from among the members of the main or parent organization, meaning the entire squad. Beef Koerner acted as submanager of one of these teams and Jack Ryan held the same high office with the other team. Jack also played first base. Koerner's team won, 3 to 1, in eight furious innings, while Chance looked on and remained neutral. They had planned to play only five innings, but Ryan's team thought that it could ketch up if given a few extra innings to do it in and the combat was prolonged.

NO REMARKS.

Each team used three pitchers as shown in the box score. As most of the batters have not yet found their eye and few of the pitchers are curving them it would be useless, unfair and undiplomatic to pass judgment on them.

Williams, Ehmke and Graham worked for the Ryanites and Standridge, Horstman and Brant took turns at pitching for the other side. All of them looked as well as could be expected.

Jack Ryan got the first two hits of the season. He hit out a single in the first inning and then got hit in the mouth while fielding a ground ball with his face.

PARTICULARS.

The Koernerites did all their scoring in the first round when Galloway and Butler singled off Williams and the youngster Larson larruped out a triple. Spike came home when the throw from the outfield was foozled. Williams fanned four men in the two innings that he worked. Only one of the three hits made off him would have counted as such under normal conditions. Larson's triple was a hard wallop, but Jackson would have bagged it had he not been compelled to run up hill. He also seemed to trip over something that from a distance appeared to be a tin can. Larson followed up this triple by drawing two walks. Kane of the Tigers, who is working out here, cracked out a double and a triple, and McLarry lashed out a double that was beautiful to contemplate. Two vicious singles were Jim Galloway's contribution for the day. Add these newcomers to the heavy hitters held over from last year and you have a fine large fence-wrecking organization.

Chance has been offered McCarthy, formerly of Pittsburgh, and last season with Chicago. McCarthy can play either second or third, and Powers may purchase him in case the salary can be satisfactorily arranged. Jack Warhop, formerly with the New York Americans, also has applied for a job with the Angels.

Behold the first box score of the season:

The famous English Soccer League clubs, Aston Villa, West Bromwich Albion, Birmingham and Wolverhampton Wanderers, which have not opened their grounds for soccer football because many of their best players enlisted, have arranged to play a series of games on the league plan for the benefit of the Birmingham charity fund. The matches will be played on the five Saturday's in April and on Easter Monday.

OAKLAND WINS IN BASKETBALL MEET.

[BY A. P. NIGHT WIRE.]

CHICAGO, March 15.—The Columbian Athletic Club five of St. Louis defeated the Central Independents of Chicago, 35 to 3, in the first game of the National A.A.U. basketball meet here today.

The Brandeis Stores team of Omaha won from the Englewood Christian five of Chicago, 72 to 25.

The Illinois Athletic Club quintette overwhelmed the Osage (Iowa) five with a score of 77 to 6.

The Oakland Y.M.C.A. squad, runners-up last year, easily beat the First Regiment team of Chicago, 34 to 11.

Capt. Thomas C. Flanagan, the well-known sportsman of Toronto, has been appointed physical and sports director of No. 2 Military Division of the Canadian troops. Capt. Flanagan will have supervision of 30,000 men and the work involved in training and conditioning the men will be enormous. The military authorities have planned an ambitious programme of sports for the summer and as it will involve many kinds of athletic endeavor, the task assigned Flanagan will be a trying one.

The American Trotting Association is trying to encourage early season racing, as the following rule was drafted into its code at the recent congress: "Records made on tracks which are members of the American Trotting Association, up to and including the week in which July 4 falls, will not be a bar to eligibility, but will be classed the same as a breeders' or time record."

Drake University's big athletic carnival will be held at Des Moines April 22, and will be to the West what the University of Pennsylvania relays are to the East.

SOUGHT GOLD IN FORTY-NINE.

genarian Dies in Pasadena After Eventful Life.

Crossed Plains to Help Find Tombstone Mine.

Woman Gets Cablegram to Prepare for Wedding.

[LOCAL CORRESPONDENCE.]

PASADENA, March 16.—With the death here late yesterday afternoon of Mrs. Jane L. Schieffelin, 92 years old, one of the best-known and most prominent pioneers among the forty-niners has passed away. She was the mother of C. C. Schieffelin, who came to the land of the Golden West with the first rush. When the wife was but 21 she crossed the continent, traveling over mountains and plains on horseback, bringing along her two babies, the eldest less than 4 years old, to join him.

It was a journey fraught with great danger and required much physical endurance, but it was an experience always dear to her. Mr. Schieffelin was a member of the famous New York family by that name, many of whom have married into the Vanderbilt family.

As a prospector in 1849, Mr. Schieffelin was not as fortunate as was his brother when he discovered the famous "Tombstone" mine in Arizona, which gave them a fortune. After making their home in Oregon, where they used to see the Indians on the warpath for many years, they moved to Los Angeles.

Mr. Schieffelin was closely associated with the early politics of the city. He was one of the first City Councilmen and it was through his influence that electric lights were first installed in that city. He was one of the founders of the Odd Fellows lodge and their old home at No. 2729 North Broadway is one of the landmarks of Los Angeles.

Although of more or less a retiring disposition, Mrs. Schieffelin was noted for her charities and was always looked upon as a friend of the poor. Being wealthy she could gratify her desire to help others. Besides property here and in other places she owned at her death, business property on Broadway and Main street in Los Angeles valued at $200,000.

She had been confined to her bed since early in the year, when she sustained a fall. For the past fifteen years she had been crippled, having to walk with the aid of a cane. Besides her daughter, Mrs. E. H. Gutrado of No. 1320 North Raymond avenue, at whose home she died, she leaves three sons, J. L. Schieffelin of La [illegible], P. Schieffelin of Pasadena and C. L. Schieffelin of Medford, Or. Funeral arrangements have not yet been made.

BRIDAL PLANS.

[illegible] as many and unusual delays as have been as odd as their courtship was romantic, since announcement was made of their engagement more than a year ago, Miss [illegible] C. Horton, daughter of Mr. and Mrs. George C. Horton of No. 174 North Madison avenue, and Joel B. Cox of Honolulu, will be married [illegible] Saturday, March 25, at the First [illegible] Church.

The romance, which grew and grew, started when they were undergraduates at Stanford University and when the engagement was announced Mr. Cox was taking a post-graduate course preparatory to becoming a civil engineer. The date of the wedding was not then announced, their intentions being to wait until he had finished his special course.

But fate intervened, and the marriage was not to be—that is, not so soon, for Mr. Cox received a cablegram from Maui, T. H., urging him to accept a position as chief engineer in charge of the public works of the island, requiring him to go at once. He went in two days and the wedding date had still not been set.

Time passed and he could not get away to come for his bride, although he wished and planned to come to Pasadena and take her back with him. But yesterday she received the most welcome message she has had in a long time, in the cable from her fiancé, telling her he will arrive in San Francisco next Tuesday and that she must be ready to sail with him as Mrs. Cox on the steamer Great Northern from Los Angeles during the following Saturday afternoon.

So there is much hurrying in the Horton family in preparation for the marriage plans which have been made so suddenly.

CITY BRIEFS.

A public meeting of the Civic Committee of the High School Parent-Teacher Association will be held tomorrow at the Pasadena High School, to discuss the relative needs between Pasadena Beautiful and Pasadena Useful, and to talk over plans with an idea of asking the State to establish an agricultural college in Pasadena, the garden spot of the world. Robert S. Allen is chairman of the Civic Committee.

The week of St. Patrick's Day will be one of the gayest and most spectacular of the entire season. The Emerald Isle ball on March 17 at the Huntington is to eclipse in splendor anything yet given at that big hostelry and the St. Patrick's ball and dinner dance, which will mark the close of the social season at the Green Hotel, will also be a brilliant event. The city will simply outdo itself in the fashion show, which will be held at the Hotel Maryland in the name of charity on Saturday afternoon and evening. Many other less formal affairs will also be given this week.

On exhibition at the Mission Curio and Art shop at No. 286 East Colorado street is a title of nobility given to Don Joseph de Escadon, in 1749, which made him the Count of Sierra Gorod. It bears the original signature of Ferdinand II, King of Spain, and several court dignitaries. It is a quaint-looking old document worn with age and in book form, being on hand-decorated parchment. It contains the court of arms of the newly-made count. It was brought to Southern California by a refugee from Mexico.

When his motorcycle collided with an electric machine yesterday, Henry P. Willsey was thrown to the pavement at Fair Oaks avenue and Center street and his ankle badly sprained and his hip terribly bruised and strained.

I.W.W. THREATS.

Brawley Chief of Police Threatened with Sabotage if Members of Gang are not Released—Citizens Organize to Combat Vandals.

[LOCAL CORRESPONDENCE.]

BRAWLEY March 15. — Unless members of an I.W.W. gang, who were arrested here and sent to the County Jail on charges of vagrancy, are released dire things will happen, according to threats made to Chief of Police Marshall of Brawley, by members of the I.W.W. working out of Los Angeles. The following scrawled warning was received today in the mail by the Chief;

Chief of Police, Brawley, Cal.: The I.W.W. of this city demand the release of the members of our organization. The time has came that we are not going to stand for our members being railroaded on trumped-up charges. If they are, you will be held responsible. If you don't know what sabotage means we will learn you. Hoping that you will take the matter under consideration and act accordingly.

I.W.W., Los Angeles, Cal.

"So far as I am concerned," laughed the Chief this morning, they can start any time they please. They all look alike to me when they violate the law, and they will be treated according to their deserts."

Circumstances surrounding the burning of the cantaloupe sheds at Keystone recently point to the I.W.W.'s, who have been loafing in this vicinity for some weeks. The outrages perpetrated at Keystone are similar to those of a year ago attributed to the members of a gang of bums.

An organization is now in the process of formation, composed of hundreds of residents throughout the valley, who will attempt to put a stop to the attempts of a handful of I.W.W. loafers to terrorize the ranchess and citizens with their lawlessness and threats.

MERCHANT DROPS DEAD.

[LOCAL CORRESPONDENCE.]

POMONA, March 15.—W. D. Alkire dropped dead in the arms of his partner, Will Taylor, at the Alkire & Taylor grocery store on South Garey avenue this morning at 8 o'clock. The end came while he was wrapping up an order. He had been in ill health for three months and heart failure was the immediate cause of his demise. Three months ago he was stricken with acute indigestion which brought on an attack of heart trouble. He did not regain his strength, although he resumed activities at the store a month ago. He was a member of the Board of Education, a deacon in the First Christian Church, a prominent Mason, and treasurer of the Loyal Men's Bible Class of his church. He was born in Illinois sixty-six years ago.

Long Beach Board Asks Voters to Provide Bonds.

Storm Streams to be Turned into Deep Washes.

[LOCAL CORRESPONDENCE.]

LONG BEACH, March 15.—For the erection of two intermediate schools and the purchase of the sites and fixtures for the same, and for enlarging the high school and some of the grammar institutions, the Long Beach Board of education announced today that a special election to raise $360,000 in bonds would be held April 18.

Legal opinion will be solicited from the County Counsel and the Attorney-General as to whether or not the expense of a special election could be saved by including the issue in the Presidential primary ballot May 2. If it is found that this can be done the election will be postponed from April 18 to May 2.

The Board of Education would put the $360,000 to various uses, $280,000 of it going for the purchase and improvement of sites and the construction and equipment of two intermediate high schools the main issue.

The amount of the bonds needed for the erection of a boys' gymnasium, one of the biggest needs at the present time; the alteration of the present high school auditorium into a combined study hall and library, and the erection of a new auditorium of greater capacity at the high school, is estimated at $37,000. That brings the total for high school purposes up to $317,000. The other $43,000 will be asked for the improvements and extension of a number of grammar schools.

NAMES COMMITTEE.

Urging that the committee meet without further delay because of the emergency situation confronting the city, on account of the silt-choked harbor, Mayor Lisenby has named the following fifteen citizens to call a mass meeting and prepare plans and devise means for harbor improvement and development: S. W. Alexander, Job Barnett, W. H. Bennett, George H. Bixby, P. E. Hatch, O. Hauge, W. F. Prisk, D. M. Shreve, L. W. Shuman, G. M. Spicer, E. J. Starr, C. J. Walker, L. N. Whealton, former Mayor; C. H. Windham, former Mayor, and F. C. Roberts.

The committee will assemble facts and figures bearing on the harbor situation, in addition to naming the date on which the mass meeting will be held. This will be decided tomorrow morning, it is expected, when the committee will meet at the City Hall for the first conference.

Everyone will be given a chance to air views on the need for dredging the channel and freeing the harbor. It appears to be the unanimous desire of the people to have the harbor freed of mud so that ships may enter this port and the industries be retained, but the opinions on how that end should be reached and by what means are many and varied.

Temporary relief to some of the kelp plants that have been compelled to suspend operation because of the inability of their scows to navigate the slips is being obtained through the melting away of the silt by a hydraulic method. It is expected that in one or two days more small boats not drawing more than five feet of water can enter the channel at high tide.

DEVELOPS AN ASSET.

Turning a calamity into an asset, a system of check dams for the diversion of flood waters and silt still being carried into the Long Beach harbor was advocated today to direct the flow of the remaining storm waters into the deep washes made by the recent floods through some of the streets in the harbor district.

In this manner the holes made where the thoroughfares used to be will be filled up with but little expense to the city, and at the same time further damage to the already clogged harbor will be averted.

The public works, property and safety departments of the city are co-operating to bring about the realization of a complete check of the silt and streams by the end of the week. Some of the lighter craft working out of the tuna packing and potash plans can now navigate the mud-choked harbor at high tide, the silt being materially reduced by the continued appliance of the hydraulic process of cleaning out the passageway.

SELF-RISING.

S. E. Artz, a baker of No. 252 East Third street, is mourning the loss of his wife, who he says took French leave today after a romance of but two weeks. He told the police, whom he asked to aid him in search for her, that he had met her on February 27, that she proposed to him on February 28 and that they were married in true leap year style on February 29.

That she did things in a hurry, both in respect to getting married and severing her matrimonial entanglements to all intents and purposes, was the opinion expressed by the despondent baker.

By-product of Canneries Adds Income to Total Returns of Tuna Industry—Many Small Boats Being Built—Mysterious Fire Destroys Auto in its Shed.

[LOCAL CORRESPONDENCE.]

LOS ANGELES HARBOR, March 15.—Fish scrap, once discarded as a cannery waste fit only as food for dogfish, is now being made up into poultry and stock food and is one of the most valuable by-products of the canning industry.

The Pacific Food Products, which has the contract to handle the fish waste from the canneries here, will no longer manufacture fertilizer from the fish scrap. As fertilizer the fish scraps were worth about $40 a ton. The same process of extracting the oil and cooking and drying the scraps yields poultry food that brings a much higher price.

BUILDING BOATS.

There is much activity along the water front getting ready for the first run of tuna expected with the return of warmer weather in a few weeks. Boat-building plants particularly are rushed to turn out new boats for tuna fishing. Nearly one hundred boats are being built and between 100 and 150 men are employed at the various boat-building plants around the harbor.

Notwithstanding the advance in lumber, brass goods and engines, the season is one of the most profitable in the history of boat building at the harbor. The average cost of the boats under construction will be about $2000.

MYSTERIOUS FIRE.

Considerable mystery surrounds the burning of an automobile belonging to J. Y. Mitchell of No. 746 Nineteenth street at an early hour this morning. Yesterday afternoon the fire department was called out to put out a fire in the shed where the machine was being repaired. The damage amounted to about $150.

At 1 a.m., eleven hours after the first fire, another alarm was sent in. The shed and automobile were this time completely destroyed. The machine was nearly new and had been used as a stage between here and Los Angeles before the boulevard was put out of commission by the recent floods. The loss was covered by insurance.

Woman Sues in Dispute Involving Shoestring of Land.

[LOCAL CORRESPONDENCE.]

FULLERTON, March 15.—A novel suit, involving two inches of business property on North Spadra avenue, Fullerton, was filed in the Superior Court at Santa Ana Tuesday by Mrs. Amanda Rothaermal, through her attorney, E. J. Marks, against George H. Amerige.

The complaint sets forth that Mr. Amerige entered into possession of the south two inches of Mrs. Rothaermal's property, a two-story building located in the center of the business section. Besides asking for the possession of the dispted two inches, Mrs. Rothaermal asks $500 damages.

The Amerige property is a one-story building of brick, and it is estimated it will cost at least $1500 if the suit is won to remove that portion alleged to encroach on the adjoining property.

Santa Ana School Board Plans for Bond Election.

[LOCAL CORRESPONDENCE.]

SANTA ANA, March 15.—For shouting "Hallelujahs" too loudly and too late into the night seven Holy Rollers were in the County Jail today on a charge of disturbing the peace. They look upon their arrest with grim satisfaction, for they say that the Bible tells them that persecution is the lot of those who follow the word.

The news that the stork was hovering close around the home of one of the Holy Rollers, A. C. Valchez, brought his release without the $25 bail fixed by Justice Cox for the others.

"Yes, we have been holding some fine meetings," said Valchez when asked if it were true that a good deal of noise had come from their meeting-house on Spurgeon street, near Third street. "We have been saving souls, and by grace we have witnessed the curing of people suffering from rheumatism, sore eyes and the grip."

Last night Valchez kneeled in the street and shouted until he was hoarse, at times emitting a strange chatter not understandable by those who gathered at the corner.

The arrests followed the instructions given by the City Trustees to City Marshal Jernigan "to abate the nuisance." A number of residents in the vicinity of the meeting-house stated that the wailing and shouting continued oftentimes far into the night, and roomers were leaving the landlords to mourn empty rooms.

Those arrested are: E. F. Waterous, laborer; Steve Corning, laborer; A. C. Valchez, Isaac Gay, missionary; E. T. Thacker, all of Santa Ana; W. H. Giles, merchant, of Long Beach; W. M. Modena, evangelist.

The Board of Education today announced its intention of calling for $60,000 bonds for building a high school auditorium and $40,000 for buying sites for two grammar schools and building one grammar school. The election will be held April 18. The auditorium will be provided with 2500 seats, and in case the auditorium is used for a big convention 600 chairs in addition can be placed in it.

A. J. Crookshank, president of the Board of Education, handed his resignation to the board today, stating that press of business would prevent him from giving the necessary time to the school work. Crookshank is active manager of the Santa Ana Co-Operative Sugar Company and is president of the First National Bank.

NEWS BRIEFS.

An active Republican club has been organized here, with Deputy District Attorney Walter Eden as president and Attorney Charles D. Swanner as secretary-treasurer. An executive committee of five is to be announced at the next meeting, which will be held next Tuesday night. The club proposes to thoroughly organize and support the nominee of the Republican national convention.

Acting upon an agreement reached at a conference of the Board of Supervisors and the County Highway Commission today, the commission is to submit two reports to the public for discussion. One is to presuppose a bond issue of $350,000, with $140,000 going to the coast boulevard, $40,000 to paving the Santa Ana Canyon road, and the rest to go to the other roads over the county. The other is to presuppose a bond issue of $800,000, with $240,000 going to the coast boulevard. The decision as to whether or not to ask for a bond issue will not be settled for several weeks.

Los Angeles Company to Build Plant Near Elsinore, Where Clay Beds are the Best in the Country. Santa Fe Railroad Makes Repairs.

[LOCAL CORRESPONDENCE.]

ELSINORE, March 15.—The contract for the excavating work for the much-talked-of industrial town to be built by the Los Angeles Pressed Brick Company near Elsinore has been let to H. H. Niemann of this city, who will begin work at once. Surveyors are expected to arrive within the next few days, when men and teams will be put to work on removing the dirt for the new city.

The brick company plans to move its entire business to the new town, the name for which will be selected later. The Alberhill Coal and Clay Company will also move its offices to the new town from Los Angeles, in order to co-operate with the brick company in handling the clay deposits.

One of the representatives of the brick company stated that the work would be pushed as rapidly as possible and that several hundred men will be employed within the next few months. When the plants are moved here, and sufficient buildings are ready as many as 600 or 700 men will be given employment. It is said the clay beds of Alberhill are as good as any to be found in the United States, and that for variety of clays exceed any beds yet discovered.

SANTA FE WILL BUILD.

The Santa Fe Railroad Company is making preparations to extend its line from Elsinore to Corona, in order to take care of the large freight business that will be developed. Already engineers have been making the survey, and it is stated the work of getting rights of way will be begun within the next few weeks.

"The Santa Fe has been hard hit by the recent floods," said a railroad man a few days ago, "but you can depend that the road will be built from your town to Corona just the same. It will be a great saving in handling freight and besides will shorten the distance from Elsinore to Los Angeles nearly an hour less than the present route by train."

Southern Pacific Officials Visit Apple Valley and Raise Hopes in Residents that Espee's Main Line will Soon be Changed.

[LOCAL CORRESPONDENCE.]

YUCAIPA, March 15. — The presence of Julius Krutschnitt, chairman of the Executive Committee of the Southern Pacific; Paul Shoup, president of the Pacific Electric; L. J. Spence of New York, director of traffic for the Southern Pacific, and other officials of the system in this valley has led local people to believe that the officials may be considering building the main line of the road through this valley from Beaumont to Redlands.

Several weeks ago business men of Redlands and Yucaipa made a request to the Southern Pacific officials that this step be taken, and the line through San Timoteo Canyon be abandoned. The officials who were here in automobiles refused to make any statement as to the plans of the company, but it is felt sure that Yucaipa will soon be served by the Southern Pacific.

The officials are making a tour of inspection, and were in Redlands, Colton and Crafton all day yesterday, reaching here late in the afternoon. The officials say that business is improving over all the lines.

NONAGENARIAN OFFERS TO FIGHT CAPT. FREDERICKS.

[BY DIRECT WIRE—EXCLUSIVE DISPATCH.]

SAN DIEGO, March 15.—Because he thought that Capt. John D. Fredericks of Los Angeles doubted his veracity today while on the witness stand, O. J. Stough, aged 97, [illegible] San Diego millionaire, offered to fight the big attorney. [illegible] is somewhat deaf, but otherwise [illegible] as young as a man of 40 and he misunderstood a question of Capt. Fredericks; hence the [illegible].

Shaking his finger at the lawyer, the [illegible] man said heatedly: "You are trying to make me out a liar. You wouldn't dare say that to me if it were not in this court-room. I am [illegible] fighting man."

Stough then asked the pardon of Judge W. R. Guy, the presiding judge, and peace was soon restored when he understood the question.

Stough, a well-known figure throughout the State, is contesting the petition of J. E. Fishburn of Los Angeles to be executor of the estate of his wife, Mrs. Florence A. Stough. Through his attorneys, A. J. Casebeer and John H. McCorkle, he holds that Fishburn did not petition for probate of the will for 197 days after the death of Mrs. Stough, he forfeited the right to letters of administration as the law requires this to be done in thirty days after the death of the testator.

Fishburn testified today that he did not put in his petition sooner because he learned from Attorney Casebeer that Mrs. Stough had left no estate to be willed away by her. Later, he says, he learned that this contention of Stough's that the property did not belong to Mrs. Stough was doubtful and that the State Comptroller was bringing suit against the estate for inheritance tax.

Stough claims that the property in question was deeded to him by his wife twelve years before her death and so could not be given away by her at her death. In the property contested is included the Stough ranch at Burbank and much valuable property at Los Angeles and San Diego, amounting to about $1,000,000 in value.

Attorneys Fredericks and Hanna of Los Angeles were here to represent Fishburn. Judge Guy took the matter under advisement. Upon this decision rests the case of Comptroller John S. Chamber in his claim for inheritance tax due the State.

By the terms of Mrs. Stough's will bequests are made to Lillian Ballagh, Mrs. Stough's sister, and other relatives.

LONG SWIM ASHORE FROM BURNING BOAT.

[LOCAL CORRESPONDENCE.]

AVALON, March 15.—Plunging into the ocean to escape cremation on their burning speed boat O. D., while passing the east end of Catalina Island, Tuesday night, D. Bartell and P. Hind of San Pedro fought desperately to save the craft.

The O. D., a forty-foot vessel, was equipped with an eighty-horse-power gasoline motor, and was used to carry newspapers to the island.

The two men were returning from San Clemente Island and expected to arrive at San Pedro early Wednesday morning. In a sizzling mass of flame the launch sank and left the two to swim ashore at Pebble Beach, then to find their way to Avalon in the darkness of night. Hind was a little scorched in places. Bartell was given clothing when he arrived at this port.

Hind, who was formerly in the United States Navy, said of his thrilling experience. "We left San Clemente Island at 9 o'clock, Tuesday night, and it would be about 11 o'clock when we should have passed Seal Rocks. For what reason I do not know, the engine-room burst into flames. There was no chance to drive the boat onto the beach. In less than five minutes it was on fire from stem to stern. There was nothing to do but jump into the sea. Bartell tried to get his coat out of the engine-room but the fierce flames drove him back into the water clinging to a life preserver he had managed to grab from the deck.

"As we fought the flames we hung on to the stern, but our efforts were useless. In the lurid blaze I could just see the outlines of land. Then the heat drove us both off and we struck out for shore. After the O. D. sank it seemed to be the longest swim I had ever taken in my life. The current was running very swiftly. We kept as close together as possible and I was about all in when my feet struck the bottom. Then a surge came and rolled me about like a ball until I got enough strength again to scramble out above high-water mark.

"I lay on the beach for some time and it was not until I was taking off the life preserver that I noticed a line tied to it. It was the 'log line' of the O. D. I had dragged it through the water because it had been tied to my life preserver. There is about one hundred feet of it with the log—and the only things that are left of the boat and its equipment. I must have swum nearly a mile pulling the line through the water after me. It was a long walk to Avalon where we found the watchman who took us to the Banning Company's electric light plant, got us something to eat and allowed us to dry our few clothes."

WHAT CAN YOU DO FOR CATARRH?

Ask Yourself the Question. How Often Has the Doctor Failed, as Have Ointments, Salves, Vapors? What You Should Do.

The easy, commonsense method—that costs so little—that is so quickly and vigorously effective—is often the last resort of many Catarrh sufferers. Why, it is hard to say. One of the specialists of the Swift Specific Company in Atlanta—a physician of standing and national reputation because of his knowledge of blood disorders, made the assertion that if the majority of Catarrh sufferers would buy and faithfully take S. S. S., they could effectually get rid of Catarrh.

S. S. S. goes straight to the seat of trouble, the blood. It spreads its influence ove revery organ in the body, comes through the veins and arteries, enables the mucous surfaces to exchange acids and irritating substances for red blood corpuscles that effectually cleanse the system and thus put an end to all Catarrhal poison. S. S. S. cleans out the stomach of mucous accumulations, enables only pure, blood-making materials to enter the intestines, combines with these food elements to enter the circulation, and in less than an hour is at work throughout the body in process of purification.

S. S. S. is made from barks, roots and herbs that are food and tonic for the blood. It stimulates—gives the blood power to throw off poisons. You will soon realize its wonderful influence by the absence of headache, a clearing of the air passages, a steadily improved nasal condition, and a sense of bodily relief that proves how completely Catarrh often infests the entire system.

You will find S. S. S. on sale at all drug stores. It is a remarkable remedy for all blood affections, such as Eczema, Rash, Lupus, Tetter, Psoriasis, Boils, and all other diseased conditions of the blood. For special advice on any blood disease write The Swift Specific Company, Medical Department, Room 11, Atlanta, Ga. Avoid substitutes.

Rivalry.

ENTHUSIASM GROWS AS CONTEST NEARS CLOSE.

Big Bonus Vote Offer Stirs Contestants to Extra Efforts to Secure One of the Sixteen Automobiles in "The Times" Prize Contest—Many Contestants Making Rapid Strides During Closing Weeks.

NEVER before in the history of the Southwest has any proposition created the interest and enthusiasm that is now being manifested in the liberal 80,000 bonus vote offer and $75 in gold, which are the big features of the rapidly closing Times automobile campaign. As it is the last club offer of the prize race, the unusual importance attached to it by candidates is exemplified in the manner in which subscriptions are coming in from every source.

Leaders in all the twelve districts are being closely pressed by determined contenders who are just now throwing their full force into the race.

Staid business men—men who ordinarily allow nothing to disturb the equanimity of their existence—are becoming imbued with the same spirit of—of—shall it be called effervescence?—that brings a happy smile to the faces and a gleam of determination to the eyes of the candidates.

One in particular—he came to the campaign office shortly before noon yesterday—is taking a lively interest in the progress of this campaign. His daughter is a candidate.

"By Jove," he exclaimed, "this automobile race is better than a tonic. My daughter kept pecking away at me earlier in the campaign, telling me how she was going to work for one of those autos, and—" he wagged his head—"it's having its effect!" I've got my Irish up now; I'm ready to sail in and boost until Judgment Day, if necessary. I may look like an old crony, but I feel like a kid, and I'm going to cover some ground for my daughter between now and March 29."

COMPETITION KEEN.

Those who are striving to win one of the sixteen automobiles should not lose sight of the fact that there are others striving for the same end. One can never be too sure of success, and the only safe way to do is to keep hard at it until the last minute. Make a list of all those acquaintances who have not yet been seen. These friends will also have friends on whom they, in turn, can call for assistance. This method will bring surprising and gratifying results.

Those who are making rapid progress, and going well naturally prove a stumbling block to others who have similar ambitions. Consequently, rumors are apt to become circulated that are intended to cause these progressive ones to give up the fight. Perhaps one will meet you on the street and proceed to tell you of all the votes she has, with the direct thought of discouraging you. Perhaps she tells her friends to tell you of the splendid luck she is having, and how she has so many votes in view that it would be folly for anyone to compete against her.

All this is with the single purpose of causing you to lose heart in the battle. You should be aware of this and pay no attention to what other contestants will tell you. Probably you have, in reality, just as many votes as she has. Remember the old saw: "Don't believe anything you hear, and only half of what you see." Keep this in your mind and things will look different to you. Above all, pay no attention to what you hear about your sister contestants. If they really have done all that they claim, this should be an incentive to you to go out and do likewise. Say to yourself, "What she has done, I can do," and go out and do it.

END NEAR.

With the final day of the campaign drawing rapidly closer every advantage must be made the most of if ultimate victory is to be achieved. The present special offer of 80,000 bonus votes on each five-year club, together with the added opportunity of winning $75 in gold with the same subscriptions is an attractive means of winning an automobile in the end. It has wonderful possibilities; furthermore, it is the very last club offer that will be given. This offer ends March 22, at 9 p.m. Full details will be found in the advertisement appearing elsewhere in today's Times.

As only new subscriptions count on the present offer, exceeding care must be taken to insure the correctness of this point on every stub that is sent in. To mark an old subscription as new is to forfeit the votes thereon. Verify every stub before it is sent or brought to the campaign office; then there will be no cause for regret later.

The vote standings, with many new changes, will appear again tomorrow. All free coupons bearing date of March 15 must be in by March 19 in order to count.

Vice-President of the United States Writes Dist.-Atty. Schoonover Inquiring for Mrs. Wurtsbaugh, Who Sued Him as "Conspirator."

United States District Attorney Schoonover received a letter from Vice-President Thomas R. Marshall yesterday regarding the mental condition of Mrs. Teresa Wurtsbaugh, who is charged with insanity.

In the amended bill against Earl Berry and others, the Vice-President of the United States was made one of the defendant parties, and in the communication to the local Federal authorities he states that he recalls that the law firm of which he was a member some years ago appeared in behalf of Mrs. Wurtsbaugh's husband, who sought and obtained a divorce.

Mr. Marshall states that the old lady has been obsessed with the idea for years that she was being persecuted and that the departure of her daughter Jessamine from Kentucky for California was brought about by some of her personal enemies. The Vice-President expresses the warmest sympathy for the woman and expresses the hope that she will be well cared for.

STATE Y.M.C.A. CONVENTION.

State Secretary Sprunger and Others go to San Jose for Meeting.

State Secretary James E. Sprunger, General Secretary J. E. Luther of the local association, and E. T. Sams, special State secretary, and H. O. Hill, State college and high school secretary, are among the Los Angeles men who are attending the thirty-fifth annual State convention of the Y.M.C.A., which opened in San Jose yesterday.

Mr. Sprunger will preside at the convention. He returned from England last Sunday, where he had been since the first of the year. He was engaged there in working among interned German soldiers in the prison camps of Great Britain. It is expected that Mr. Sprunger will return to England, immediately after the convention, taking with him his wife and family.

WANTED IN ARIZONA.

Former Villista Commander Arrested on a White Slave Charge.

Santiago Rivera, who claims to have been a commander in the army of Gen. Francisco Villa, and until recently served as night Chief of Police under Gov. Cantu, at Mexicali, will be taken this morning to Tucson, under a departmental warrant for a hearing on a white slave charge, by Capt. Charles T. Connell, chief immigration officer.

He was arrested at El Paso some months ago, on a white slave charge, and held in $1000 bond, which he jumped and went to South America. Later he was wanted in Tucson on a similar allegation.

Rivera was living with a woman in the vicinity of Twelfth street and Central avenue. His capture was made by Deputy Sheriff Laitsky and Immigration Inspector Miller, who saw him with his female companion and followed him to the place where the couple roomed.

Rivera is a native of Tepic, Mex., about 40 years of age.

Alienation Suit Stirs Quaker City.

Mrs. Dora Phillips (right;) Mrs. Bessie Caruthers,

Defendant and plaintiff, respectively, in a $10,000 suit for the alleged alienation of the affections of John P. Caruthers.

Acrimonious.

HOT WORDS LAUNCH WAR FOR LOVE OF HYPNOTIST.

RETURNING from the home of a neighbor one evening in July, 1915, Mrs. Bessie L. Caruthers saw her husband, John P. Caruthers, and Mrs. Dora M. Phillips standing in the doorway of the Caruthers house at Whittier, and says she heard Mrs. Phillips say to Mr. Caruthers:

"Here comes the old hen."

This cutting remark and subsequent events which Mrs. Caruthers testified to in Judge Hewitt's court yesterday in her $10,000 suit against Mrs. Phillips for alleged alienation of the affections of Mr. Caruthers, led to Mrs. Caruthers saying to Mrs. Phillips:

"If you don't quit running after my husband, I will have you arrested."

A large portion of the citizens of Whittier are interested in the outcome of the suit. From the testimony of the women friends of Mrs. Caruthers, the neighbors seemed to take a great deal of interest in these visits of Mrs. Phillips, who was not married at the time. Mrs. Zelda Streeter testified that Mrs. Phillips was practically a daily visitor at the Caruthers house. She saw her go there, she said, as often as three times a day.

Asked how she kept such good tabs on Mrs. Phillips, Mrs. Streeter replied:

"The neighbors would come and tell me, and I would look out and see her coming and going."

Mrs. Caruthers dates her unhappiness and the loss of her handsome husband from the arrival of Mrs. Phillips at the Greenleaf Hotel in July, 1915. Immediately afterward, she alleges, Mrs. Phillips began an association with Mrs. Caruthers; called frequently at his home, received him at the hotel and accompanied him on auto trips.

She alleged that July 14, 1915, Mrs. Phillips left Whittier in Mr. Caruthers's automobile, and returned the following day.

Mrs. Phillips does not appear alarmed at the outcome of the suit. Most of the time in court she smiled at the evidence linking her name with that of handsome Mr. Caruthers, a professional hypnotist. That he is handsome was proved by the testimony of his neighbors.

Mrs. Phillips denies enticing Mr. Caruthers from his wife. She says she managed his shows and talked business with him. She further alleges that she was induced to make a loan on the separate property of Mrs. Caruthers to the extent of $1250, for which a promissory note was given, secured by a trust deed.

On the day that she filed the alienation suit Mrs. Caruthers filed suit for divorce against Mr. Caruthers. She had him arrested for failure to provide, obtained an alimony order of $40 a month and procured judgment for $161.25, back alimony. She alleges that Mr. Caruthers is now in Mississippi.

Mrs. Caruthers is represented by Attorney M. O. Graves. Attorneys Ferguson, Atchison and Wells, are counsel for Mrs. Phillips. The case will be resumed today.

ANNOY TAXPAYERS.

City Council Orders Investigation of Alleged Sharp Practice by Purchasers of Lapsed Street Improvement Bonds—Illegal Possession.

Investigation of alleged "sharp practices" on the part of certain bond and brokerage houses in the matter of purchasing property through foreclosure of street improvement bonds, as charged by C. A. Mau, was ordered by the City Council yesterday, and the City Treasurer is asked to report on the advisability of adopting the suggestions made. It is represented to the Council that these purchasers of street improvement bonds threaten to take physical possession of property on foreclosure, whereas this cannot legally be done. Mr. Mau suggests that the City Treasurer be required to give notice to property owners whenever application is made for foreclosure. This, he says, will save much annoyance and inconvenience to taxpayers.

Miss Kelsey will be assisted by Zillah Ernestine Withrow, a classic dancer, Una Marion Fleming, a Spanish dancer, and the Misses Ora E. Thalman, Virginia Thomas, Dorothy Robinson, Susan Avery and Maud Toppierner. The dances will be symbolic of Egypt, Greece, Italy, Spain, France and mythology.

LOYAL LEGION ELECTS.

Officers for New Year Chosen by Patriotic Organization.

Officers for the Southern California Association of Companions of the Military Order of the Loyal Legion were elected Saturday at the annual meeting of members at the headquarters here. The association has a membership of 250 veteran officers of the Civil and other wars, and their sons.

The new board of officers follows: President, Capt. J. O. Osgood; first vice-president, Perry W. Weidner; second vice-president, Gen. Charles H. Whipple; third vice-president, Maj. John Murray Hoag; secretary, Charles S. Gilbert; treasurer, Capt. James S. France; chaplain, William F. Hubbard; Funeral Committee, Capt. S. M. Kent, and H. S. Wood.

A BLOW TO FAITHFUL.

A large-sized cam was thrown into the local Democratic machine yesterday when it was announced from Washington that a civil service examination will be held April 4 for those who desire positions as income tax collectors. Heretofore, all collectors have been hand-picked as it were, getting office as a return for valiant service in the cause of Bourbonism.

BOARD OF ARCHITECTS.

Commission to Advise and Direct the Planning of County Buildings and Bridges is Proposed by Local Chapter of the Institute of Architecture.

Another commission to assist in the local government was suggested Tuesday to the Board of Supervisors, but did not meet with hearty support because of the too numerous commissions already existing. The latest is a proposed county commission of architectural advisers.

H. F. Withey, a local architect, is sponsor, and is backed by the Los Angeles Chapter of the American Institute of Architecture. His proposal calls for a commission to be named by President Tilden Norton of the chapter, assisted by the directors of the organization and ratified by the Board of Supervisors.

The purpose of the commission would be to promote, encourage and increase architectural merit in the construction of county buildings, bridges and schoolhouses. Members of the commission would serve without pay, meet monthly or more frequently, and act in a general advisory capacity similar to that occupied by the City Art Commission or the National Commission of Fine Arts of Washington.

Supervisor Norton suggested that such a commission might be of assistance occasionally, but that the danger of interference with all of the work of the county's paid staff is great and not to be countenanced. The matter was taken under advisement by the board.

CALL IS SUDDEN.

Younger Social Set's Leader Passes Away—Funeral Tomorrow.

Mrs. Margaret Braly Willebrands, wife of Benjamin O. Willebrands, wealthy realty dealer of this city, passed away early Tuesday morning at her residence, No. 438 South Manhattan place. Mrs. Willebrands was 36 years old and was one of the leaders of the younger social set. Death came suddenly, throat trouble being given as the cause. There are no children.

Mrs. Willebrands was Miss Margaret Braly, daughter of Mr. and Mrs. J. C. Braly, before her marriage to Mr. Willebrands. Twenty-five years ago she came to Los Angeles from Oregon with her parents.

Funeral services will be conducted in the residence tomorrow morning at 10 o'clock. Interment will be private.

Testimony in "Fraud Case" Early Experiences.

In the cross-examination of W. Yule of this city, who for was an oil prospector in the California fields, before Judge yesterday, in the Southern Pacific fraud cases, testimony was given cating that from 1880 to 1900 the Southern Pacific Railroad nor anybody else knew that the that since have become the McKittrick and Sunset oil fields were chiefly uable for oil.

For years the efforts of and prospectors was bent toward veloping the asphalt beds on the that has since become McKittrick was then known as the town of phalta, in honor of the valuable posits. The presence of the was the cause of the Southern Pacific Company building its branch line from Button Willow to McKittrick, a tance of about twelve miles. The of oil was yet to be written.

It was not then known that is but a by-product of oil and the presence of the roofing and paving material meant that present. In fact, it has been by the testimony that oil was from Los Angeles to use in asphalt, when there was oil within few hundred feet of the asphalt but the operators did not know Later, with improved methods, wells were drilled all over that try.

The object of the cross-examination was to show that at the time Southern Pacific Railroad took the land as a part of the government grant it was chiefly valuable for phalt, that was not within the bition of the law.

At that time there was no for oil, but there was for asphalt the country was filled with made refineries consisting for greater part of upright kettles turned out large quantities of There were oil seepages everywhere but the industry had not reached the point where sufficient technical or practical edge to enable the operators to the oil supply that lay in haustible quantities just below.

The Exposition

This Exposition is not founded, primarily, on a desire for pecuniary profit. It is expected, nevertheless, that such profit will come, directly or indirectly, and speedily to all who attend, to exhibitors, and to the association behind the Exposition.

The fundamental idea is betterment. Education and co-operation are the means. The establishment of right standards and the increase of economy are ends.

Through the Exposition manufacturers and consumers are brought directly together. Each has the opportunity to teach and be taught many things. Through this dissemination of knowledge and understanding many imperfections and wastes will vanish, improvements and economies will occur.

The cooking school will teach the housewife how to get better results from the food products she buys. The exhibit of household equipment will show her better ways of performing the work of the household.

The baby show gives a very human side to the Exposition and adds to the interest and instruction of mothers.

Music and special entertainment features scatter over all enough of the lighter mood to make them mentally sing as they learn and profit.

That the public may better understand these efforts and the spirit of the organization under whose auspices these opportunities and benefits are provided, it is stated that the Southern California Retail Grocers' Association effectively opposes all schemes. It upholds honorable, worthy and efficient methods of merchandising and constructive advertising. It seeks quality in merchandise. It seeks to protect the public as well as its members from all forms of abuse in trade and manufacturing. It has accomplished much in these ways and there is much still to be accomplished.

It co-operates with all proper agencies of trade, government or society to establish standards of purity, quality, sanitation, health, weights, measures and fair dealing. It co-operates with the consumers and manufacturers as well as with its own members. It is beneficent in its promotion of standards and efforts to protect the public. It is constructive in its work of education and advertising and their resulting economies. Education and constructive advertising elevate quality, increase quantity, establish standards, lessen the cost of goods to consumers, lessen both costs and expense for retailers and manufacturers. They reduce the cost of living, elevate its standards and multiply its advantages, comforts and pleasures.

BOYS DISAPPEAR.

One of the three boys, missing from this city for two days, returned this morning to the home of his parents. He is Reynard Mowdy, 15-year-old son of Mr. and Mrs. Mowdy, living on E. Truslow avenue. His companions, Ross, 15-year-old son of Mr. and Mrs. Crook, living on West Walnut avenue, and Clare, 15-year-old son of Mr. and Mrs. Cotter, living on South Spadra avenue, caught a freight train at Richfield Monday night and were bound in the direction of Riverside.

When young Crook started to school Monday morning his parents gave him $2 with which to buy groceries. Reynard Mowdy, the police say, had about $4, and young Cotter had $5, which his parents had given him to pay a gas bill. None of the bills was paid, according to the police and at morning recess at school the boys disappeared.

Police all over Southern California have been asked to be on the lookout for them.

ROAD QUESTION.

The city of Fullerton, the Board of Trustees and the City Clerk were made defendants in a petition for a writ of mandate filed today in the Superior Court at Santa Ana.

The action, instituted by Mrs. Flora J. Starbuck, wife of William Starbuck, grew out of opposition to a road which the city planned to open and which would be constructed in proximity to the Starbuck property.

The petition seeks to compel the reconsideration of the proposed road opening by the board and in the event that the board continues with the opening, to submit the question to the voters of the city.

Santa Fe Boosts Pay of Mechanics at San Bernardino and Other Places Two Cents an Hour—Increase not a General Order Says Official Here.

An increase of 2 cents an hour in the pay of more than 1000 mechanics employed in the Santa Fe shops at San Bernardino was made yesterday, according to officials of the railroad in that city. The shops are working on a schedule of fifty-five hours a week, with overtime to complete the work on a large order for locomotives to handle the increased business of the company.

Assistant General Manager Brewer in this city last night denied that the wage increase is general over all of the Santa Fe lines. He said it will be effective in several places, but will not apply to all mechanics in the employ of the Santa Fe. The company's disbursements in the payment of employees yesterday and on March 31 in San Bernardino will amount to approximately $190,000.

QUESTION OF SALARY.

[LOCAL CORRESPONDENCE.]

HERMOSA BEACH, March 15.—A petition signed by over 100 names of property owners of this city was presented last night at the meeting of the Board of Trustees, requesting that body to place the matter of salary for the Trustees on the ballot at the April 10 election. The board voted unanimously to do this. As an ordinance to this effect had already been prepared by City Attorney Phelps, the question having been before the board at a previous meeting, the resolution was adopted.

PLAN FLOWER SHOW.

Success of Alhambra Display of Posies Assured.

[LOCAL CORRESPONDENCE.]

ALHAMBRA, March 15.—The Alhambra Board of Commissioners has made an appropriation which assures the success of the annual flower show to be held in the Woman's Clubhouse April 12-14. The show will be given under the auspices of the Wednesday Afternoon Club, and it has the support of the Alhambra Chamber of Commerce and other civic and social organizations.

Mrs. Florence Graham is chairman of the Executive Committee of the club, which will manage the show. Local nurserymen are co-operating with the women. Prizes will be given for the best flower displays. The entertainment features will include a flower dance by a popular daughter of one of the club members, music, cabaret and vaudeville.

The California Rose Company has begun developing a fifteen-acre rose ranch west of Wilson avenue, on the Ocean-to-Ocean highway. Angeleno Speaker Tells San Gabriel Valley Chambers of Commerce that City is Vitally Interested in Prosperity of Its Environs.

[LOCAL CORRESPONDENCE.]

COVINA, March 15.—President John S. Mitchell of the Los Angeles Chamber of Commerce held 165 banqueters at attention with shrewd logic and humorous stories at the meeting of the Associated Chambers of Commerce of the San Gabriel Valley, held in the Covina Methodist Church last night.

This big Los Angeles business man assured the representatives of fourteen towns and cities of the San Gabriel Valley that the Los Angeles Chamber of Commerce is as vitally interested in the welfare of the back country as in the city itself; for, as the speaker realized, it was the country of Southern California that made the prosperity of Los Angeles possible. He spoke very emphatically in favor of a method of storm control that would remove the annual menace from the San Gabriel Valley.

Other speakers were Supervisors Pridham, Woodley, Norton and Hinshaw, Attorney Graham of Whittier, Senator Prescott F. Cogswell of El Monte and ex-Mayor Charles H. Windham of Long Beach. The affair was presided over by President H. J. Evans of Monrovia, and the address of welcome was delivered by J. L. Matthews of Covina.

The feature that produced the real and genuine thrill of the evening was the singing of Ellen Beach Yaw, the prima donna soprano, whose home is in Covina. While the audience was liberal with the many speakers, the demonstration accorded Miss Yaw was a spontaneous outburst of affection and appreciation.

LANDMARK BURNS DOWN.

[LOCAL CORRESPONDENCE.]

TAFT, March 14.—The old Eagle Theater, dance-hall and rooming-house, remains of the pioneer days of the oil fields, were completely wiped out by fire at 3 o'clock this morning at a loss of $5000. The property was located on what was known as Whisky row, at Boust City, adjoining this city. The buildings belonged to E. J. Boust, who died a few months ago, and were landmarks of the neighborhood. They have been closed for more than a year, excepting the rooming-house, whose inmates managed to get their personal belongings out before the fire reached it.

A Dozen "Dos" for Youths.

[Cleveland Press:] A dozen "Dos" for church-going folk have been prepared by the Rev. C. L. Peck of Cleveland.

Here are his "Dos" for young men:

Demand a strict account of little things in life.

Build your fortune in good manners.

Tact and common sense are the secret of a successful life.

Have grit and pluck.

Live within your means. Extravagance is the road to failure.

Make the goal of your life greater than wealth.

Seek first the kingdom of heaven and make a Christian life your foundation.

Be on time.

Always wear a smile in the house, office or factory. You must take your joy to heaven with you, for you will not find it there.

Be prepared for your job.

Have respect for honesty.

Discreet Disciplinarian.

[Judge:] "He is a perfect disciplinarian."

"Yep; never gives an order unless he is dead sure it will be obeyed."

Stocks and Bonds.

SPECULATORS IN CONTROL OF WALL STREET TRADING.

Public Interest Seems to Wane as Professionals Assume Command—Business is Brisk but Lacks the Breadth and Extent of Former Sessoins—War Issues, Rails and Metals All Show Moderate Gains.

[BY A. P. NIGHT WIRE.]

NEW YORK, March 15.—Speculation was a more pronounced feature of today's market, public interest, except in a few stocks, being again negligible. Trading was active, but lacked the breadth and extent of yesterday's session. Some specialties, notably Crucible Steel, Baldwin Locomotive and American Car, were under restraint, as were also such miscellaneous issues as the distillers group and a few of the more obscure shares among the rails. Bethlehem Steel, which sold minus its first quarterly dividend of 7½ per cent., registered an extreme loss of 24 at 517½ and United States Steel was under moderate but persistent pressure, though never yielding more than a fraction. Reading was the chief sustaining feature of the list, its rise of 2¾ to 89⅝ on very heavy trading during the forenoon being attended by rumors that it was being bought for Rockefeller interests. A concurrent rise of 8 points in Western Maryland gave plausibility to the rumor. Reading second, preferred, Lehigh Valley, New York Central, Canadian Pacific, St. Paul and some of the Eastern lines also manifested strength. Westinghouse and General Electric led the recognized munitions issues, some of which, however, denoted realizing. Motors and allied shares, particularly Goodrich, were appreciably higher and metals recovered from their recent lethargy, with gains of a point or better for Kennecott, Utah, Chino and Inspiration, while American Zinc rose 4 to 89. During the mid-session such relatively inactive stocks as United Fruit rose from 1 to 3 points. Sugars also came forward at irregular gains. Cuban American rising 21½ to the new high record of 235. In the final hour, when Standard shares were reflecting continued profit taking, Mexican Petroleum, Texas Company and American Smelting rose on an extensive absorption, Mexican making an extreme advance of 7¼ to 110. The tone at the close was irregular, with a fair sprinkling of moderate net losses. Total sales amounted to 912,000 shares. The bond market was again backward, with numerous large offerings of Anglo-French 5's at 94 to 95¼. Total sales, par value amounted to $3,150,000. United States bonds were unchanged on call.

IVANHOE ADVANCES ON LOCAL EXCHANGE.

ONCE-POPULAR STOCK AGAIN SHOWS ACTIVITY.

Big Jim and Boundary Cone Bring Firm Prices—Oil Shares Livelier. Increased Call for Home Telephone Securities—Citizens National in Demand—Option on Rice Ranch.

Ivanhoe furnished the excitement on the Los Angeles Stock Exchange yesterday, advancing over 2 points during the session after lying dormant for the past month. Opening at 22⅛, heavy call for the stock quickly shoved the price up to 24½, where it remained for some time, weakening at the close. Big Jim and Boundary Cone held firm at their advanced quotations, but the former had a tendency to decline as the meeting ended. Fessenden sold strong at 29 and sales were recorded in Gold Dust, Dome, Gilt Edge and United Western at practically unchanged figures. Oil stocks were more active, especially Associated which was in much better demand, with sales in New York at 71.00, and a high here of 69.25. Union was steady at 71.00, eand a considerabl quantity of Jade and National Pacific attracted the attention of buyers. The bank list was active for the first time in several days when 50 shares of Citizens National brought 246.00 off board. Home Telephone securities showed more life, 100 shares of the common stock selling informally, and the first mortgage bonds being in call at the higher quotation of 92 bid, 94¼ asked. It is reported that an option has been granted by the stockholders of the Rice Ranch Oil Company to sell the entire property of the company for $450,000. The option, it is stated, started yesterday, and is to run for a period of thirty days.

LOCAL PRODUCE MARKET.

Sugar prices are soaring. An advance of 25 cents a hundred pounds was incorporated in the quotations for all grades yesterday, and further advances are expected. This makes the present value for beet granulated $7.05 a hundredweight, and for standard cane and berry $7.25. Buying all over the country is on a hand to mouth basis, and although the market in New York has been rather dull during the past two weeks, the rise in prices was not a surprise to the trade in Los Angeles, inasmuch as the supply has been running far behind the demand. The foreign situation remains unchanged, and the announcement a week ago that Great Britain had arranged with the American to refine 50,000 tons of raw sugar, has had no appreciable effect on the New York market. Pacific Coast cane refiners have announced that beginning April 1, they will change the differential between cane granulated and other varieties as follows: The comparative price of high-grade bar sugar will be declined 10 cents. Powdered will be advanced 25 cents, Extra C and Golden C and Yellow D will be advanced 10 cents. Merchants who have low stocks of these varieties are placing their orders for delivery at the close of the month to save the differential.

Potatoes continue to advance in value and Lompocs and Salinas are now worth $2.50 a sack, with the extra fancy northern Burbanks bringing $2.10 a hundred. White beans are slightly stronger, and although there is some inferior stuff floating around the market at less than $7.00 a sack, really first-class stock is selling for $7.00, or better, in the case of Lady Washingtons. Northern strawberry rhubarb and asparagus are more plentiful and peas continue firm at 6 to 8 cents a pound. Almonds have been reduced half a cent a pound for all grades.

Trading was rather quiet on the Produce Exchange yesterday, 10 cubes of butter extras selling firm at 27 cents a pound and ranch eggs being in call at the higher price of 19½ cents a dozen. Receipts were 972 cases of eggs, 72,300 pounds of butter, 4500 pounds of cheese, 648 sacks of potatoes, 600 sacks of onions and 890 sacks of beans.

and Illinois Flood the with News of Winter- Crops—Advance Equals Two Cents—Corn and Oats Much Stronger.

[BY A. P. NIGHT WIRE.]

CAGO, March 15.—Serious crop reports from the winter States decided strength today to the market here. The outcome was a close, 1⅛ to 1¼@1⅜ net higher, May at 1.10¼@1.10⅜ and July at Corn gained ½@⅝ to ⅝ and to ⅝@1. Provisions finished ed to 7½ lower. Missouri and in particular flooded the wheat with dispatches telling of winter- damage. Corn rose on account of strength in wheat and as a result smallness of arrivals here. In the dominating influence was the of a big reduction soon in stocks. Provisions gave way

FLAXSEED MARKET SOMEWHAT EASIER.

[BY DIRECT WIRE—EXCLUSIVE DISPATCH.]

MINNEAPOLIS, March 15.—Flaxseed market easier on account of bearish Argentine advices. There was a good demand for the offerings. No 1 seed on spot sold at Duluth May price to 3 over; to arrive at 1 under to 3 over. Receipts, twenty-two cars; shipments, none; oil shipments, 342,544 pounds; oilmeal and cake, 716,132 pounds. Duluth—Flaxseed turned weak after having shown stagnation for several days. The break was brought about through weakness at Winnipeg and lower cables. The market rallied on good buying by crushers at the low spots. May flax closed 2½ off, and July 2½ off. Closing: Linseed, cash, 2.26½; May, 2.26½ asked; July, 2.26½ asked.

MARKET HELD STEADY BY BIG DOMESTIC CONSUMPTION.

Clearances are Over Thirty Thousand Bales with Spot Advices Bullish—Drouth is Becoming Serious in the Western Region—France to Prohibit Imports After May 1.

[BY DIRECT WIRE—EXCLUSIVE DISPATCH.]

NEW YORK BUREAU OF THE TIMES, March 15.—Realizing by longs was in progress the greater part of the day, and closing figures were slightly below that of yesterday's finals. In the forenoon the market was helped by the issuance of the domestic consumption figures for February, which the census bureau placed at 540,711 bales, exclusive of linters. These figures compared with 542,055 bales the previous month and 463,167 bales the same month last year. Total consumption for the season beginning August 1 and ending February 29 was 3,615,365 bales as against 3,054,256 bales last year. At the present ratio, if maintained the balance of the season, home consumption should approximate 7,100,000 bales, or about one million bales larger than last year. Clearances for the day were in appreciable volume, slightly exceeding 30,000 bales, while general spot advices were bullish. Drouth in the western region of the belt continues to militate against crop progress, but cannot be reckoned with as a serious factor yet. Pressure in the final dealings became more pronounced on the rumor that France has issued an edict prohibiting imports of cotton after May 1. The market has enjoyed a substantial upturn in the past two weeks, and a large portion of the short interest has consequently eliminated. Liverpool cables due 5 higher on March and May, 4 higher on July, and 5½ higher on October, came 2 lower than due on March, 2½ lower on May, and 1½ lower on July. Fair demand for spot cotton; prices unchanged, sales, 10,000; receipts, 10,200; American, 10,200; middlings, 7.86; futures opened steady.

PRICE OF SUGAR STEADILY ADVANCING.

[BY A. P. NIGHT WIRE.]

NEW YORK, March 15.—As a result of heavy buying, chiefly for foreign account, the price of raw sugar was advanced today to the highest level of the present upward movement. Cuban Centrifugal sold at 5.72@5.77, at which price about 400,000 barrels were sold to local refiners for April and May shipment. European operators purchased about 6000 tons in Cuba to be exchanged for a similar amount of granulated here. Exporters also bought about 12,000 tons of the raw product in this market at 5.89 to 5.90. It was said that some sales were made at 6 cents.

COUNCIL CALLS FOR ANOTHER DEAL.

NEW EXAMINATION IS ORDERED FOR STENOGRAPHERS.

Civil Service Commission Replies in Part to Request for Explanation—City Clerk Objects to the Proposed Solution of His Difficulties.

By resolution of the City Council yesterday the Civil Service Commission was instructed to call a new examination for the position of male stenographers here and to limit the examination to residents of the city of Los Angeles. This action was taken by the Council in accordance with its investigation of the recent actions of the Civil Service Commission in refusing a request from Mayor Sebastian that the residence restrictions be waived in the examination for executive secretary to the Mayor and then waiving all residence restrictions in the next examination, which happened to be for male stenographers. The Council asked the Civil Service Commission for an explanation of the inconsistency of its actions with reference to the Mayor's secretary examination and the stenographers' examination.

A reply was received yesterday from William Craig, president of the Civil Service Commission, in which he ignored the Council's reference to the Mayor's secretary examination and informed the Council that for the last three years the Civil Service Commission has invariably waived residence requirements in the case of male stenographers. "The reason for this action," Mr. Craig says, "is that it has been impossible to obtain a sufficient number of male stenographers on the eligible list without waiving the residence requirement."

The letter adds that salaries paid male stenographers in the city service are not high enough to attract a sufficient number of applicants and, although the residence requirement was waived at the time of the last examination last December, there is no one on the eligible list at the present time.

The action of the Council in "instructing" the Civil Service Commission to call a new examination is likely to bring up the question of jurisdiction, inasmuch as the charter, in defining the powers of the City Council, says this body may issue instructions to all appointive officers and commissions except the Civil Service Commission.

A possible solution of the long-standing controversy between the Civil Service Commission and City Clerk Wilde was offered yesterday by the commission through a suggestion that an ordinance be passed creating the position of "second deputy" in the City Clerk's office, and that this position be exempted from civil service by the commission and the Council in accordance with charter provisions. This, the Civil Service Commission says, would enable Mr. Wilde to appoint Ralph Walker to the position. Mr. Walker, who has had five years' experience with the county and three years with the city handling election and street work in the City Clerk's office, has been serving under an emergency appointment, and, according to City Clerk Wilde, because the Civil Service Commission has allowed only two points for experience in the examination and has denied his request that a part of the examination be oral instead of all written. Mr. Walker has not passed the civil service examination. The men certified to the City Clerk for appointment to the position, Mr. Wilde says, have had no experience in the special work whatever. The Council recently joined with City Clerk Wilde in requesting that the position of "assistant City Clerk" be exempted from civil service. The alternative suggested by the Civil Service Commission is not acceptable to City Clerk Wilde, he says, because it would place Mr. Walker ahead of David Carroll, deputy and acting clerk of the Council.

QUESTION IS RAISED. NUDE PICTURE ORDINANCE.

The question of the constitutionality of the "nude picture" ordinance passed by the Council last week will likely be brought up immediately with a view to obtaining an official opinion from the City Attorney on the question of whether the ordinance is discriminatory in its application only to theaters and places of amusement. The ordinance was signed by Mayor Sebastian last week and he approved it on the assumption that it had been referred to the legal department of the city and approved as to form and constitutionality. After he had signed the ordinance, however, Mayor Sebastian learned that the ordinance, which makes it illegal to exhibit any picture or representation of the nude in a theater lobby, had never officially been referred to the City Attorney, despite the fact that its constitutionality has been seriously questioned.

In signing the ordinance the Mayor said he acted on the belief that of course it had been approved in the regular manner, and upon learning that such was not the case and that the City Attorney has informally declared that he believes the ordinance is unconstitutional, there arose the probability that in case the official opinion is rendered to that effect the Mayor will suggest that the Council reconsider its action in passing the ordinance. In case this is not done the Mayor will urge that the ordinance be tested in court as soon as it shall go in effect.

ORDINANCE READY. TO ABOLISH CENSORS.

The proposed ordinance abolishing the board of motion picture censors and naming a single commissioner will come before the Public Welfare Committee for public hearing again next Monday morning after the Council adjourns and, if the plans of the committee are carried out, this will be the final hearing on the subject and the ordinance will come up for introduction and passage Tuesday morning. It is likely, however, that it will go over for one week and come up for final passage on the following Tuesday.

Chairman Mrs. Lindsey and Councilmen Conwell and Topham conferred with the City Attorney yesterday on the final draft of the ordinance and it will come back to the committee in all essentials the same as approved two weeks ago.

Inasmuch as the ordinance carries an appropriation, it will require 6 votes for its passage and Mrs. Lindsey believes these votes will be forthcoming. Those already on record as favoring the plan of the ordinance or willing to support it as a compromise include Councilmen Brain, Wheeler and Wright, with the three members of the committee recommending the ordinance. Councilman Langdon has not yet announced his stand on the ordinance and it will probably be opposed by President Betkouski and Councilman Roberts.

The salary of the film commissioner is not fixed in the present draft of the ordinance and the question of whether it comes under civil service. The charter provides that all members of commissions shall be exempt and the ordinance provides that the commissioner shall be appointed by the Mayor, subject to confirmation by the Council.

AN APPEAL FOR BLIND CHILDREN.

Among Mayor Sebastian's callers yesterday was a twenty months' old blind baby, accompanied by a nurse and representatives of the International Sunshine Society, who sought the Mayor's aid in a movement looking toward the enactment of legislation in California to provide care and education for blind infants. Fern Elsoia Tolley, State organizer for California; Mrs. Cynthia Westover Alden, founder of the society; Mrs. Charles de Mund, State president, were included in the party. Mayor Sebastian told the women that he will be glad to co-operate with them in their efforts to bring about the needed legislation.

Mrs. Alden told the Mayor that she was sent to Los Angeles by Gov. Hunt of Arizona to get a blind baby to be taken to the society's home in New York City. She said that while speaking to the Wednesday Morning Club yesterday, another blind baby was placed in her arms at the meeting. She wants to take this infant to New York with her other charge, but must raise $450 to pay the child's tuition expense in the Home until she is 8 years of age.

MAPS ARE ORDERED. COUNCIL WANTS RECORDS.

After further discussion before the Council yesterday, City Assessor Mallard was again instructed to have a set of maps prepared showing the results of the work of the joint bureau of appraisals in the appraisement of all city property. The City Assessor contended that the Council has failed to designate what figures shall be placed on the maps. Councilwoman Lindsey asserted that "either the Council cannot use the English language or Mr. Mallard cannot understand it," and the innocent bystanders concluded that the statement was right both ways. The maps will be prepared and they will be marked with valuations determined by the joint bureau and, wherever these values are arbitrarily changed by the City Assessor and the County Assessor, these figures will be noted also. In any event, the Council insists, there shall be preserved a record of the work done by the joint bureau at a cost of about $100,000 to the city and county.

For Harbor Bonds.

The question of submitting another bond proposition for the municipal harbor will be discussed by the Harbor Commission within the next few days, and President Woodman will prepare a tentative statement showing how he believes additional bond money should be expended. At the time San Pedro and Wilmington were annexed the city pledged itself to issue $10,000,000 in bonds for harbor improvements. To date there have been $5,500,000 issued, leaving $4,500,000 still pledged. It is understood that the question of a $1,500,000 issue this year will be broached by the Harbor Chambers of Commerce and considered by the Harbor Commission with a view to deciding whether or not the question shall be submitted at the charter election next June.

Money in the Dumps.

The city of Los Angeles will receive $286 a month hereafter from the Los Angeles Foundry Company for the privilege of combing the city dump heaps and picking out the tin cans, scrap metal, old bottles and jewelry therein. About one year ago the city called for bids and it received $100 a month for the privilege. The same contractor bid $210 this year, but the successful bidder went $76 a month higher.

A Deputy Defender.

The Council adopted an ordinance yesterday authorizing the appointment of a deputy City Police Court defender to serve without compensation from the city. The place will be filled by Mrs. J. R. Barton, who will work with the Women's Court Committee from the local women's clubs.

Monthly Luncheon.

Members of the City Council and other city officials and heads of departments will meet at the Broadway Department Store Men's Grill at 12:15 o'clock today for their regular monthly luncheon and discussion of city affairs. President Martin Betkouski of the City Council will be chairman for the meeting.

CHANGE OF FEED.

Hog Ranchers of County Warned Against Use of Garbage.

County Health Officer Pomeroy informed the Board of Supervisors Tuesday morning he had warned a number of hog ranchers against feeding their stock garbage. He stated that it was impossible to break up the practice in a day or two, or possibly even in a week, because it is necessary to give them time to secure a change of diet.

Charges will be filed against ranchers who fail to comply with the order.

Supervisor Norton stated he considered the present ordinance very drastic and it might be modified to some extent, permitting the feeding of cooked garbage. Supervisor Hinshaw replied a half-way measure of that sort would require a corps of assistant health inspectors to enforce.

BURGLAR GETS JEWELRY.

CLEARS MYSTERY OF BARBER SHOP FIRE.

BOY RETURNS TO CONFESSION OF ATTEMPTED ARSON.

Statement of Sensational Threat of Penitentiary Sentence if He Departed from Earlier Story Sent by Juvenile Court Judge to District Attorney for Investigation.

Last week Joe Montana would not testify against his mother at her preliminary hearing, on a charge of burning her husband's Aliso-street barber shop. In the District Attorney's office he is alleged to have implicated her. In the Juvenile Court yesterday the boy made a clean breast of the baffling affair. He said he fired the shop, and told in detail how he prepared for it. He gave as his reason that the rent was due and there was no money with which to pay.

Joe told Judge Reeve that he filled an old couch with material that would burn easily. Beneath the couch he piled paper, placing in the midst of it a lighted candle. Near by he laid a bottle of gasoline, insuring an explosion after the candle had burned down and lighted the paper.

The boy also told Judge Reeve, the latter states, that he was informed he would be sent to the penitentiary if he did not stick to the story he told in Justice Summerfield's court. He admitted he had not told the truth in the Juvenile Court several days ago. After calling for the person who had made the statement to Joe, with reference to the penitentiary, Judge Reeve questions him closely, ordering a transcript of the testimony sent to the District Attorney's office, and continued the case, awaiting the probable action of the District Attorney.

The alleged confession clears up the mystery. Because his previous stories had conflicted, he was turned over to Dr. Hoag, the Juvenile Court physician, for examination. Then he was ordered into court, with the results stated.

WIFE HOMESICK. DECREE FOR DESERTION.

Mrs. Margaret Buchanan did not care to see the beautiful stores; she did not enthuse over the beautiful climate. She just pined for Denver, and one day she went back to that city, leaving her husband, J. A. Buchanan, and their son, Floyd, 12 years old, in Los Angeles. She did not return, and Mr. Buchanan brought suit for divorce, alleging desertion.

He won his case yesterday before Judge Zook on the testimony of Mrs. Sophie Matter, at whose house they resided.

"Mrs. Buchanan was homesick," said Mrs. Matter. "I thought I would take her mind off of Denver by showing her the beautiful stores downtown, but she would not go; they did not interest her. So about January 27, 1914, she went away."

Mrs. Buchanan's heart, however, yearned for her boy. She wrote him a letter dated Goodland, Neb., August 26, 1915, imploring him to "write to mamma and tell me all about your little self. Do you love mamma just a little? Baby boy, please write just as soon as you get this."

Not a word did the letter say of Mr. Buchanan. Its receipt was the first clew, he said, of her whereabouts since she left home.

The decree was granted, and the father awarded custody of the boy. The couple were married in Nebraska June 9, 1902. They subsequently moved from Denver to Los Angeles, where Mr. Buchanan obtained a good position. Mrs. Buchanan stayed here about a month.

ODORS ANNOY. DAMAGES AWARDED.

The Mission Fixture Company leased a storeroom in the building owned by Mrs. Carrie M. Hicks, No. 1100 South Main street. Subsequently the adjoining storeroom was rented to Rethels & Pateles, Greeks, who opened a restaurant. All would have been well if the fumes of cooking vegetables, soup and meats had not penetrated to the Mission company's store.

An action was brought by the company to abate the alleged nuisance, and for damages, the defendants including the landlady, on the theory that she was responsible for the manner in which the restaurant was conducted. The trial before Judge Taft yesterday resulted in judgment for Mrs. Hicks, the court holding that she was not responsible. Judgment for $1000 was given against Rethels & Pateles, who defaulted, having, it seems, given up the restaurant.

ONE TO IONE. SAN QUENTIN FOR OTHER.

Edward Baxter, who, with Walter Christ, was captured and held on a charge of stealing an automobile belonging to E. C. Shriner, was saved from a long sentence in the penitentiary by the confession of his associate, to being instigator of the crime. Baxter was sentenced to the Preston School of Industry at Ione until he reaches his majority, while Christ was given eight years in San Quentin. Judge McCormick refused to consider Baxter's plea for probation, assuring him that he was getting off very lightly, in the circumstances.

CALL SECT NOISY.

Citizens Lodge Protest with City Trustees; Marshal to Act.

[LOCAL CORRESPONDENCE.]

SANTA ANA, March 15.—Residents in the vicinity of Spurgeon street between Second and Third streets have made complaint against the alleged noisy conduct of a sect that is holding meetings in that neighborhood.

"I don't know anything about their creed, but they make lots of noise and they make noise any time of the night that the spirit hits them," said J. T. Kinslow to the City Trustees.

The marshal was instructed to "abate the nuisance."

POPULAR STUDENT DIES.

[LOCAL CORRESPONDENCE.]

MENTONE, March 15.—Miss Marjory Hoffman, 18-year-old daughter of Mr. and Mrs. Henry Hoffman and one of the most popular girls in the University of Redlands, died at the home near here last night after an illness of several weeks. Death was due to spinal trouble. Miss Hoffman was sorority girl and active in all the social affairs of the university.

To the Point.

NATION MUST FULFILL DUTY.

Can't Escape its Part in World Affairs, Says Garfield.

Years of Warning Unheeded by Money-makers.

Draws Lesson from Villa's Raid on Columbus.

Declaring the United States unprepared today to resist another such attack as horrified the country when Columbus, N. M., was raided by Villistas, and stating that until the present American idea of making money at the expense of national honor was changed such a condition would continue, James R. Garfield, Secretary of the Interior during the administration of President Roosevelt, electrified the members of the Municipal League last night with a few cold facts. The meeting was ostensibly a monthly dinner of the league, held at Christopher's, but by the time Mr. Garfield and ex-Mayor Rudolph Blankenburg of Philadelphia had finished speaking the gathering had developed into a preparedness rally, with everybody for preparedness.

"If we, as a nation, are to fulfill our duty as a nation, we should study and act upon national questions much as we do municipal ones," Mr. Garfield said, "and all our thoughts should be to the future.

"If this nation is to hold its position, it must be ready to fight and ready at all times to maintain the rights of its citizens. I am not a brawler, and do not mean we should become a military nation, with an overwhelming standing army, but if we are in a quarrel, we must be ready to handle ourselves to the best advantage.

"Now is the time in the history of our nation when clear thinking is most needed. We cannot sit tight during the great European conflict, with a self-satisfaction that we are not a part of it. We might have done this a hundred years ago. But today human life is so woven together that we of the United States are a part of that great struggle. We are directly interested, and we have our own individual problems to work out as a result of this war.

"Successful municipalities strive for clean political life. We must have clean political life in the nation, or we fall.

NOT PAST FIGHTING STAGE.

"Mankind is not past the fighting stage. We have not reached the point where we can with safety refuse to prepare. We ought to be ready at any time to defend ourselves against unjust attack, and if necessary to right an injustice by an offensive movement.

"I have neither time nor inclination to discuss the present Mexican situation. But I will say that we are not prepared today to prevent an attack such as occurred at Columbus tomorrow, if it should come again. And yet we have had years of warning. People are asking Congress today to accomplish immediately what should have been started long ago. It is said nine-tenths of wisdom is being wise in time.

"It is worse than idle to preach the doctrine that men will not fight. Before many years have passed I believe universal military service will have been started in this country, so that men will know what to do should an occasion arise. For I tell you, what the 100 Villa bandits did is nothing compared to what would happen to us if a first-class power saw fit to attack us.

"We have fostered a spirit in this country which in words is: 'Let us make money if we can only avoid war.' This spirit means destruction. For it means we will permit anyone to do anything to us as long as we can make money without fighting. We are striving to change this spirit in the Middle West, and you should try to do so in your city. For after all, the problems of our nation are only the exaggerated problems of the municipalities."

WOULD SHOULDER MUSKET.

Ex-Mayor Blankenburg, who followed Mr. Garfield, was so carried away with the sentiments expressed by his fellow-speaker, that he immediately confessed that while he had come prepared to talk about municipalities, he felt called upon to continue Mr. Garfield's train of thought.

The 73-year-old Mayor became so engrossed in his subject that it was easy for one to see how he had earned the affectionate sobriquet of "Old Dutch Cleanser" from the citizens of his home city, whom he delivered from the clutches of the grafters.

"I was prepared when I was a boy," he declared. "I was taught to shoot and march and camp. I am 73 years old today, but if any nation, no matter from the east or west, should attack this country, I would shoulder a musket and use this training. And every American, no matter where he was born, should do the same.

"The destinies of the human race will be molded in the western hemisphere. And we should be prepared not only to protect ourselves but to also protect the republics in the south.

"Good government can only be strong when it rests on good municipal government. You must strive to make your city government strong. But a successful municipal government must eliminate national politics. You have wonderful opportunities here, for Los Angeles is the city of the future."

Various chairmen of committees reported at the meeting last night, and much progress was indicated in the affairs of the league.

NEW SEWERAGE PLANS.

Hermosa Beach to Inaugurate System Unique in Many Ways.

[LOCAL CORRESPONDENCE.]

HERMOSA BEACH, March 15.—The proposed new sewer system, if adopted, will be the only one of its kind to be tried anywhere in the United States. Plans are rapidly developing to start work on the new sewer at an early date under the direction of City Engineer Sumner, who has been negotiating for the past three months with Dr. Hilscher and Dr. Gillispie of the State Board of Health.

The present site for the disposal plant is thirty-five feet above low water and its rims touch the corners of Loma drive at Tenth street, at an elevation of sixty-nine feet above water. Over this place trees and shrubbery for a city park will be planted. The depth of the bottom will allow sewage to run by gravity from the largest area of the city.

The depth also makes it possible to place the tanks so that the sewage will not have to be raised by pumping. The site is also near to the pump site, so that it has the shortest force main.
